Exchange of Property, Lafayette Square.

Resolution No. ———— (New Series), as follows:

Whereas, the Board of Park Commissioners of the City and County of San Francisco, at its meeting duly held on the 9th day of February, 1928, passed a resolution for the purpose of exchanging the easterly portion of what would be Clay street if extended into Lafayette Square, for an equivalent area of the westerly portion of the lots held in private ownership by Title Insurance & Guaranty Company, and the dedication of said area acquired by the City in exchange as a part of Lafayette Square; and

Whereas, this Board has heretofore moved that said exchange be completed; and

Whereas, said exchange is for the best interests of the City and County of San Francisco and the people thereof, and is a direct benefit to Lafayette Square; therefore, be it

Resolved, That the following described real property:

(a) Commencing at a point on the southerly line of Clay street if extended westerly, distant thereon 325 feet westerly from the westerly line of Gough street, running thence westerly along said southerly line of Clay street 87 feet 6 inches; thence at a right angle southerly 127 feet 8¼ inches; thence at a right angle easterly 87 feet 6 inches, and thence at a right angle northerly 127 feet 8¼ inches to the point of commencement.

(b) Commencing at a point on the northerly line of Clay street if extended westerly, distant thereon 325 feet westerly from the westerly line of Gough street, running thence westerly along said line of Clay street 87 feet 6 inches; thence at a right angle northerly 127 feet 8¼ inches; thence at a right angle easterly 87 feet 6 inches, and thence at a right angle southerly 127 feet 8¼ inches to the point of commencement;

be exchanged for the following described real property:

Commencing at the point of intersection of the southerly line of Clay street (if extended westerly) and the westerly line of Gough street, running thence northerly along said line of Gough street 68 feet 9 inches to the northerly line of Clay street (if extended westerly);

thence at a right angle westerly along the northerly line of Clay street (if extended) 324 feet 11½ inches; thence at a right angle southerly 68 feet 9 inches to the southerly line of Clay street (if extended); thence at a right angle easterly along said line of Clay street (if extended) 324 feet 11½ inches to the point of commencement.

And that the Mayor of the City and County of San Francisco execute, acknowledge and deliver a deed for the conveyance of said property now held or owned by the City and County of San Francisco to Title Insurance & Guaranty Company.

Allowances for Extras on Public Contracts.

Bill No. 8890, Ordinance No. ———— (New Series), as follows:

Regulating the entering into contracts by the Board of Public Works for public improvements in or for the City and County of San Francisco, and providing for the allowance for extra work done under said contracts in addition to the contract price thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That all contracts entered into by the Board of Public Works of the City and County of San Francisco for the improvement or construction of any street, lane, roadway or alley, or for the construction of any work or improvement incident thereto, or for the construction or erection of any other public improvement in or for the City and County of San Francisco, shall be entered into in conformity with the provisions of Chapter I of Article VI of the Charter, and no contract or agreement for the doing or performing of any of said work shall provide for the payment of a contract price in excess of the appropriation made for the doing of said work by the Board of Supervisors prior to the entering into of said contract.

Section 2. No amounts over and above the contract price specified in any of said contracts entered into by the said Board of Public Works, when the entire contract price is specified therein, and no amounts exceeding the appropriation made for the doing of the work under said contract where the contract price is payable on the basis of unit prices, shall be paid out or expended by the Board of Public Works to any contractor under any contract for extra or additional work or materials on the work to be done under said contract unless the proper appropriation be made therefor by the Board of Supervisors before said extra or additional work or materials are ordered or permitted by said Board of Public Works. Provided, however, that in all cases where said extra or additional work or materials shall exceed ten per cent of the amount of the contract price under any contract where the entire contract price is specified therein, or ten per cent of the amount appropriated for the doing of said work, where the contract price is payable on a unit price basis, a new contract shall be entered into by the said Board of Public Works for said extra or additional work or materials, which said contract shall be entered into in accordance with and shall be subject to all of the provisions of said Chapter I of Article VI of the Charter.

Section 3. This ordinance shall be effective immediately upon its passage.

Authorizing the Mayor to Execute an Agreement With Gough Street Railroad and Market Street Railway Company for Closing Portions of Sloat Boulevard and Junipero Serra Boulevard and Exchange of Land.

Also, Bill No. 8904, Ordinance No. 8403 (New Series), as follows:

Authorizing and directing the Mayor in the name and on behalf of the City and County of San Francisco to execute an agreement with Gough Street Railroad Company and Market Street Railway Company for the closing of portions of Sloat boulevard and Junipero Serra boulevard and exchanging the same for land required for said boulevards, and the payment of damages for relocation of the tracks of the railroad companies mentioned above.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Mayor is hereby authorized and directed to execute in the name and on behalf of the City and County of San Francisco an agreement with Gough Street Railroad Company, a corporation, and Market Street Railway Company, a corporation, providing for the closing and exchanging of street properties and payment of damages as per the following terms:

"This agreement, made and entered into this 31st day of January, one thousand nine hundred and twenty-nine, by and between Gough Street Railroad Company, a corporation organized and existing under and by virtue of the laws of the State of California, whose principal place of business is in the City and County of San Francisco, State of California, the party of the first part, Market Street Railway Company, a corporation similarly organized and existing, the party of the second part, and City and County of San Francisco, a municipal corporation, the party of the third part, witnesseth:

Whereas, the City and County of San Francisco, a municipal corporation, is now engaged in the widening of Sloat and Junipero Serra

boulevards, between Nineteenth avenue and Ocean avenue, in the City and County of San Francisco; and

Whereas, the Gough Street Railroad Company is now owner in fee simple of certain lands adjacent to Sloat and Junipero Serra boulevards necessary for the carrying out of said plan of said City and County of San Francisco, and the City and County of San Francisco has requested Gough Street Railroad Company to exchange the said land for a parcel of land located in the center of Sloat and Junipero Serra boulevards as widened; and

Whereas, the Market Street Railway Company is operating a railroad over said land owned by Gough Street Railroad Company under agreement with said Gough Street Railroad Company, and has been requested by said City and County of San Francisco to consent to the sale of said land by said Gough Street Railroad Company to said City and County of San Francisco upon the terms and conditions in this agreement hereinafter stated;

Now, therefore, in consideration of the mutual covenants herein contained and of the conformance thereto by each of the parties hereto, the said parties mutually promise and agree as follows:

First: That the party of the first part will convey to the party of the third part, free and clear of all liens and encumbrances, all of the following described real property situate in the City and County of San Francisco, State of California, and more particularly described as follows, to-wit:

Parcel No. 1—Beginning at a point on the easterly line of Nineteenth avenue (which is assumed to bear north 3 degrees 08 minutes 45 seconds west), said point being north 3 degrees 08 minutes 45 seconds west 50.01 feet, more or less, from the intersection of said easterly line of Nineteenth avenue with the southerly line of Sloat boulevard; thence on a line parallel with and 50 feet northerly from the southerly line of Sloat boulevard north 88 degrees 06 minutes 25 seconds east 691.99 feet, more or less, to the point of curve of a curve to the right with a radius of 304.44 feet; thence easterly along said curve a distance of 216.99 feet; thence north 47 degrees 16 minutes 25 seconds east 35.23 feet, more or less; thence westerly along the arc of a curve to the left with a radius of 336.44 feet a distance of 247.06 feet to the tangent point of said curve, said tangent point being 85 feet northerly from and at right angle to the southerly line of Sloat boulevard; thence on a line parallel with and 85 feet northerly from the southerly line of Sloat boulevard south 88 degrees 06 minutes 25 seconds west 692.76 feet, more or less, to the easterly line of Nineteenth avenue; thence southerly along said easterly line of Nineteenth avenue south 3 degrees 08 minutes 45 seconds east 35.01 feet to the point of beginning; being the parcel of land marked "Parcel 1" on the drawing of the Market Street Railway Company, Engineering Department, No. 5544, hereto annexed, marked "Exhibit A" and made a part hereof; and, also,

Parcel No. 2—Beginning at a point on the westerly line of Junipero Serra boulevard (formerly Corbett avenue), said point being 155.92 feet northerly from the intersection of the center line of Ocean avenue with the westerly line of Junipero Serra boulevard (formerly Corbett avenue), measured along the westerly line of Junipero Serra boulevard (formerly Corbett avenue); thence along the westerly line of Junipero Serra boulevard (formerly Corbett avenue) north 2 degrees 29 minutes east 885.79 feet, more or less, to the point of curve of a curve to the left with a radius of 336.44 feet; thence northerly along said curve a distance of 207.07 feet; thence south 47 degrees 16 minutes 26 seconds west 35.60 feet; thence southerly along the arc of a curve to the right with a radius of 301.44 feet a distance of 179.34 feet to the tangent point of said curve, said tangent point being 35 feet westerly from and at right angle to the westerly line of Junipero Serra boulevard (formerly Corbett avenue); thence south 2 degrees 29 minutes west 925.48 feet, more or less; thence north 43 degrees 39 minutes east 53.17 feet to the point of beginning; being the parcel of land marked "Parcel 2"

on the drawing of the Market Street Railway Company, Engineering Department, No. 5544, hereto annexed, marked "Exhibit A" and made a part hereof.

Second: That in consideration of said covenants to it by the said party of the first part, the party of the third part agrees to forthwith dedicate all of said property so acquired from the said party of the first part as a part of a public street, to-wit, Sloat and Junipero Serra boulevards, in the City and County of San Francisco, State of California.

Third: As a further consideration for said conveyance the party of the third part agrees to immediately commence and complete proceedings for the closing of the following described portions of Sloat and Junipero Serra boulevards in said City and County, to-wit:

Parcel A—Beginning at a point on the easterly line of Nineteenth avenue, distant thereon 50.012 feet northerly from the southerly line of Sloat boulevard, said point being on the southerly line of the Market Street Railway Company's right-of-way, and running thence northerly along said easterly line 35.008 feet to the northerly line of said right-of-way; thence deflecting to the right 91 degrees 14 minutes 40 seconds and running easterly along said northerly line and the easterly prolongation thereof 795.112 feet; thence easterly and southeasterly along a curve to the right tangent to the preceding course, having a radius of 195 feet and a central angle of 24 degrees 13 minutes 15 seconds a distance of 82.433 feet; thence southwesterly along the radial line to the preceding curve 35 feet; thence northwesterly and westerly along a curve to the left concentric with the second preceding course, having a radius of 160 feet and a central angle of 24 degrees 13 minutes 15 seconds a distance of 67.638 feet to a point which is distant 35 feet southerly at right angles from the second course of this description; thence westerly tangent to the curve of the preceding course and parallel with the aforementioned second course a distance of 794.352 feet to the easterly line of Nineteenth avenue and the point of beginning; being the parcel of land marked "Parcel A" on the drawing of the Market Street Railway Company, Engineering Department, No. 5544, hereto annexed, marked "Exhibit A" and made a part hereof; and, also,

Parcel B—Beginning at the point of intersection of the easterly line of Junipero Serra boulevard and the southwesterly line of Ocean avenue, and running thence northwesterly along said southwesterly line 70.151 feet to the center line of the proposed Junipero Serra boulevard; thence deflecting to the right 62 degrees 59 minutes 30 seconds and running northerly along said center line 120 feet to the true point of beginning; thence continuing northerly along said center line 1074.20 feet; thence northerly along a curve to the left tangent to the preceding course, having a radius of 161.25 feet and a central angle of 11 degrees 23 minutes 31 seconds a distance of 32.061 feet; thence deflecting to the right 101 degrees 23 minutes 31 seconds from the tangent to the curve of the preceding course and running easterly 33.133 feet; thence southerly along a curve to the right tangent to a line deflected to the right 80 degrees 32 minutes 18 seconds from the preceding course, having a radius of 193.75 feet and a central angle of 9 degrees 27 minutes 42 seconds a distance of 31.995 feet to its point of tangency with a line drawn parallel with and distant 32.5 feet at right angles easterly from the aforementioned center line; thence southerly along said line so drawn 1074.20 feet; thence at right angles westerly 32.50 feet to the true point of beginning; being the parcel of land marked "Parcel B" on the drawing of the Market Street Railway Company, Engineering Department, No. 5544, hereto annexed, marked "Exhibit A" and made a part hereof.

And upon completion of said proceedings for the closing of said above described portions of Sloat and Junipero Serra boulevards as a public street, to convey the property so closed as a public street to the party of the first part in fee simple absolute.

Fourth: Market Street Railway Company hereby consents to the transfer of said land to the City and County of San Francisco, free and clear of its easement over said land.

Fifth: State and City and County taxes, if any, for the fiscal year 1928-1929 on Parcels One and Two hereinabove described shall be paid by the party of the first part. The expenses incidental to the examination of titles shall be paid by the party of the third part, as well as all expenses connected with the closing of Sloat and Junipero Serra boulevards hereinabove described.

Sixth: The party of the third part agrees to excavate the parcels of land herein agreed to be conveyed to the party of the first part and described as Parcels A and B to a grade suitable for the relocation of the tracks of the street railway of the party of the first part, construct coping on both sides of said parcels of land on Junipero Serra boulevard, furnish ballast for the tracks so relocated, and excavate at its own cost and expense the parcels of land herein agreed to be conveyed to the party of the third part by the party of the first part and described as Parcels 1 and 2 to the top of the present existing ties of the street railway of the party of the first part now existing in said parcels of land so as to facilitate the removal of its tracks and ties by the party of the first part, and, in addition thereto, the party of the third part agrees to furnish and install all necessary special work and to pay to the party of the second part, who will do such work, and forthwith upon the completion of the work, the sum of thirteen thousand five hundred dollars ($13,500.00), being the cost heretofore agreed upon by first and third parties of relocating the street car tracks located in the first abovementioned parcels.

In witness whereof, the parties of the first and second parts, by resolution of their, and each of their, Boards of Directors, have caused these presents to be executed by their, and each of their, presidents, and their, and each of their, corporate seals to be affixed hereto, and said party of the third part has caused these presents to be duly executed by its Mayor first hereunto duly authorized and its corporate seal to be affixed and duly attested by the Clerk of its Board of Supervisors, all as of the day and year first hereinabove written.

Closing and Abandoning a Portion of Whipple Avenue.

Also, Resolution No. 30703 (New Series), as follows:

Closing and abandoning all of that portion of Whipple avenue as hereinafter described.

Whereas, this Board has, by Resolution No. 30431 (New Series), declared its intention to close and abandon all of that portion of Whipple avenue situated in the City and County of San Francisco and hereinafter more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandonment of all that portion of Whipple avenue was duly given by the Board of Public Works of said City and County of San Francisco by publication and posting in the manner provided by the Charter of the City and County of San Francisco; and

Whereas, more than ten days have elapsed after the expiration of time of publication of said notice; and

Whereas, no objection or objections to said closing and abandonment of all of that portion of Whipple avenue as hereinafter described was or were made or delivered to the Clerk of this Board within said period of ten days, or at all; and

Whereas, it is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of all of that portion of Whipple avenue; and

Whereas, in and by said Resolution No. 30431 (New Series) this Board did declare that the damages, costs and expenses of closing said portion of Whipple avenue are nominal and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof, the Board of Supervisors hereby declares and determines that the whole damage, cost and expense of closing said portion of Whipple avenue shall be paid out of the revenues of the City and County of San Francisco; therefore be it

Resolved, That said closing and abandonment of all of said portion of Whipple avenue be and the same is hereby ordered and that the said portion of Whipple avenue be and the same is hereby closed and abandoned as a public street.

The said portion of Whipple avenue hereinabove referred to is more particularly described as follows, to-wit:

Beginning at the intersection of the southwesterly line of Whipple avenue and the northwesterly line of Huron avenue; thence northwesterly along said line of Whipple avenue 393.604 feet to a point on the proposed southeasterly line of Alemany boulevard, distant southeasterly along the southwesterly line of Whipple avenue 80.396 feet from the southeasterly line of Winnipeg avenue; thence northeasterly along a curve to the right whose tangent deflects 95 degrees 55 minutes 08 seconds to the right from the preceding course, radius 1950 feet, central angle 1 degree 46 minutes 32 seconds, a distance of 60.429 feet, to a point on the northeasterly line of Whipple avenue, distant southeasterly thereon 87.557 feet from the southeasterly line of Winnipeg avenue; thence deflecting 82 degrees 18 minutes 20 seconds to the right from the tangent to the preceding curve, and running southeasterly along the northeasterly line of Whipple avenue 386.443 feet to the northwesterly line of Huron avenue; thence at right angles southwesterly along said line of Huron avenue, produced southwesterly, 60 feet to the southwesterly line of Whipple avenue and the point of beginning.

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law and the Charter of the City and County of San Francisco.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Market Street Subway Estimate.

Supervisor Shannon presented:

Resolution No. ———— (New Series), as follows:

Whereas, the present and the every day increasing congestion of pedestrian and vehicular traffic on Market street, the main artery leading into the business and commercial centers of our City, demands immediate attention; and

Whereas, it appears that a subway on and along the said thoroughfare is the most logical and modern means of relieving said traffic congestion; and

Whereas, the City Engineer has estimated that it will cost fifty thousand dollars to enable him to make a proper study in detail for the preparation of plans and specifications for the construction of such subway for submission to this Board; therefore, be it

Resolved, That the sum of fifty thousand dollars be appropriated and set aside in the coming annual budget, which sum is to be expended by the Board of Public Works, through the City Engineer, in making the necessary investigations and in the preparation of plans and specifications with the estimated cost for the construction of a subway on and along Market street from The Embarcadero westerly to its intersection with Valencia street, and also for its extension from Valencia street to a westerly termination at Castro street, also on and

along Valencia street from Market street southwesterly to its intersection with Mission street.

Referred to Finance Committee.

Relative to Safety Station on Market Street Between Fourth and Fifth Streets.

April 6, 1929.

The following was read by the Clerk:

Hon. Walter J. Schmidt, Supervisor, City and County of San Francisco, City Hall, San Francisco, California.

Dear Supervisor Schmidt: Pursuant to the meeting held in the Mayor's office on the 4th instant, at which place consideration was had of certain traffic problems between Fourth and Fifth streets on Market, etc., as I understand it, the Mayor appointed Judge M. C. Sloss and Mr. Louis Ferrari members of a committee to consider this matter and that they were each to suggest for appointment the names of two more persons to serve with them.

The Mayor has asked me to submit the following to you: Judge M. C. Sloss submits the names of Mr. Leopold Oppenheimer of Sommer & Kaufmann and Mr. Nathan Berger of Berger Bros.; Mr. Louis Ferrari submits the names of Mr. Albert Samuels, jeweler, and Colonel Wright.

The Mayor nominates these genetlemen and requests that you make the necessary motion before the Board of Supervisors for their confirmation.

With the Mayor's warmest regard,

Very sincerely yours,

(Sgd.) WM. A. SMITH,
Assistant Secretary to the Mayor.

Motion.

Supervisor Gallagher moved that we advise the Mayor that the matter is not in our hands, but that we will be glad to cooperate in any way the Mayor might take.

Amendment Carried.

Supervisor Schmidt moved as an amendment that the Board concur in the nominations of the Mayor.

Amendment *carried* by the following vote:

Ayes—Supervisors Andriano, Hayden, Kent, McSheehy, Marks, Powers, Schmidt, Toner—8.

Noes—Supervisors Colman, Gallagher, Havenner, McGovern, Roncovieri, Stanton, Suhr—7.

Absent—Supervisors Deasy, Shannon, Todd—3.

Explanation of Vote.

Supervisor Gallagher explained his vote by saying that he commended the Mayor's action in hearing the matter and bringing about a conference for its settlement, but that he disapproved the motion because he was fearful that no matter what agreement is arrived at the problem will be brought to the Board of Supervisors and he wanted to keep his mind open.

Harbor Commissioners to Take Steps to Protect Autos at Approaches to Wharves.

Supervisor Toner presented:

Resolution No. 30717 (New Series), as follows:

Whereas, on Thursday, April 4, 1929, Harry McCarthy, prominent citizen of San Francisco, drove off Pier No. 45 into San Francisco Bay and was drowned; and

Whereas, this makes the eighth known death in like manner since December 24, 1923. Many others may have met similar fates and their whereabouts never known; and

Whereas, the Coroner of San Francisco has, in each of these instances, recommended that the Harbor Commissioners take steps to safeguard the lives of the citizens. Such recommendations have never been put into effect; therefore, be it

Resolved, That as legislators of San Francisco and the guardians of the lives and property of its inhabitants, we, the Board of Supervisors of the City and County of San Francisco, respectfully request that the Harbor Commissioners take immediate steps to safeguard our citizens against the recurrence of the above mentioned accidents; be it

Further Resolved, That a copy of this resolution be sent to his Excellency the Governor of the State of California and to the Board of Harbor Commissioners.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Stanton, Suhr, Toner—15.

Supervisor Suhr presented:

Resolution No. 30718 (New Series), as follows:

Resolved, That the Board of Supervisors offer for lease the lot on the northwest corner of McAllister and Polk streets, said lot having a frontage of 137½ feet on McAllister street, with a uniform depth of 120 feet, said lease to be made to the highest bidder therfor and to be upon the following terms and conditions:

(a) That said lease shall be for a term of five years from the date thereof, subject, however, to the right of the City to terminate said lease upon thirty days' notice in writing to the lessee of said property, and on the termination of said lease lessee to remove all buildings and equipment therefrom.

(b) That said premises shall be used for and only as a gasoline and oil service station, and shall not be used for any other purpose.

(c) That said lessee shall within sixty days from date of lease grade and fill the said leased premises to grade of respective streets upon which the same fronts, and shall plant such portions thereof as are not actually used for buildings and equipment in connection with lessee's business, in lawn and shrubs, and maintain the same at all

times in a growing condition, all to the satisfatcion of the Board of Supervisors, and lay out and maintain on said premises during the term of said lease such walks and paths as the said Board shall direct.

(d) That the rental for said premises shall be payable monthly in advance.

Be it further Resolved, That the Clerk of this Board advertise said property for lease (describing it by metes and bounds) for three weeks before said date, on the terms and conditions herein specified, and provide in said notice that all persons bidding for the lease of said property shall accompany their said bid by a certified check, payable to the Clerk of the Board of Supervisors, in the sum of $250 as security that said bidder will enter into said lease if said lease is awarded to him.

Grading at Mills Field Municipal Airport.

Bill No. 8904, Ordinance No. ———— (New Series), as follows:

Authorizing the preparation of plans and specifications for miscellaneous grading at the Mills Field Municipal Airport of San Francisco and ordering miscellaneous grading at the Mills Field Municipal Airport in accordance with the plans and specifications prepared therefor; authorizing and directing the Board of Public Works to enter into contract for said grading in accordance with the plans and specifications prepared therefor, and which plans and specifications are hereby approved.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby authorized, instructed and empowered to prepare plans and specifications for miscellaneous grading at Mills Field Municipal Airport of San Francisco, which grading is hereby ordered, and to enter into contract for said grading in accordance with the plans and specifications prepared therefor, and which plans and specifications are hereby approved.

Section 2. This ordinance shall take effect immediately.

BRIDGE MATTERS.

Consideration of communication from Paul Fratessa, attorney, representing J. O'Connell, bridge applicant, for an adequate hearing before the Board of Supervisors, which, according to recent court decision, has not been afforded.

On motion of Supervisor Andriano, the City Attorney was requested to give his views on the foregoing matter.

Death of Michael J. McGovern, Board of Public Works Employee.

Supervisor Havenner presented:

Resolution No. 30720 (New Series), as follows:

Whereas, Michael J. McGovern, a well-known citizen of San Francisco, recently died; and

Whereas, the said Michael J. McGovern had served the City and County of San Francisco in various positions for many years with utmost fidelity and honesty; and

Whereas, the late departed was held in great esteem by a large body of men who admired his faithful service, his excellent family life and his interest in civic and social affairs; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco extend to his widow and the members of his family sincere sympathy and condolences; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this Board and that another copy be sent to the bereaved widow.

Adopted unanimously by rising vote.

Increased Pension for Widow of Late Major-General Frederick Funston.

Supervisor Havenner presented:

Resolution No. 30721 (New Series), as follows:

Whereas, the late Frederick Funston as colonel, as brigadier-general and as major-general in the army of the United States, served his nation with distinction in time of war; and

Whereas, the said Frederick Funston as commanding officer of the Presidio of San Francisco in April of 1906 rendered signal service to San Francisco in time of hazard and danger; and

Whereas, the late Frederick Funston, having devoted his lifetime to the service of others, accumulated no wordly wealth, and his widow, Eda B. Funston, with three minor children, since his death in 1917 has been the recipient of a pension from the Government of the United States of one hundred dollars monthly; and

Whereas, it has been brought to the attention of the Board of Supervisors of the City and County of San Francisco by the Veterans of Foreign Wars of the United States, that this pension has never been increased; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, at the specific instance and request of the Veterans of Foreign Wars of the United States, memorialize the Congress of the United States to take such action as may be legally necessary to increase the said pension of Eda B. Funston in order that the declining years of the widow of this gallant soldier may be spent in comfort and security comparable in some degree to the security which Frederick Funston devoted his life to securing for his nation; and be it

Further Resolved, That the Clerk of this Board of Supervisors be and hereby he is authorized and instructed to forward to San Francisco's representatives in Congress copies of this resolution; and further, that he be and hereby he is authorized and instructed to deliver to the San Francisco County Council, Veterans of Foreign Wars of the United States, a duly authenticated copy of this resolution for transmission to Eda B. Funston.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Toner—15.

Absent—Supervisors Deasy, Gallagher, Todd—3.

Supervisor Hayden suggested that steps be taken to illuminate the bust of Major-General Funston in the Van Ness avenue entrance of the City Hall.

Report of Streets Committee on Channel Street Bill.

The following was presented, read and *approved*:

March 22, 1929.

To the Honorable, the Board of Supervisors, City and County of San Francisco.

Gentlemen: Your Committee on Streets and Commercial Development recommends that the Board endorse and recommend the passage of Assembly Bill No. 316, introduced by Mr. Williamson, which provides for the dedication of the northerly 30 feet of Channel street, in the City and County of San Francisco, between the southwesterly line of Seventh street and the westerly line of Carolina street, exclusively as a right of way for vehicular and pedestrian traffic.

This bill provides for the transfer of certain lands for street purposes by the Board of Harbor Commissioners of the State of California to the City and County of San Francisco.

Respectfully submitted,

ANDREW J. GALLAGHER,
ALFRED RONCOVIERI,
FRED SUHR,
Committee on Streets and Commercial Development.

ADJOURNMENT.

There being no further business, the Board at 7:30 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors April 22, 1929.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as above recited.

Market Street Railway Company Valuation.

The following was presented by Supervisor Gallagher, read and *referred to the Committees on Finance, Public Utilities and to the City Attorney and City Engineer*:

Board of Supervisors.

Attached for your information are two copies of preliminary report on the valuation of the properties of the Market Street Railway Company.

S. J. HESTER,
Secretary Board of Public Works.

April 12, 1929.

To the Honorable the Board of Public Works.

Gentlemen: In accordance with the request of the Board of Supervisors, as expressed in a motion adopted last Monday, I submit herewith a preliminary report on the valuation of the properties of the Market Street Railway Company. The complete report on the valuation, with details, will be in seven or eight bound volumes of approximately 500 pages each. The work of computing the values and the typewriting is complete, with the exception of some minor details impossible to prepare in advance of the completion of the major units of the work. The work of assembling the typewritten sheets into volumes is now progressing and it is expected that these sheets can be delivered to the book bindery about the 20th of April. Six sets of this original valuation report are being made up involving 42 to 48 volumes. It is expected that one set at least will be available within a week of the time of delivering the unbound sheets to the bindery. The bulk of the report precludes attempting to make any use of it before being bound.

There is attached hereto a summary sheet showing the valuation of the entire properties of the Market Street Railway Company as of June 30, 1928. This shows by Interstate Commerce Commission accounts the reproduction cost new, the condition per cent and the re-

production cost new less depreciation. The totals of this summary are as follows:

Reproduction cost new	$46,605,977
Condition, per cent	63
Reproduction cost new, less depreciation	29,357,465

These figures will require final adjustment at any future date to make allowance for change in the City's equity in the tracks on Ocean avenue, due to lapse of time since June 30, 1928; additions and betterments made since that date; depreciation, changes in inventory of materials and supplies, and also the elimination of any portions of the properties not desired. The comparable figures contained in my valuation of June 30, 1921, are as follows:

Reproduction cost	$35,273,442
Condition, per cent	75
Reproduction cost, less depreciation	26,366,366

The price base of the present appraisal was fixed by the date of valuation as June 30, 1928. The prices of all materials entering into railway construction as of this date are much higher than those used in the 1921 report, which were, by agreement, based on the average prices for 1913-1917, inclusive, to avoid the abnormally high prices immediately following the war period. These higher prices have resulted in increasing the reproduction cost new by over $11,000,000, or 32 per cent. While the condition of the properties has further depreciated from a 75 per cent condition to a 63 per cent condition, this has not entirely offset the effect of the higher construction prices, so that we find a present reproduction cost new less depreciation of $3,000,000, or 11½ per cent in excess of our 1921 figure.

The valuation is being subdivided on the basis of franchise expiration dates. A list of the portions of the systems on which the franchises expire in 1929, together with their value, is shown on the attached sheets. The June 30, 1928, values of these properties follow:

Reproduction cost new	$9,003,436
Condition, per cent	58
Reproduction cost new, less depreciation	5,239,569

Other provisions of the ordinance authorizing the preparation of this valuation called upon the City Engineer to prepare and submit a report covering all phases of street railway transportation, including rerouting and improvements in service which might be secured through unification of the local systems. Preparation of this report is still in progress. It has been necessary to make a complete field survey of all of the lines of the Market Street System, so as to intelligently determine the service requirements, and what changes in routing and operation would be desirable. The progress in securing this data was seriously hampered due to the necessity of utilizing men from existing civil service lists for this temporary work, requiring constant changing of the personnel, with resultant loss of time and efficiency.

There still remains approximately a week's work in the field to complete the survey. This information is being tabulated and charted as it is received, so that the office work is kept about a week to ten days behind the field work.

Tentative rerouting plans have been made, subject to revision after the completion of the tabulation and plotting of the field work, which are necessary in order to determine the amount of service which will have to be provided. From the rerouting studies and the service requirements estimates will be prepared as to costs of operation, following which it will be possible to make a complete financial set-up of the cost of unified operation under municipal ownership. It is already

evident, from our preliminary studies, that a marked improvement in operating conditions can be brought about through unified operation, which will also make it possible to abandon some trackage now operated. The value of this trackage to be abandoned will be deductible from the totals shown above.

Everything possible is being done to expedite the completion of this report, but the nature of the work precludes hastening it by putting on additional men. The deductions, final conclusions and recommendations which will be based on this data will require careful consideration. As I have already advised your Board, it was my expectation to have this report in during the current month, every endeavor possible is being made to do so, but it is possible that it may take a short while longer.

Yours very truly,

M. M. O'SHAUGHNESSY,

City Engineer.

SPECIAL ORDER—HEARING OF APPEAL—10 A. M.

Extension of Oakwood Street.

All persons required to show cause, if any they have, before the Board of Supervisors on the 15th day of April, 1929, at the hour of 10 a. m., being the day fixed by the Board of Supervisors as the day on which all persons interested shall be required to show cause, if any they have, why the report of the Board of Public Works for the extension of Oakwood street, showing the land to be taken, the assessment district, the lots to be assessed to pay the damages, costs and expenses and acquisition of land for the said extension of Oakwood street from its present southerly termination, southerly to the northerly line of Nineteenth street, should not be confirmed.

The total cost of the extension of Oakwood street is $19,380. The City to pay one-half of the cost of said extension. The balance, $9,690, to be assessed against private property as shown on plat showing assessment district.

The Kilpatrick Estate, the owner of one of the pieces of property to be acquired for the extension of Oakwood street, is not satisfied with the valuation of $4,500 fixed by the Board of Public Works in the report filed.

No written objections have been filed against the assessment for Oakwood extension.

Action.

Whereupon, the foregoing matter was *deferred for hearing and set for* 11 *a. m. Monday, April* 22, 1929.

SPECIAL ORDER—HEARING OF APPEAL—10 A. M.

Extension of Minna Street.

All persons required to show cause, if any they have, before the Board of Supervisors on the 15th day of April, 1929, at the hour of 10 a. m., being the day fixed by the Board of Supervisors as the day on which all persons interested shall be required to show cause, if any they have, why the report of the Board of Public Works for the extension of Minna street, showing the land to be taken, the assessment district, the lots to be assessed to pay for the damages, costs and ex-

penses and acquisition of land for the said extension of Minna street from its present westerly termination westerly to the easterly line of Eleventh street, should not be confirmed.

The total cost of the extension of Minna street to Eleventh street, $13,580. City to pay $5,000 toward the cost of said extension. The balance, $8,580, to be assessed against private property as shown on plat showing assessment district.

Clerk declared that no written objections had been filed against the report, assessment and plat for the extension of Minna street.

Adopted.

Whereupon, the following resolution was *adopted*:

Extension of Minna Street.

Resolution No. 30722 (New Series), as follows:

Whereas, the Board of Public Works did, on the 15th day of February, 1929, file a report and plat showing the assessment district, the lots to be assessed, the land to be taken for the extension of Minna street from its present westerly termination westerly to the easterly line of Eleventh street; and

Whereas, the Board of Supervisors fixed the 15th day of April, 1929, at the hour of 10 a. m., as the day on which all persons interested shall be required to show cause, if any they have, why such report should not be confirmed and adopted; now, therefore,

Resolved, That the report of the Board of Public Works filed on the 15th day of February, 1929, showing the assessment district, the lots to be assessed, the land to be taken for the extension of Minna street from its present westerly termination westerly to the easterly line of Eleventh street, be and is hereby confirmed and adopted.

Further Resolved, That the Clerk be directed to transmit to the Board of Public Works a certified copy of the report, assessment and plat as confirmed and adopted by the Board of Supervisors.

Allowances for Extras on Public Contracts.

On recommendation of Streets and Finance Committees.

Bill No. 8890, Ordinance No. 8417 (New Series), as follows:

Regulating the entering into contracts by the Board of Public Works for public improvements in or for the City and County of San

Francisco, and providing for the allowance for extra work done under said contracts in addition to the contract price thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That all contracts entered into by the Board of Public Works of the City and County of San Francisco for the improvement or construction of any street, lane, roadway or alley, or for the construction of any work or improvement incident thereto, or for the construction or erection of any other public improvement in or for the City and County of San Francisco, shall be entered into in conformity with the provisions of Chapter I of Article VI of the Charter, and no contract or agreement for the doing or performing of any of said work shall provide for the payment of a contract price in excess of the appropriation made for the doing of said work by the Board of Supervisors prior to the entering into of said contract.

Section 2. No amounts over and above the contract price specified in any of said contracts entered into by the said Board of Public Works, when the entire contract price is specified therein, and no amounts exceeding the appropriation made for the doing of the work under said contract where the contract price is payable on the basis of unit prices, shall be paid out or expended by the Board of Public Works to any contractor under any contract for extra or additional work or materials on the work to be done under said contract unless the proper appropriation be made therefor by the Board of Supervisors before said extra or additional work or materials are ordered or permitted by said Board of Public Works. Provided, however, that in all cases where said extra or additional work or materials shall exceed ten per cent of the amount of the contract price under any contract where the entire contract price is specified therein, or ten per cent of the amount appropriated for the doing of said work, where the contract price is payable on a unit price basis, a new contract shall be entered into by the said Board of Public Works for said extra or additional work or materials, which said contract shall be entered into in accordance with and shall be subject to all of the provisions of said Chapter I of Article VI of the Charter.

Section 3. This ordinance shall be effective immediately upon its passage.

Noes—Supervisors Gallagher, Kent, Shannon, Suhr—4.

Absent—Supervisors Hayden, Roncovieri, Todd—3.

Supervisor Colman, seconded by Supervisor Stanton, moved that, in lieu of Committee's recommendation, and as an amendment thereto, that the Board recess at 12 o'clock and reconvene at 2 p. m., eliminating the hour of adjournment.

Supervisor Roncovieri moved as an amendment to the amendment that the Board reconvene at 2 p. m. and adjourn not later than 6 p. m.

Supervisor Marks, seconded by Supervisor McGovern, moved as a substitute for the whole that the Board reconvene at 2 p. m. and "recess or adjourn" at 6 p. m.

Substitute *adopted* by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Schmidt, Shannon, Suhr, Toner—15.

Noes—Supervisors Roncovieri, Stanton—2.

Absent—Supervisor Todd—1.

Whereupon Rule No. 1, as amended, was *adopted.*

Rule 2—*Supervisor McSheehy*, seconded by Supervisor Hayden, moved the adoption of Rule 2.

Supervisor Shannon called attention to Rule 28, which covers the matter in declaratory form.

Whereupon, *Supervisor Shannon*, seconded by Supervisor Gallagher, moved to strike out Rule 2, as recommended by the Rules Committee, and provide for the strict enforcement of Rule 28 covering the same subject.

Amendment *carried.*

Rule 3—Rule 3, amended by inserting the words, "for the session" after the word "Board" in the first line, was approved as so amended.

Rule 4—Rule 4 was amended by striking out the word "executive" in the first line thereof and inserting the word "representative."

Supervisor Colman moved as an amendment that the rule read as follows: "4. Any department head or his representative shall be granted the privilege of the floor at the request of *any one member of the Board.*"

Supervisor Marks moved as an amendment to the amendment that Rule 4 read:

4. Any department head or his "representative" shall be granted the privilege of the floor "at the request of five members of the Board."

Noes—Supervisors Colman, Stanton—2.

Absent—Supervisors Kent, Todd—2.

Supervisor Colman moved that Rule —, which provides for 15 votes, be changed to read "a majority of those members present."

Point of Order.

Supervisor Gallagher raised the point of order that that matter had not been considered by the Rules Committee, and he moved reference thereto.

Motion *carried.*

Whereupon, the following rules as amended above were *adopted*:

1. The Rules Committee recommends that the hour for convention of the Board of Supervisors be set for 10 a. m. Recess for lunch at 12 m. Reconvene at 2 p. m. and adjourn or recess at 6 p. m.

2. The practice heretofore in vogue of permitting members who are late to be recorded as having voted in favor of all uncontested matters is hereby abrogated.

3. Any member desiring to leave the Board for the session shall arise in his place and make his request through the Chair and shall be excused only after a majority vote of those present. The request to be excused shall be a privileged motion. The presiding officer must submit all requests to be excused to the Board for decision. Any infraction of this rule shall be entered in the Journal. (Amending Rule 32.)

4. Any department head or his representative shall be granted the privilege of the floor at the request of five members of the Board.

5. Committee recommends strict enforcement of Rule 18, which reads as follows: "No Supervisor shall speak more than twice in any one debate on the same subject and at the same stage of the bill, ordinance, resolution or motion without the consent of a majority vote of

those present, and Supervisors who have once spoken shall not again be entitled to the floor so long as any Supervisor who has not spoken desires to speak. No Supervisor shall be allowed to speak more than five minutes on any question except by permission of a majority of those present, except that the author shall have five minutes to open and ten minutes to close."

6. It shall take twelve votes to create a Special Order of Business.

7. Whenever anyone desires to have any person presented to the Board of Supervisors, notice of a desire to present such person shall be given to the Board, and the Board shall set the hour at which such presentation shall be made.

8. Any question to be asked of non-members, other than City officials, will be presented by the member to the Chair and propounded by the Chair, with the consent of the majority of the Board present.

9. Rule 9 of "Rules of Proceedings" shall be amended to read as follows:

The Order of Business, which shall not be departed from except by the consent of twelve members, shall be as follows:

1. Roll Call.
2. Approval of Journal.
3. Calendar Matters (uncontested).
4. Roll Call for the Introduction of Resolutions, Bills and Communications Not Considered or Reported on by a Committee.
5. Completion of Calendar Business.
6. Communications and Reports from City and County Officers.
7. Reports of Committees.

The following rules were *adopted*:

Duties of Rules Committee in Relation to Employees Under the Supervision of the Board of Supervisors.

1. The Clerk of the Board of Supervisors shall be held responsible for the service and operation of the office and all clerks or attaches shall be responsible to him. He in turn shall be responsible to the Chairman of the Rules Committee for the conduct of the office.

2. There shall be a Chief Assistant Clerk, who shall assume charge in the absence of the Clerk and shall assume his duties and responsibilities. They (the Chief Assistant Clerk or the Clerk) shall arrange their time that either of them will be on duty during business hours.

3. All clerks, stenographers and attaches shall report for duty not later than 8:30 a. m., and shall not (except for lunch) leave the office before 5 p. m. On Board meeting days, or during night meetings, or when otherwise ordered by a sub-committee, no clerk or other employee shall leave the office without the permission of the Clerk or the Chief Assistant Clerk, and the Clerk or the Chief Assistant Clerk shall designate those who are to remain.

4. No clerk, stenographer or attache shall absent himself from duty unless excused by the Clerk in charge. The question whether said clerk shall be paid for time absent shall be referred to the Rules Committee, and their recommendation to the Finance Committee shall be binding.

5. Chauffeurs shall be responsible to the Rules Committee and shall be assigned to members for service on certain days; provided, however, that any member to whom the auto or autos have been assigned shall have the authority to release to any other member. In case autos are to leave the city for a period beyond the time for which said autos have been assigned, the Chairman of the Rules Committee must O. K. said leave.

6. The Clerk shall decide the lunch hours for all employees and shall so arrange same as to suit the convenience of the members of the Board and committees of same.

7. No member of the Board may excuse a clerk from office duty without the consent of the Clerk or his assistant or the Chairman of the Finance Committee.

8. The Rules Committee shall pass on all assignments of clerks to committees, and these assignments shall not be changed except on approval of the Rules Committee, subject to appeal to the Board.

9. The Clerk or his assistant, when requested by a sub-committee, shall furnish stenographic service, and supply transcript of same to sub-committees or members of the Board on request. Any question involved in this rule shall be decided by the Finance Committee.

10. Any discourtesy to the public by any employee of the office, or to any members, shall be reported to and passed upon by the Rules Committee, subject to confirmation by the Board.

11. Any employee absenting himself without leave shall be reported by the Clerk at once to the Rules Committee. They shall be authorized to pass on same, subject to action by the Board.

12. The sergeant-at-arms shall be under the supervision of the Clerk and the Chief Assistant Clerk, and he shall be subject to all the rules governing the office, the same as any other employee. He shall preserve order and act upon orders given by committees or chairmen of same while in session.

13. No person shall be admitted inside the office or reception room of the Board without permission of the Clerk, Acting Clerk or a member of the Board. (Does not apply to officials or members of the press.)

14. The Rules Committee shall be responsible to the Board for the enforcement of these rules or any infraction thereof.

16. Copies of these rules are to be kept by the Clerk and made part of the record.

RULES COMMITTEE,
JAMES B. McSHEEHY, Chairman;
WARREN SHANNON,
ANDREW J. GALLAGHER,
FRANK J. McGOVERN.

40. The privilege of the floor to persons other than members of the Board shall be permitted "only by a majority vote of the members present on a motion so to do by any member of the Board," and in the case of legislative matters pending before the Board this privilege shall be limited to ten minutes to each side to proponents and opponents of the measure.

Referred to Rules Committee.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Leave of Absence, Sheriff Fitzgerald.

The following was presented and read by the Clerk:

San Francisco., Cal., April 16, 1929.

Honorable Board of Supervisors, City and County of San Francisco, City Hall, San Francisco.

Gentlemen: Application has been made to me by Hon. W. J. Fitzgerald, Sheriff of the City and County of San Francisco, for leave of absence, with permission to leave the State of California, for a period beginning June 29, 1929, to July 20, 1929.

I hereby request that you concur with me in granting said leave of absence.

Respectfully yours,
JAMES ROLPH, JR., Mayor.

April 15, 1929.

To the Honorable Board of Supervisors, City and County of San Francisco.

Dear Sirs: The undersigned, Sheriff of the City and County of San Francisco, requests of your honorable Board a leave of absence, effective from June 29 to July 20, 1929, from the State of California.

This leave is asked so that I may participate in the Knights of Columbus, California Council 880, tour of America, Mexico and Canada on a specially chartered Southern Pacific train between those dates. More than 300 northern California men and women of all sects will take this tour and be received by reception committees of Chambers of Commerce and city officials in the leading cities of the United States on the itinerary.

Let me also request that I be designated as the official representative of the City of San Francisco as a goodwill gesture toward the people we will visit.

The expense of the tour will be borne by myself.

Thanking your Board for past courtesies, I am,

Yours very truly,
W. J. FITZGERALD, Sheriff.

Whereupon, the following resolution was presented and *adopted*:

Resolution No. 30755 (New Series), as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Hon. William J. Fitzgerald, Sheriff of the City and County of San Francisco, is hereby granted a leave of absence for a period effective from June 29 to July 20, 1929, with permission to leave the State.

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, McGovern, McSheehy, Marks, Powers, Schmidt, Shannon, Stanton, Suhr, Toner—14.

Absent—Supervisors Deasy, Kent, Roncovieri, Todd—4.

Said parcel of land is situated in the City and County of San Francisco, State of California, and more particularly described as follows, to-wit:

Commencing at a point on the southerly line of Sixteenth street, distant easterly thereon 308 feet from the easterly line of Folsom street, said point being the northeasterly corner of a parcel of land now or formerly owned by Peter O. and Adelaide E. Lind, and running thence southerly along a line deflected 89 degrees 25 minutes 27 seconds to the right from said southerly line of Sixteenth street and along the easterly line of said parcel of land now or formerly owned by Lind, 200.01 feet to the true point of beginning; thence continuing southerly on the same line as the aforementioned boundary line of the Lind property, 72.49 feet; thence deflecting 17 degrees 09 minutes 40 seconds to the right and running southwesterly 81.111 feet to a point distant at right angles northerly 170 feet from the northerly line of Seventeenth street; thence deflecting 106 degrees 35 minutes 17 seconds to the left and running easterly and parallel with Seventeenth street 70.933 feet; thence deflecting 73 degrees 49 minutes 04 seconds to the left and running northeasterly 156.178 feet; thence deflecting 106 degrees 10 minutes 56 seconds to the left and running westerly and parallel to Seventeenth street 92.028 feet to the true point of beginning. Being a portion of Mission Block 49.

Said parcel of land will be sold on the above mentioned date at public auction duly authorized by the said ordinance, to the person making the highest cash bid therefor, such sale, however, to be subject to confirmation by the Board of Supervisors, in accordance with law. A deposit in the sum of ten (10) per cent of the amount bid will be required of the successful bidder before the sale can be made.

Bid.

H. Jones, Russ Building, acting for Henry F. Windler, of the Enterprise Brewing Company, bid $5,750 and presented a certified check in the sum of $575.

Whereupon, the mattter was *laid over one week and referred to his Honor the Mayor.*

Mothers' Day Committee.

Supervisor Havenner presented:

Resolution No. 30757 (New Series), as follows:

Resolved, That his Honor the Mayor be and he is hereby requested to appoint a suitable committee to arrange for the annual services to be held on "Mothers' Day," May 12, 1929, in Memorial Grove, Golden Gate Park.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, McGovern, McSheehy, Marks, Powers, Schmidt, Shannon, Stanton, Suhr, Toner—14.

Absent—Supervisors Deasy, Kent, Roncovieri, Todd—4.

Book Sellers' Convention.

Resolution No. 30758 (New Series), as follows:

Whereas, the Western Division of the American Booksellers' Association is in San Francisco assembled in the first convention of bookmen ever held in the West; and

Whereas, this is a recognition of the place that California in general, and San Francisco in particular, has attained, not only as the cradle of writers and as romantic background for a multitude of famous books, but as an important and growing market for volumes of every type of literature; and

Whereas, the bookseller is not only an esteemed merchant but a force for education and the dissemination of culture in his community, whether it be a great city or a tiny village; and

Whereas, San Francisco by tradition and habit delights in welcoming pleasant friends to her hospitality; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby welcomes the delegates to the Convention of the Western Division of the American Booksellers' Association, and trusts that their stay in this city will be pleasant and profitable, and that either collectively or individually they will return to our city again and again, always secure in a hearty welcome.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Toner—15.

Absent—Superisors Deasy, Suhr, Todd—3.

Alfred T. O'Shea, Australian Tenor.

Supervisor Toner presented:

Resolution No. 30759 (New Series), as follows:

Whereas, the famous Australian tenor, Mr. Alfred T. O'Shea, is scheduled to give a concert in San Francisco on April 24, 1929; and

Whereas, the said Mr. Alfred T. O'Shea has been proclaimed an artist of rare ability in his own country as well as in numerous

European countries which have had the opportunity of listening to the wonderfully melodious cadence of his voice; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco heartily endorses the public concert of the distinguished Australian singer and hereby petitions his Honor the Mayor to appoint a committee of citizens to wait upon Mr. Alfred T. O'Shea and to offer him the freedom of the City of San Francisco as well as to help obtain for his proposed artistic performance the recognition it deserves.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Toner—15.

Absent—Supervisors Deasy, Suhr, Todd—3.

Crissy Field, Air Mail Terminal.

Supervisor Kent presented:

Resolution No. 30760 (New Series), as follows:

Whereas, the air mail contractors are contemplating the establishment of additional air mail service commencing May 1, 1929, for the Bay Area District; and

Whereas, the postal authorities have informed business firms that it will be necessary to close pouches at San Francisco Post Office at 5 p. m. each day for dispatch on the new service; and

Whereas, the early closing will work a tremendous handicap to business offices in San Francisco due to the proximity of the closing hour with the business day; and

Whereas, it will be necessary for general business to have the hour for closing of mail pouches extended in order to profit by this benefit; and

Whereas, the chief difficulty in the air mail service is the estimated time necessary in transit by the contractors between The Embarcadero Post Office and the Oakland Airport; and

Whereas, ninety per cent of the air mail traffic in the Bay Area District originates in San Francisco; now, therefore, be it

Resolved, That the Board of Supervisors call upon all organizations, business and civic, to get behind a concerted effort to bring pressure to bear on the Government authorities in Washington in an effort to secure Crissey Field as the western terminal for the air mail service; and be it

Further Resolved, That a copy of this resolution be forwarded to the various business and civic groups for their attention and cooperation.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Toner—15.

Absent—Supervisors Deasy, Suhr, Todd—3.

Reconditioning of Sutter Street From Stockton Street to Van Ness Avenue.

The following was read by the Clerk:

Communication, from City Engineer, relative to condition of tracks of the Market Street Railway Company on Sutter street between Market street and Van Ness avenue, and declaring that it is inadvisable to recondition street unless the railway track is rebuilt where required.

Also, *communication*, from Streets Committee to Market Street Railway Company, requesting that tracks be rebuilt so that work of reconditioning street may proceed.

Also, *communication*, from Market Street Railway Company, stating that, in view of the uncertainty which confronts it, that it is impossible to reach a definite determination for a piece of track that is in operative condition and under a franchise that matures in a few months.

On motion of Supervisor Gallagher, the foregoing was *referred to the City Attorney* for an opinion as to how the City can compel compliance with the franchise obligation. Streets Committee to consider.

In re Supervisor Deasy's Attendance at the Board After an Absence Due to Sickness.

On April 1, 1929, Supervisor Deasy, after a long and severe illness, returned to his desk in the Board of Supervisors and was heartily welcomed by the members and citizens present. The following remarks made on that occasion are here inserted as a matter of record:

The Mayor: Gentlemen of the Board and my fellow-citizens: I speak for the Board as well as for myself and for all my fellow-citizens this morning when I say it is a delight to all of us to see Supervisor Cornelius J. Deasy walk into these chambers unassisted this morning, from a sickness which has caused him to be absent from us for many months. We have suffered with you, Mr. Deasy; we have prayed for your safe return to us here, and in the name of the Board and my fellow-citizens and myself we are delighted, and I welcome you back to your old familiar seat, and I hope you will be spared for many, many years to enjoy the confidence that the people of this city have reposed in you, and particularly to continue to be a credit and an honor to the City of San Francisco. We all welcome you. (Applause.)

Supervisor Hayden: Mr. Mayor, I very heartily and gladly join in your expression of welcome to our dear colleague. I am the only man on this Board that has sat here as long as Cornelius J. Deasy, my colleague, has. We have been together for seventeen years on this Board of Supervisors.

Supervisor Deasy: Eighteen.

Supervisor Hayden: Going on eighteen years, and of course we all have missed him here during the period of the last few months, and we are certainly delighted to see him back here again in his seat, with that same spirit that he has exhibited in the past. That spirit is undaunted. And, Mr. Mayor and members of the Board, that disposition that he has of radiating joy and happiness to everybody is still with him, and may it continue for many and many a day. And Con, dear boy and dear colleague, in behalf of the Board, we certainly welcome you to your place here and hope that you will be spared many days to this Board and to your dear family.

Supervisor Deasy: Thank you. Mr. Mayor, I want to thank you for your kind remarks and those spoken by Supervisor Hayden and the other members of the Board. I have had a tough time in St. Luke's Hospital for four months. I have been home for three months. I am not as strong as I used to be, but I am getting stronger every day. I know a lot of people around here thought I was dead, but I am pretty much alive today. I want to thank you and the members of the Board for your kind remarks. (Applause.)

ADJOURNMENT.

There being no further business the Board at 5 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors April 29, 1929.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as above recited.

Compromise of Litigation for School Lands.

On recommendation of Finance Committee.

Resolution No. ———— (New Series), as follows:

Whereas, there is now pending in the Superior Court of the State of California, in and for the City and County of San Francisco, that certain action entitled "City and County of San Francisco vs. Frank O. Carlson and Annie Carlson et al., defendants," and numbered 198,444 of the records thereof in eminent domain for the acquisition of land for school purposes, situate at No. 32 Randall street, and described in the complaint in said action in Paragraph IV, page 2 thereof, and

Whereas, the defendants Frank O. Carlson and Annie Carlson have offered to compromise said litigation and accept the sum of twenty-five thousand dollars ($25,000) in full settlement of said litigation and to convey the title to said lands to the City and County of San Francisco, and

Whereas, said offer of twenty-five thousand dollars ($25,000) by said defendants, Frank O. Carlson and Annie Carlson, is a reasonable sum for the acquisition of said lands and the said offer is hereby accepted. Therefore, be it

Resolved, That the sum of twenty-five thousand dollars ($25,000) be and the same is hereby authorized and directed to be set aside and appropriated out of Special School Tax Funds and to be payable to said Frank O. Carlson and Annie Carlson in full satisfaction of that certain compromise of litigation hereinabove mentioned.

The City Attorney is hereby directed to examine title of said land, and if same is found to be vested in said owners, free and clear of all encumbrances, and that the taxes up to and including the fiscal year have been paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the purpose of procuring the same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County of San Francisco, upon payment of the said sum of twenty-five thousand dollars ($25,000), as aforesaid. And the City Attorney is hereby authorized and directed, upon the consummation of said transaction, to dismiss said action hereinabove mentioned. And the said deed to said land is hereby accepted.

Adopted.

Authorizing the City Attorney to Accept a Deed From Spring Valley Water Company to the City and County of San Francisco Subject to an Easement of Right of Way as Granted to Ocean Shore Railway Company Over Land Required for the Widening of Junipero Serra Boulevard and Extension of Nineteenth Avenue.

Also, Resolution No. 30790 (New Series), as follows:

Whereas, by Ordinance No. 8369 (New Series), this Board authorized the Mayor to execute an agreement with the Spring Valley Water Company for escrow and immediate possession of property required for the widening of Junipero Serra boulevard and the widening and extension of Nineteenth avenue; and

Whereas, said agreement called for the execution by the Water Company of a deed conveying to the City the necessary parcels of land free and clear of all encumbrances; and

Whereas, it now appears that a portion of said land to be acquired is covered by an easement of right of way owned by the Ocean Shore Railway Company, a corporation; and

Whereas, the deed conveying said easement contains the following clauses:

The said rights of way are only surface rights of way and do not convey the fee to the land, which fee is excepted and reserved from this grant and shall forever belong to and be subject and subordinate to any use, by the party of the first part, its successors and assigns, which shall not interfere with the said surface rights of way, and which fee may be so used by the said party of the first part above or below any of the structures of said Ocean Shore Railway Company in the premises;

Such rights of way shall also be subject and subordinate to all crossings and rights of way granted or agreed to be granted, or that may hereafter be granted by said party of the first part to any municipal authority for highway or public, or limited highway and public, use. Now, therefore, be it

Resolved, That the City Attorney be and he is hereby authorized to accept said deed of the Spring Valley Water Company to the City and County of San Francisco subject to the said easement of right of way as granted to Ocean Shore Railway Company.

SPECIAL ORDER—2 P. M.

Standardization of Salaries.

Consideration of report and resolution of Civil Service Committee.

Opinion of City Attorney.

The following was presented and read by the Clerk:

April 19th, 1929.

Subject: Classification of Employments to Standardize Salaries.

Dear Sirs: You have directed my attention to the following language contained in Section 14, Chapter II of Article II of the Charter, to-wit: "Provided, however, that such classification and grading shall not operate to adversely affect the Civil Service classification of any person holding a position at the time of the adoption of this amendment." You ask what effect this language has upon the right of the Board of Supervisors to adopt a classification which will affect those holding positions at the date of the adoption of the amendment.

Opinion.

The purpose of Section 14 above mentioned, which was adopted by the people on November 4, 1924, was to enable the Board of Supervisors upon the recommendation of the Civil Service Commission to classify all employments under the city government (with certain exceptions), and thereafter to standardize the salaries of the occupants of those positions to the end that like compensation would be paid for like services. All employments, except those excluded, are to be classified, and the compensation which is to be fixed for those employments is for those who will hereafter come into the city service, as well as for those who are therein at the present time, with the proviso that the compensation of no employee can be reduced below that which he was receiving on September 1, 1924. In other words, the standardization is to be made for the future as well as for the present. This being the case, it is only natural that it was the intention of the framers of the amendment that there were to be changes in the classification which existed at the date of its adoption. That those in the employ of the city at that particular time should not suffer by any change in the classification, two safeguards were thrown around them; the first, that the classification and grading by the Board should not adversely affect "the Civil Service classification or duties of any person holding a position at the date of the adoption of the amendment," and, second, that the salary of an incumbent of any position should not be reduced below that in effect on September 1, 1924.

Therefore, in my opinion, while the Board of Supervisors, upon the recommendation of the Civil Service Commission, has the right to make such classification of employments as it deems proper, when it comes to fit the various employees, who were in the city service on the date of the adoption of the amendment, into the classification so made, the classification of the employee cannot be reduced, nor can his or her compensation be reduced below the amount received on September 1, 1924. For example: If in your classification you should find that one holding the rank and classification of a general clerk, would be found performing duties which the Board might classify in a grade lower than general clerk, that employee has the right to continue to hold the rank of general clerk and to perform the duties of the lower class, until such time as he or she may be promoted to a higher class according to the intendment of the amendment. This will not prevent those who may have come into the service of the city subsequent to the date of the adoption of the amendment, for the purpose of performing work in the lower classification, being placed in the proper classification by the Board, and the only result will be that, until the old employees are promoted, or part themselves from the city service, there may be those holding a higher classification

performing service in a classification below their rank, which in my opinion is not a legal objection to the adoption of a complete scheme classifying all employments. You are advised accordingly.

Sincerely,

JNO. J. O'TOOLE,
City Attorney.

Communication From Office Employees' Association.

San Francisco, California, April 22, 1929.

Dear Supervisors: The conferences during the past two weeks have resulted in the Civil Service Committee meeting all of the specific protests of all the trades except those of the Office Employees' Association. We must press our main specific protest which is based on a fundamental labor principle.

We are asking that B-216 be added to B-22. B1404 be added to B-408. B-504 added to B-512. This means in figures that 43 employments be merged with 359.

Creation of these three lower classes means lowering of the qualifications of future clerical workers below that of today or heretofore and consequent lowering of established wages and the establishment of an apprentice system never used in city employment for clerical workers. Clerical workers are journeymen and capable of filling any position in the city by virtue of having passed difficult Civil Service examination. An apprentice tradesman knows nothing about a trade when he starts. Clerks, stenographers, etc., have a full knowledge of their trade. There is no more need for junior and senior clerks than there is need for junior and senior carpenters, yet there are good and bad in all trades, and they are rated as journeymen and get the same rate of pay.

It is claimed that this lower clerks' class contains only routine duties. There are routine duties performed in all the trades by the journeymen and are a part of the trade. It is unnecessary to establish an inferior classification for 43 clerical people who may perform some of the time routine clerical duties. Many of these are so assigned because of infirmity and age but who are receiving a high wage, and such cases will always be with us.

Establishment of this class will undoubtedly cause legal entanglements relative to the rights of employees guaranteed by Charter. The employee may insist upon these rights and the department head may wish to use his services contrary to Charter protection. Creation of these inferior classes is unjust to the office workers and is unnecessary to classification success.

Practically everyone agrees with our contnetion. We feel that Supervisors Andriano and Havenner are favorably impressed with our presentation but will not openly oppose Chairman Coleman who is determined and dead wrong yet sincere in his opinion. Messrs. Coleman and Nanry are the only ones whom we cannot convince, but they seem strong enough to carry their views and wishes. This is unwise, unfair and should not be permitted by the Board of Supervisors.

The Board of Supervisors cannot amend the report, but it can request the Civil Service Commission and the Civil Service Committee of this Board to eliminate the inferior classes of clerks and merge said duties with the next higher classes and so report to the Board of Supervisors. We, therefore, respectfully request that the Board so act in the interest of a square deal and harmony.

This small space will not permit of a fair presentation of the question, but you have no time for further written argument. We will be

pleased to augment same orally. Anticipating and thanking you for favorable consideration, we remain

Respectfully yours,
OFFICE EMPLOYEES' ASSN. NO. 13188 A. F. OF L.,
WM. T. BONSOR, Secretary.

Privilege of the Floor.

Theo. Johnson was granted the privilege of the floor and addressed the Board.

Amendments to the proposed standardization agreed upon by representatives of labor were read by the Clerk.

Action Deferred.

Whereupon, Supervisor Gallagher moved that the foregoing matter be laid over one week and made a Special Order of Business for 2 p. m., the Civil Service Committee to make a further study of objections raised.

Supervisor McSheehy read a statement indicating a possible budget increase of $166,000 in case salaries are increased to average rate under standardization.

Action Deferred.

Whereupon, the roll was called on Supervisor Gallagher's motion and the same *carried* by the following vote:

Ayes—Supervisors Deasy, Gallagher, McGovern, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Toner—10.

Noes—Supervisors Andiano, Colman, Havenner, Hayden, Suhr—5.

Absent—Supervisors Kent, Marks, Todd—3.

New Charter.

Supervisor Havenner suggested that Judiciary Committee recommend method of procedure for drafting new Charter at the earliest possible moment.

ADJOURNMENT.

There being no further business the Board at 6 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors May 6, 1929.

Compromise of Litigation for School Lands.

Also, Resolution No. 30805 (New Series), as follows:

Whereas, there is now pending in the Superior Court of the State of California, in and for the City and County of San Francisco, that certain action entitled "City and County of San Francisco vs. Frank O. Carlson and Annie Carlson et al., defendants," and numbered 198,444 of the records thereof in eminent domain for the acquisition of land for school purposes, situate at No. 32 Randall street, and described in the complaint in said action in Paragraph IV, page 2 thereof, and

Whereas, the defendants Frank O. Carlson and Annie Carlson have offered to compromise said litigation and accept the sum of twenty-five thousand dollars ($25,000) in full settlement of said litigation and to convey the title to said lands to the City and County of San Francisco, and

Whereas, said offer of twenty-five thousand dollars ($25,000) by said defendants, Frank O. Carlson and Annie Carlson, is a reasonable sum for the acquisition of said lands and the said offer is hereby accepted. Therefore, be it

Resolved, That the sum of twenty-five thousand dollars ($25,000) be and the same is hereby authorized and directed to be set aside and appropriated out of Special School Tax Funds and to be payable to said Frank O. Carlson and Annie Carlson in full satisfaction of that certain compromise of litigation hereinabove mentioned.

The City Attorney is hereby directed to examine title of said land, and if same is found to be vested in said owners, free and clear of all encumbrances, and that the taxes up to and including the fiscal year have been paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the purpose of procuring the same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County of San Francisco, upon payment of the said sum of twenty-five thousand dollars ($25,000), as aforesaid. And the City Attorney is hereby authorized and directed, upon the consummation of said transaction, to dismiss said action hereinabove mentioned. And the said deed to said land is hereby accepted.

Closing Portions of Georgia and Michigan Streets.

The following matter was, on recommendation of Streets Committee, taken up:

Resolution No. ———— (New Series), as follows:

Closing and abandoning all those portions of Georgia and Michigan streets as hereinafter described:

Whereas, this Board has, by Resolution No. 30539 (New Series), declared its intention to close and abandon certain portions of Georgia and Michigan streets situated in the City and County of San Francisco, and including the two parcels hereinafter more particularly described, and

Whereas, proper notice of said resolution and of said proposed closing and abandonment of all those portions of Georgia and Michigan streets was duly given by the Board of Public Works of said City and County of San Francisco by publication and posting in the manner provided by the Charter of the City and County of San Francisco; and

Whereas, more than ten days have elapsed after the expiration of time of publication of said notice; and

Whereas, no objection or objections to said closing and abandonment of all those portions of Georgia and Michigan streets, as hereinafter described, was or were made or delivered to the Clerk of this Board within said period of ten days or at all; and

Whereas, it is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of all those portions of Georgia and Michigan streets hereinafter described; and

Whereas, in and by said Resolution No. 30539 (New Series) this Board did declare that the damages, costs and expenses of closing said portions of Georgia and Michigan streets are nominal and no assess-

ment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof, the Board of Supervisors hereby declares and determines that the whole damage, cost and expense of closing said portions of said streets shall be paid out of the revenue of the City and County of San Francisco;

Resolved, That said closing and abandonment of all those portions of said streets as hereinafter described be and the same is hereby ordered and the same are hereby closed and abandoned as public streets.

The said portions of Georgia and Michigan streets hereinabove referred to are more particularly described as follows, to-wit:

1. Georgia Street. All that portion of Georgia street lying between the northerly line of Humboldt street and the southerly line of Twenty-second street.

2. Michigan Street. All that easterly half of Michigan street lying between the northerly line of Humboldt street and the southerly line of Twenty-second street.

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works, and that the Board of Public Works be instructed to proceed thereafter as required by law and the Charter of the City and County of San Francisco.

Relative to Exchange for Marina Lands.

Communication, from Pacific Gas and Electric Company, advising that exchange of lands at Marina for land for closing portions of Georgia and Michigan streets cannot be worked out for reasons given.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Great Northern Railway Company and Western Pacific Railroad Company to Connect Between Klamath Falls, Oregon, and Keddie, California.

Supervisor Havenner presented and moved the adoption of the following:

Resolution No. ———— (New Series), as follows:

Whereas, the Great Northern Railway Company and the Western Pacific Railroad Company desire to connect their two systems by constructing a railroad from Klamath Falls, Oregon, to Keddie, California, a distance of two hundred miles, and have made application to the Interstate Commerce Commission for permission so to do as in the public interest; and

Whereas, the building of such connection will give the Great Northern an entrance into this State and to this City and give to the State and to the City the transportation facilities and services of another transcontinental system and in particular will establish a second and independent line between this State and the northwestern part of the United States and Canada; and

Whereas, it is to the interest of the State that it be connected closely and by independent lines with all parts of the United States, and there is at the present time but one line connecting the State with the states to the north and with Canada; and

Whereas, it is directly and immediately to the interest of this City that it be connected closely and by independent lines with all parts of the United States.

Resolved, That in the judgment of this Board the public interest requires that the Great Northern Railway Company and the Western Pacific Railroad Company be granted the right to connect their railroad systems as they are seeking permission to do and that the City and County Attorney be and he is hereby authorized and instructed to intervene in the matter of said application to the Interstate Commerce Commission and on behalf of the City to favor the granting of such application and to take such steps as he may be advised in that behalf.

Amendment.

Supervisor Shannon moved as an amendment that the resolution be referred to the Public Utilities Committee.

Supervisor Havenner moved as an amendment to the amendment that it be referred to the Public Welfare Committee.

Whereupon, it was agreed to refer to a joint committee on Public Utilities and Public Welfare.

RECESS.

Whereupon, the Board at the hour of 12 p. m. took a recess until 2 p. m.

REASSEMBLED.

The Board of Supervisors reassembled at 2 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Andriano, Colman, Deasy, Havenner, Hayden, Kent, McSheehy, Marks, Powers, Schmidt, Stanton, Toner—12.

Absent—Supervisors Gallagher, McGovern, Roncovieri, Shannon, Suhr, Todd—6.

Quorum present.

His Honor Mayor Rolph being absent, Supervisor Marks was elected to preside.

Taxicab Rates.

Supervisor McSheehy presented:

Bill No. ————, Ordinance No. ———— (New Series), as follows:

Amending Section No. 24 of Ordinance No. 6979 (New Series), entitled "Regulating the use of taxicabs, automobiles and public vehicles for hire, fixing the rate to be charged for the transportation of persons and personal baggage, regulating the use of boats in the waters of the Bay, providing a punishment for any violation thereof and repealing Ordinance No. 1898 (New Series."

Section 1. Section 24 of Ordinance No. 6979 (New Series), the title to which is recited above, is hereby amended to read as follows:

Charges for Taxicabs.

Section 24. The following schedule of charges for taxicabs be and is hereby adopted as the legal taxicab rate in the City and County of San Francisco, and shall not be exceeded:

Taximeter Rate.

For five passengers or less: First one-third mile or fraction thereof, twenty-five cents. For each one-third mile thereafter, ten cents. For each five minutes waiting, ten cents.

Hour Rate.

First one-half hour or fraction thereof, two dollars; second half-hour, one dollar and fifty cents. Each subsequent hour, two dollars and fifty cents.

The passenger when engaging the taxicab shall elect whether he will employ it by taximeter or hour rates.

Section 2. This ordinance shall take effect immediately.

Referred to Police Committee.

Emergency Hospital, Park-Presidio District.

Supervisor Shannon presented:

Resolution No. ———— (New Series), as follows:

Whereas, the Park-Presidio District of the City and County of San Francisco is one of the most thickly settled portions of San Francisco; and

Whereas, Geary street is one of the main arteries leading to the Ocean Beach; and

Whereas, automobile traffic through the district has increased to such an extent that numerous automobile accidents have happened in the past; and

Whereas, for the proper and speedy care of citizens that may be injured in the future,

Resolved, That the sum of $100,000 be appropriated in the ensuing Budget, 1929-1930, to be xepended for the erection and installation of an emergency hospital to be located at a suitable location to be selected within the area known as the Park-Presidio District.

Referred to Finance Committee.

Report of Committee on Public Health in re Garbage Disposal.

The following was presented by Supervisor Toner and read by the Clerk:

To the Honorable Mayor and Board of Supervisors of the City and County of San Francisco.

Gentlemen: Your Public Health Committee respectfully submits the following report:

In placing before your Honorable Body a report of our study of the garbage situation in San Francisco, we are cognizant of the fact that we are dealing with a problem that has been unsuccessfully wrestled with by our predecessors and is a very serious economic and sanitary question for San Francisco.

Your Committee has searched out all available information, has heard every proponent and every protestant of every conceivable garbage collection or disposal plan; has visited and inspected the plants of American cities; has gathered information relative to European garbage problems through correspondence, and has exhausted all means of information before venturing to render this report.

The reason these extraordinary measures were taken is due to the fact that the problem is so deep and so vital to the health of the City that we have stopped at no effort in our search after a plan which will forever solve this problem, so important to San Francisco, because San Francisco, at the gateway of the Orient and world commerce, has a particularly difficult sanitary problem.

An adequate report which would explain every phase of this subject would contain volume after volume, more than your Board could peruse in a term of office. Therefore, in order to relieve this Board of the task we have selected the systems most successful for the disposal of garbage in other cities, and we report them to your Honorable Board.

I.

Garbage Collection.

Your Committee makes no recommendation on garbage collection but reserves its report until the Bureau of Governmental Research shall have reported the results of an investigation now going on. This will be the first unbiased and scientific information this Board has ever received on garbage collection.

II.

Garbage Disposal.

The following are the methods used in garbage disposal:

1—Dumping at sea;
2—Reuction process;
3—Fill and cover;
4—Incineration.

After a careful study of the above methods as applied to San Francisco, your Committee finds incineration the most sanitary and most efficient means of ridding the City of its refuse. Incineration is being adopted by most cities of this country as well as Europe and South America.

III.

(A) *Location.*

We recommend that the incinerator be built upon the site at Fifteenth and De Haro streets now owned and used by the City for this purpose. The above described lot is 200 by 400, which is sufficient ground for the erection of a modern incinerator. Furthermore, the aforesaid site will obviate unnecessary expense, realty difficulties, and the possibility of protest against locating an incinerator upon a new and untried location. This locality is sufficiently central to cut the hauling cost, which is an important factor in garbage collection. It

would be difficult to find a more practicable site for an incinerator than on the land owned by the City at Fifteenth and De Haro streets. The cost of the purchase of another lot which would meet with the approval of the public would add an unnecessary expenditure.

(B) *Operation and Financing of Incinerator.*

Your Committee believe that an incinerator is and should be classed as a public utility, and that as our Charter commits our City to the acquisition and ownership of its utilities, that the incinerator should, if possible, be publicly owned and operated. The only objection to this plan is the obtaining of the necessary funds to carry out the construction. We deem it neither possible or advisable to visit upon the taxpayers in any one year the cost of construction, and, therefore, the only alternative to effect public construction would be a bond issue. Owing to the present conditions in the municipal bond market there are grave doubts in the minds of the members of your Committee as to whether it is feasible at this time to float a bond issue at a reasonable rate of interest, and as the need of the incinerator is urgent, and cannot await the improvement in the bond market, we believe that the interests of the City would be best conserved, and the public ownership provisions of our Charter adhered to, by permitting this incinerator to be built by private capital, giving to the builder the right to operate it for a definite period of years, with the definite understanding that the City might take it over at cost, less a fair depreciation, at any time during or at the expiration of the period. This plan might or might not carry with it the exclusive privilege of collecting the garbage as well as the privilege of incinerating it. The plan indicated would give to the City the right to become the owner of the plant at any time that a bond issue for the necessary amount would be deemed advisable, or other suitable financial arrangements would be made to produce the required cost. The plan of permitting private capital to construct the incinerator should provide for its construction upon the City's lot above mentioned, and should include a reasonable rental to the City for the use of the lot. We most respectfully recommend that no proposition looking to the construction of the incinerator by private capital be considered unless it contains both definite and fair provisions regarding the retaking of the plant by the City whenever it is deemed advisable to do so.

(C) *Type of Incinerator.*

The following are the fundamental requirements for a suitable incinerator:

1. An incinerator must have good general conformation and architectural design, good workable conditions, and require a minimum amount of labor.

2. The plant must destroy rubbish and garbage in a sanitary and inoffensive manner, with complete destruction at minimum cost. If an incinerator is insanitary and offensive it fails in its principles and is a total loss. For that reason the initial cost is not altogether the determining factor.

3. The furnace of the incinerator must preferably be of brick type, according to the best engineering counsel, thus giving better radiation.

4. The plant must be such that there will be no interference or delay in the collection of refuse or in delivering it to the plant. The cheapest plant to operate and keep in repair is one which has a uniform, regulated operation. Mechanical feed and automatic hoppers are therefore essential.

5. The incinerator must be equipped with shaker grates, the latter preventing clinkers. Clinkers are the bane of most incinerators. The shaker grates should operate over an ash pit with a special drop for cans and noncombustible substances.

6. A single-cell furnace fails of efficiency for want of mutual assistance; for that reason a four-cell furnace is preferable, and the Com-

mittee recommends it, as we feel that the mutual assistance type is of great help in the complete destruction of garbage.

7. The baffle wall is another important requirement of the good incinerator. The baffle wall increases the efficiency of a furnace by changing the direction of the flow of the gases, which breaks stratification, thus greatly increasing the distances the gases must travel, so that those gases are retained for a longer period. Great additional heat is utilized by the retention of the gas.

Your Committee has found the type of incinerator built by the city of Chicago in 1928 to embody the above-described qualifications, and a model for modern refuse burners.

The accompanying specifications were provided through the courtesy of the City Engineer of Chicago, Mr. L. Gayton. These are the major specifications for the incinerator which we recommend for San Francisco. Definite engineering recommendations are attached for the information of the Board.

Your Committee recommends that whether the City constructs the incinerator itself or permits it to be private constructed, that a plant embodying the above-mentioned features be adhered to, for the reason that we believe that the features mentioned are absolutely necessary from both a sanitary and economical standpoint.

IV.

Temporary Garbage Disposal Pending Construction of an Incinerator.

Your Committee, after thorough investigation, recommends the adoption of the fill and cover method of disposal of the City's refuse until the incinerator plant be built. It is estimated that it will require a year to complete the plant.

Examinations of fill and cover operations in Seattle and other cities where it is utilized convince the Committee that it will solve an emergency condition in San Francisco.

Several fill and cover projects were considered by the Committee, but only that of the Industrial Land Developing Company contained the necessary safeguards against insanitary conditions and fill the health requirements of this Committee and of those other communities wherein fill and cover projects are now in operation.

(A) *Education.*

The garbage must not be dumped where it will menace the health of homes in the vicinity, nor must it be dumped too far from the city for garbage hauls. Should a site be selected too far out it would increase the cost of garbage collection.

The garbage must not be dumped close to any food supply of the City, because of the possibility of contamination before the refuse can be covered. If all of these requirements are strictly observed your Committee believes the investigation of fill and cover proves that it can be used temporarily to dispose of the waste of San Francisco.

The Board of Supervisors has recently recommended reclamation of this district. The Industrial Land Developing Company has agreed to grade Donohue street from Hunters Point to the proposed site for fill and cover. This will eliminate the necessity of the garbage wagons going through the residential section of Bayview.

For these reasons the site selected by the Industrial Land Developing Company at Hunters Point appears to be practical.

(B) *Safeguards.*

It is imperative that the fill and cover contractor be required to own the land upon which he proposes to dump the garbage, and that the primary purpose of such contractor be construction of new land for building purposes rather than mere profits from garbage disposal.

In the latter case the contractor will naturally endeavor to fill and cover as cheaply as possible, in order to make a profit. In the case of

the owner of land utilizing the garbage to create new land for building purposes, it is clear that the garbage must be buried deeply, so that the land will be sanitary and marketable.

No municipal restriction will prove one-half so efficient as the necessity of making marketable land, in the opinion of your Committee.

The fact that the Industrial Land Developing Company proposes to create new industrial land sites for San Francisco out of land filled with garbage off Hunters Point, prompts this Committee to recommend they be given the franchise.

We recommend that this Board grant the Industrial Land Developing Company said franchise to fill and cover land at Hunters Point according to plans and specifications presented by them to this Committee and now in the possession of your Board, for the sum of one dollar per ton, said franchise to be revocable when the incinerator shall be built and ready for operation.

Propositions.

Saltelkan Engineering Company, 605 Market street, Sutter 2033:

Erect vacuumizer retort, present location. Twelve units. No cost to city. Retort to cost $900,000; revert to City after twenty years. City may buy plant during life of franchise by paying $900,000, minus depreciation. Pay rent on property valuation. One dollar per ton for incineration.

Leopold Lange, 905 Sutter street. Two propositions:

1. Reconstruct present incinerator. Five-year contract. Meantime erect one unit Lange model incinerator.

2. If satisfactory, erect entire plant, to cost $1,000,000, on a fifty-year franchise. At end of fifty years revert to City. City may buy plant during life of contract, less depreciation. Plant to be erected on City property, Fifteenth and De Haro streets. No rent paid to City. One dollar per ton for incineration.

R. W. Lawton, representing Nye Incinerator Company:

Will build 600-ton plant at company's expense in return for franchise of twenty-five years, after which period it reverts to City. $1.50 per ton for incineration. Build on City property. Rental $1 per year.

Wm. Hirsch, Ludwig incinerator, 960 Natoma street, Underhill 2851. Two propositions:

1. Erect two 400-ton Ludwig incinerators on lot furnished by City with spur track facilities. Twenty-five-year franchise at $1 per ton. Plant to revert to City after twenty-five years. No rent.

2. Build two 400-ton Ludwig incinerators on City lot. Fifteen-year franchise. Company to operate incinerators six years. City to have privilege to buy incinerators at end of six years. Pay cost for incinerators with interest on investment, minus depreciation. Cost of plant, $1,000,000.

Steam Shovel and Trucking Contractors, 74 New Montgomery street:

Fill and cover on tidewater land at South Basin. Permanent or temporary. Will cut Donohue street through so as to prevent wagons going through residential section of Bayview. Process to be conducted in sanitary manner. Charge, $1 per ton.

Tide Land Reclamation Company, T. E. Treacy, president:

Fill and cover in South Basin territory, neighborhood Carroll and Ingalls streets. Permanent or temporary. Process to be conducted in sanitary manner. Will take garbage to dump in steam cars, street cars or trailers.

Scavengers' Protective Union, Inc.:

Build incinerator on City property, Fifteenth and De Haro, approximately $1,000,000. Type to be chosen by City. Revert to City after twenty-five years. Pay rent on fair valuation of property. City to have right to buy plant any time during life of franchise at cost of plant, minus depreciation.

Adolph Uhl:

City to condemn 1200 acres of land in South Basin in units of 100 acres per year. City to build four receiving stations for garbage:

1. Foot of Powell street.
2. Geary and St. Joseph's, adjoining cemetery.
3. Ingleside District.
4. Tenth and Bryant street.

Garbage to be dumped in receiving stations in day time. At night loaded on municipal gondola cars, hauled to dumping ground and covered with dirt. Dumping maintained in a sanitary manner.

Capt. George W. Beers, 815 O'Farrell street, Ordway 3241:

Taking garbage to sea twenty-five miles. City to furnish docks, to cost approximately $60,000 to $100,000, depending on location. $1 per ton. Franchise to run two to three years. City to guarantee delivery of 15,000 tons per month. Company to furnish two ships, either capable of handling entire monthly output.

J. J. Henderson, 620 Mills Building. Two propositions:

1. City to build wharf and furnish equipment at cost of $190,000. Give company five-year franchise at 87½ cents per ton.
2. Company to build wharf. Receive a ten-year franchise at $1.20 per ton. Garbage to be dumped twenty-five miles at sea.

Respectfully submitted,

COMMITTEE ON PUBLIC HEALTH,
DR. J. M. TONER, Chairman;
J. EMMET HAYDEN,
JAMES B. McSHEEHY.

Motions.

Supervisor Toner moved that the Board of Supervisors meet a week from tomorrow and sit in Committee of the Whole for the purpose of having a public hearing on the subject of garbage disposal.

Supervisor Andriano moved as an amendment that we make it a Special Order of Business for next Monday at 2 p. m., and, upon Supervisor Gallagher's suggestion, that at that time we give not less than two and one-half hours to the hearing.

Amendment *carried*.

Summons.

Whereupon, the following was presented by Supervisor Hayden, read by the Clerk and made a part of the record:

In the Superior Court of the State of California, in and for the City and County of San Francisco.—Department No. ——.

San Francisco Development Corporation, Plaintiff, vs. City and County of San Francisco (a municipal corporation) et al., Defendants.

The People of the State of California send greeting to J. Emmet Hayden, Dr. J. M. Toner, Dr. W. C. Hassler, James B. McSheehy:

We command you, that all and singular, business and excuses being set aside, you appear and attend before Honorable E. P. Mogan, Judge of our Superior Court of the City and County of San Francisco, State of California, at a session of said Court to be held at the courtroom of said Court (Department No. 7) in the City and County of San Francisco, on the 6th day of May, A. D. 1929, at 10 o'clock a. m., then and there to testify in the above stated cause now pending in said Superior Court, on the part of plaintiff, and for failure to attend you will be deemed guilty of contempt of Court, and liable to pay all losses and damages sustained thereby to the parties aggrieved, and forfeit one hundred dollars in addition thereto.

By order of our Superior Court this 18th day of April, A. D. 1929.

Attest my hand and the seal of said Court, the day and year last above written.

(Seal) H. I. MULCREVY, Clerk.
By H. BRUNNER, Deputy Clerk.

Communication From the Mayor.

The following was read by the Clerk:

San Francisco, Cal., April 20, 1929.

Hon. Board of Supervisors, City Hall, San Francisco.

Gentlemen: Application has been made to me by Hon. M. M. O'Shaughnessy, City Engineer, and Ralph D. Wichman, member of the Engineering Department, for leaves of absence, with permission to leave the State of California, for a period of thirty days, beginning April 22, 1929.

I hereby request that you concur with me in granting said leaves of absence.

Yours very truly,
JAMES ROLPH, JR., Mayor.

Resolution Defeated.

Whereupon, the following resolution was presented by Supervisor Toner and *refused passage* by the following vote:

Resolution No. ———— (New Series), as follows:

Resolved, That City Engineer M. M. O'Shaughnessy and his assistant, R. D. Wichman, be given a leave of absence of thirty (30) days to go to the City of Chicago for the purpose of investigating incineration operations in that city; and be it

Further Resolved, That the Finance Committee provide the necessary funds for the expense of the aforesaid trip.

SPECIAL ORDER—11 A. M.

Oakwood Street Extension.

Hearing of the objections of Killpatrick Estate, represented by Mrs. W. G. Fransen, against the valuation of $4,500 fixed by the Board of Public Works in the report, assessment and plat filed February 11, 1929.

Objections of Killpatrick Estate Against Extension of Oakwood Street.

The following was read by the Clerk:

217 Lexington Avenue,
San Francisco, April 11, 1929.

Dear Honorable Sirs, Board of Supervisors: In regards to the extension of Oakwood street, I, Mrs. W. G. Fransen, one of the owners, which our lot blocked for many years, and mother had before I was born. I am not against for the street to go through, but I am surely not in favor of the price which they have offered, that is why I did not sign. I have been offered $6,000 for it from a very responsible party. And latter on from one of the Italians of the street more than I have been offered, and it surely is worth that to all concerned, for the benefit of them all on the street. And if I were on that street I surely would not hesitate to pay what I was assessed for when it will improve the property all around.

I have been paying taxes alone for the past 12 years and more, and when a person has a lot for the benefit ones on a street that way I certainly would be foolish to sign for what they have offered, as they all know it is worth more. And when it comes up Monday give me a chance to talk in regards to such, and oblige.

Yours respectfully,
(Signed) MRS. W. G. FRANSEN (Daughter)
Of Killpatrick Estate,
Owner of property to be acquired.

Supervisor Gallagher explained that the representative of the Killpatrick Estate had agreed to accept $500 additional and withdraw her protest.

Whereupon, the following resolution was presented and *adopted*:

Confirming and Adopting Report, Assessment and Plat Filed by the Board of Public Works for Extension of Oakwood Street.

Resolution No. 30831 (New Series), as follows:

Whereas, the Board of Public Works did, on the 11th day of February, 1929, file a report and plat showing the assessment district, the lots to be assessed, the land to be taken for the extension of Oakwood street from its present southerly termination southerly to the northerly line of Nineteenth street.

Whereas, the Board of Supervisors fixed the 15th day of April, 1929, at the hour of 10 a. m., as the day on which all persons interested shall be required to show cause, if any they have, why such report should not be confirmed and adopted; and

Whereas, the written objections filed April 13, 1929, by Killpatrick Estate, represented by Mrs. W. G. Fransen, against the valuation fixed by the Board of Public Works in the report filed February 11, 1929, for the extension of Oakwood street have been withdrawn; now, therefore, be it

Resolved, That the report of the Board of Public Works filed on the 11th day of February, 1929, showing the assessment district, the lots to be assessed, the land to be taken for the extension of Oakwood street from its present southerly termination southerly to the northerly line of Nineteenth street be and is hereby confirmed and adopted.

Further Resolved, That the Clerk be directed to transmit to the Board of Public Works a certified copy of the report, assessment and plat as confirmed and adopted by the Board of Supervisors.

SPECIAL ORDER—2 P. M.

Consideration of report and resolution of Civil Service on salary standardization.

CLASSIFICATION OF POSITIONS FOR SALARY PURPOSES.

The following resolution as amended was *adopted*:

Resolution No. 30832 (New Series), as follows:

Resolved, That the following classification of duties of all employments for which the Board of Supervisors are to fix compensations under Section 14, Chapter II, Article II, of the Charter, prepared by the Civil Service Commission and favorably reported upon by the Civil Service Committee of the Board of Supervisors, is hereby adopted by the Board of Supervisors, to-wit:

Classification of duties of all employments for which the Supervisors are to fix compensations under Section 14, Chapter II, Article II, of the Charter, which classification has been made by the Civil Service Commission at the request of the Board of Supervisors.

Concerning Arrangement—

The classification consists of a large number of classes, for each of which the Supervisors are to fix a salary range.

The arrangement of the classes into subdivisions is for convenience in bringing similar or related classes together; such arrangement will be of assistance in administration of the classification and in the consideration of compensations to be fixed for classes somewhat related

to each other. The arrangement of subdivisions into divisions is to bring similar subdivisions together for convenience of administration.

The class numbering also has no significance other than that of providing a convenient method of referring to classes. Classes are arranged in order of importance where that order is obvious. In most other cases, classes are arranged alphabetically within the subdivisions.

Concerning Job Numbers—

Every permanent position which is subject to salary standardization has been assigned a job number. These numbers are allocated to the various classes in accordance with the duties performed.

Each department has its own set of job numbers, beginning in each case with "1" and preceded by a letter symbol identifying the department. Thus "As 1" represents a position in the Assessor's Office. Job numbers are still further identified by a list of incumbents (as of February 14, 1929), which is being mimeographed and distributed separately. This list is only for the purpose of identifying the positions; it is the *positions* that are subject to classification on the basis of duties and responsibilities involved, and not the incumbents of such positions.

Following each class definition in the classification is a list of reference numbers showing in what departments and in what positions therein duties covered by the class definition are performed. Each such reference number consists of the department symbol followed by a single job number of a series of job numbers. A series, such as "4-13," indicates that job numbers "4" to "13," *both inclusive*, perform the duties indicated by the class.

All changes in the number of permanent positions in any department, as these changes are authorized from time to time, can be accomplished by amending the proper series of job numbers. For example, if job numbers "26" and "53" were later added to the above series the series would then read: "4-13, 26, 53."

"Training and Experience Required—

(a) For each class or position, contained in this classification, that is subject to the provisions of Article XIII of the Charter, the ap-

pointee, or appointees, thereto must possess the training and experience which, in the judgment of the Civil Service Commission, are necessary to a proper performance of the duties of such class or position.

(b) For each class or position contained in this classification that is exempt from the provisions of Article XIII of the Charter, the appointee, or appointees, thereto must possess training and experience necessary to a proper performance of the duties of such class or position."

"*Seniority of the Personnel—*

Seniority of the personnel in this classification shall be given consideration in accordance with accepted practice in determining salary ranges within each class, and, wherever practicable, shall also be given consideration through promotions."

Civil Service Classification or Duties Not to be Adversely Affected—

Nothing contained in this classification shall adversely affect the civil service classification or duties of any person holding a position in the city service at the time of adoption of this classification; and the fact that any such person holds a position in a class or grade higher or lower than the class or grade for which such person qualified by passing the required examination, shall not be held to benefit or injure such person with regard to such civil service classification or duties.

DIVISION A.

Building Trades Service.

This Division includes duties requiring journeyman skill or experience (where such classification exists in general practice) in building and allied trades, supervision or inspection of such duties, and duties of assistants which require previous experience in the trades. It does not include duties requiring professional engineering qualifications.

See also Electrical Trades, Metal Trades and Miscellaneous Trades Divisions.

A 1-50—*Administrative Subdivision.*

This Subdivision covers duties involving the planning and direction of building repair operations and the supervision of various crafts assigned to such work but does not include foremen of single crafts.

A 2. General Foreman of Building Repair—Under direction of the Superintendent of Maintenance and Repair of Public Buildings, assists in supervising the repair of public buildings, which duty involves the requisitioning of materials and assignment of men.—Wbr 1.

A 6. Supervisor of Maintenance and Repair of School Buildings—In charge of school building maintenance, including general supervision of school custodians and heating plant engineers; also responsible for inspecting physical conditions of buildings, estimating costs, and recommending repairs.—Ed 1.

A 10. Superintendent of Maintenance and Repair of Public Buildings—In charge of the maintenance of all public buildings except school buildings, the repair of all public buildings, and the maintenance and repair of public bridges.—Wbr 2.

A 51-100—*Bricklaying Subdivision.*

A 52. Hod Carrier—Mixes mortar, carries brick, mortar, and other materials, and generally assists a bricklayer.—Wsw 1-10.

A 56. Bricklayer—Lays brick, terra cotta, and other similar materials in the construction and repair of sewers, cesspools, manholes, and general building operations; requires journeyman skill and experience.—Wsw 11-16.

A 101-150—*Building Inspection Subdivision.*

This Subdivision includes only inspectional duties involving enforcement of general building laws and ordinances and, in the case of

public buildings, compliance with approved plans and specifications. It does not, however, include such duties where professional engineering qualifications are required.

For Electrical Inspection, see Electrical Trades Division; for Housing Inspection, see Miscellaneous Inspection Division.

A 106. Building Inspector—Inspects construction or reconstruction of buildings in an assigned district to check conformity with approved plans and specifications and building laws, and makes reports thereon; or, as assigned, checks and approves plans and specifications for construction or reconstruction of buildings to insure conformity with building laws and ordinances but not involving checking plans or specifications requiring engineering knowledge.—Wbi 1-13.

A 110. Public Building Inspector—Inspects the construction of public buildings to insure conformity of workmanship and all materials and installations to plans and specifications; also interprets plans and specifications for contractors and foremen.—War 1-6.

A 151-200—Carpentry Subdivision.

A 152. Carpenter's Apprentice—During a prescribed course of apprenticeship and under the direction of a journeyman carpenter, performs the less skilled duties of the craft involving the use of tools of the trade; includes duties now performed by carpenters' helpers.—Wbr 3-4.

A 154. Carpenter—Performs general carpentering duties such as fashioning, joining, assembling, erecting, or fastening materials of wood, hollow metal, cork, compo board, or fiber; lays asphalt shingles; makes or repairs furniture, cabinets, lockers, and other articles of wood; requires the experience and skill of a journeyman carpenter.—Ed 2-3, Es 1, Fi 1-2, Pg 1-6, Wbr 5-31, Wmr 1-3.

A 158. Foreman Carpenter—Performs the duties of a carpenter, and in addition plans and directs the work of a group of carpenters and occasionally of allied crafts assigned to his supervision; also estimates costs, requisitions materials and checks delivery of same, and keeps time of subordinates.—Ed 4, Pg 7, Wbr 32-34.

A 160. F 12. City Engineer—Subject to administrative approval, directs all engineering projects coming under the jurisdiction of the Board of Public Works; initiates and develops plans for future engineering projects; is executive head of the Bureau of Engineering.—Wen 26.

F 51-100—*Aeronautical Subdivision.*

F 52. Meteorological Computer—Observes weather conditions; collects, computes and records weather data; prepares weather reports and maps; requires a knowledge of meteorology.—Ma 1.

F 54. Meteorologist—Directs the collection, tabulation, analysis and dissemination of meteorological data; supervises the preparation of weather maps; prepares weather reports.—Ma 2.

F 56. Inspector of Aircraft—Performs the duties of an airport attendant, and in addition inspects motors and planes; requires a thorough knowledge of aircraft and motor construction and safety factors; must hold both airplane mechanic's and engine mechanic's licenses issued by the United States Department of Commerce.—Ma 3.

F 60. Assistant Superintendent of Municipal Airport—Assists in directing the operation of the Municipal Airport; collects fees, rents and other revenues; in the absence of the superintendent supervises landing and departure of aircraft; requires a knowledge of aircraft and airport regulations.—Ma 4.

F 62. Superintendent of Municipal Airport—Subject to administrative approval, directs the operation of the Municipal Airport; assigns hangar space; sees that aircraft and pilots are licensed; examines non-licensed pilots and aircraft to determine whether or not to grant permission to take off; looks after collection of fees, rents and revenues; enforces regulations of the airport; requires a knowledge of such matters as aircraft construction, safety factors and flying conditions.—Ma 5.

F 101-150—Architectural Subdivision.

F 102. Architectural Draftsman—Regularly performs general drafting and computing duties, with particular emphasis on the preparation of drawings, plans, specifications, etc., for the construction or repair of buildings.—War 9, Wen 27.

F 104. Architectural Estimator—Checks plans and specifications submitted by architects bidding on construction of public buildings to insure conformity to specifications of the City Architect; also checks progress estimates of contractors as a basis for progressive payments.—War 10.

F 106. Architectural Designer—Performs the duties of an architectural draftsman, and in addition directs the preparation of plans and specifications for the construction or repair of buildings; directs the work of draftsmen as assigned.—Wen 28.

F 108. Architect—Regularly supervises the design, construction and alteration of buildings of major proportions; directs draftsmen and inspectors as required.—Wen 29-30.

F 112. Superintendent, Bureau of Architecture—Subject to administrative approval, cooperates with the City Architect and with interested department heads in the construction of public buildings; also directs the work of public building inspectors, draftsmen and others in the Bureau of Architecture.—War 11.

F 151-200—City Planning Subdivision.

F 158. City Planning Engineer and Secretary—Acts as executive officer of the City Planning Commission; maintains official maps of zones and set-back lines; handles procedure connected with requests for reclassification and hearings thereon; makes independent field investigations when necessary.—Cp 1.

F 201-250—Civil Engineering Construction Subdivision.

F 202. Inspector of Public Works Construction—Performs inspection duties on engineering projects, such as streets, sewers, sidewalks, walls, etc., where no professional engineering or surveying knowledge is required; sees that materials and workmanship conform to plans and specifications; sees that lines and grades are followed; makes cost and progress reports. Works alone on minor projects or under immediate supervision on major projects.—Wen 31-48, Wsw 17.

F 204. Civil Engineering Inspector—Inspects the construction of minor engineering projects or assists in the inspection of construction on major engineering projects where such duties involve responsibility for locating lines and levels and for computing grades, curves, etc., or for computing quantities and costs on major projects; requires ability to do surveying and a knowledge of engineering formulae; sees that workmanship, materials, lines and grades conform to specifications; makes required reports.—Wen 49-71.

F 206. Senior Civil Engineering Inspector—Performs the duties of a civil engineering inspector on major engineering projects, and in addition thereto directs the work of subordinate inspectors and others working on such projects.—Wen 72-84.

F 208. Chief Civil Engineering Inspector, Minor Projects—Directs the inspection of construction on all minor engineering projects, such projects usually being in progress simultaneously at various locations; checks the work of subordinate inspectors.—Wen 85.

F 210. Chief Civil Engineering Inspector, Major Projects—Directs the inspection of construction on major engineering projects, such projects usually being in progress simultaneously at various locations; checks the work of subordinate inspectors.—Wen 86.

F 214. Construction Engineer—Under general direction only. supervises the construction of a very large engineering project such as a large tunnel; directs the work of civil engineering inspectors and others assigned to such project; may also assist in directing the design of projects.—Wen 87.

F 216. Maintenance of Way Engineer, Municipal Railway—Under general direction only, supervises the maintenance, repairs and construction of roadbed, tracks and appurtenances for the Municipal Railway.—Wen 88.

F 218. Superintendent of the Bureau of Street Repair—Subject to administrative approval, directs all activities of the Bureau of Street Repair; cooperates with the Bureau of Engineering in the development of street reconstruction programs; requires the qualifications of a civil engineer.—Wsr 4.

F 251-300—Civil Engineering Design Subdivision.

This Subdivision includes duties involving chiefly a knowledge of general engineering drafting and the supervision of such duties. For duties involving a knowledge of architectural, electrical, mechanical and structural drafting, see appropriate Subdivision of this Division. For duties involving a knowledge of drafting but responsibility for a definite permanent assignment, see Special Assignments Subdivision.

F 252. Junior Civil Engineering Draftsman—Prepares maps of streets, lots and miscellaneous plans from field notes or other records, or makes corrections in such maps; requires ability to do neat drawing and lettering, but does not involve the use of complicated engineering formulae.—As 40-41, Fi 23, Wen 89-91.

F 254. Civil Engineering Draftsman—Prepares working drawings from field notes and other instructions; makes or checks computations requiring a knowledge of engineering formulae and their application; assembles specifications; prepares assessments for minor projects.—Cp 2, Wen 92-108.

F 256. Cartographer and Art Designer—Regularly does especially artistic drafting, fancy lettering and engrossing; prepares relief maps, models, etc., as required.—Wen 109.

F 258. Senior Civil Engineering Draftsman—Performs the duties of a civil engineering draftsman, and in addition thereto is frequently given special assignments involving ability to work independently, such as making field investigations to suggest solutions to minor engineering problems, or gathering general information needed in connection with problems of design and utilizing same in connection with assigned drafting work, or computation work involving an expert knowledge of higher mathematics and more than ordinary knowledge of engineering formulae, or checking construction plans and reports for field changes, or may be called upon to prepare plans and specifications for steel or concrete structures, requiring a knowledge of mechanics of materials.—Pg 17, Wen 110-126.

F 260. Civil Engineering Designer—Performs the duties of a senior civil engineering draftsman, and in addition directs the preparation of plans, specifications, and estimates for major improvements or projects, such as major highways and boulevards, tunnels and reclamation projects; conducts investigations and confers with public; orders sur-

veys or secures necessary data; prepares engineering reports; directs the work of subordinate draftsmen; when required, prepares assessment districts to defray the cost of major construction projects; requires thorough knowledge of engineering design and mechanics of materials.—Wen 127-133.

F 262. Sanitary Engineering Designer—Performs the duties of a senior civil engineering draftsman, and in addition directs the preparation of plans and specifications for sewers and drainage systems; orders surveys or secures necessary data; directs the work of subordinate draftsmen; when required, prepares assessment districts to defray the cost of major construction projects.—Wen 134.

F 270. Chief Civil Engineering Designer—Directs the design of, and preparation of plans and specifications for, major engineering projects; supervises the work of the central drafting room, including draftsmen and designers of civil, mechanical and structural branches of engineering.—Wen 135.

F 301-350.—Civil Engineering Design and Construction Subdivision.

F 304. Supervisor of Playground Construction and Maintenance—Supervises the design and construction of buildings, grounds and playground apparatus, including the surveying and laying out of new grounds; also directs the care and maintenance of grounds and the workmen engaged thereon.—Pg 18.

F 320. Senior Civil Engineer—Under general direction only, develops preliminary estimates and plans for contemplated projects of the first magnitude; consults with engineers in charge of design or construction of major projects; gives advice on matters requiring specialized engineering knowledge of the highest order; directs a group of draftsmen and designers as required.—Wen 136.

F 351-400—Electrical Engineering Subdivision.

F 352. Electrical Draftsman—Regularly prepares working drawings of electrical construction or equipment; makes or checks computations involving a knowledge of engineering formulae; assembles plans and specifications.—Wen 137-138.

F 354. Electrical Engineering Designer—Performs the duties of an electrical draftsman, and in addition directs the preparation of plans and specifications for electrical construction or equipment; directs the work of draftsmen as assigned; may also make tests of electrical equipment, make surveys of electrical requirements, or do related specialized work.—Wen 139.

F 356. Electrical Engineering Inspector—Inspects electrical installations and apparatus of municipally-owned projects, tests motors and inspects electrical equipment being manufactured for or delivered to the City; incidentally performs the duties of an electrical draftsman.—Wen 140-141.

F 360. Assistant Electrical Engineer—Regularly assists in supervising the design and construction or installation of major electrical engineering projects; directs draftsmen and inspectors as required.—Wen 142.

F 362. Electrical Engineer—Directs electrical design and construction, involving responsibility for a major division of the City's electrical engineering work, such as street railways or general electrical construction; directs designers, draftsmen and inspectors as required.—Wen 143.

F 366. Superintendent, Department of Electricity—Subject to administrative approval, directs all of the work of the Department of Electricity; designs improvements in fire alarm, police and traffic signal systems; supervises construction, operation and maintenance of such systems, and also the inspection of private electrical installations.—Ey 63.

F 370. Chief Electrical Engineer—Directs all electrical design and construction under control of the City, except that covered by the Department of Electricity; directs the operation of municipal power

houses and transmission lines; also has charge of mechanical design and construction in connection with street railways.—Wen 144.

F 401-450—*Hydraulic Engineering Subdivision.*

F 404. Hydraulic Engineering Designer—Performs the duties of a senior civil engineering, structural or mechanical draftsman, and in addition regularly directs the preparation of plans, specifications and estimates for major elements of an hydraulic engineering project; orders surveys or secures necessary data; directs the work of subordinate draftsmen; requires thorough knowledge of engineering design, particularly with regard to the application of hydraulic formulae.—Wen 145-150.

F 406. Assistant Hydraulic Engineer—Regularly assists in supervising the design and construction or installation of hydraulic structures and equipment; directs draftsmen and inspectors as required.—Wen 151.

F 408. Hydraulic Engineer—Regularly supervises the design and construction or installation of hydraulic structures and equipment; directs draftsmen and inspectors as required.—Wen 152.

F 451-500—*Mechanical Engineering Subdivision.*

F 452. Mechanical Draftsman—Regularly and continuously prepares working drawings and specifications for mechanical equipment; makes or checks computations involving a knowledge of engineering formulae; assembles plans and specifications.—Wen 153.

F 454. Mechanical Engineering Designer—Performs the duties of a senior civil engineering draftsman or of a mechanical draftsman, and in addition regularly prepares plans and specifications for mechanical equipment; directs the work of draftsmen as assigned.—Wen 154-157.

F 456. Designer, Street Railway Equipment—Regularly performs the duties of a mechanical designer as they apply to the design of street railway rolling stock and passenger buses.—Wen 158.

F 460. Assistant Mechanical Engineer—Regularly assists in supervising the design and construction or installation of mechanical equipment; directs draftsmen and inspectors as required.—Wen 159.

F 462. Mechanical Engineer—Regularly supervises the design and construction or installation of mechanical equipment of a major project; directs draftsmen and inspectors as required.—Wen 160.

F 466. Superintendent of Distributing System, Fire Department—Directs the maintenance of pipe lines, fire hydrants, reservoirs, etc., of both high pressure and small low pressure distributing systems, involving responsibility for the efficiency of the systems and requiring a knowledge of mechanical design and construction.—Fi 24.

F 501-550—*Miscellaneous Assignments Subdivision.*

This Subdivision includes those duties which involve responsibility for a definite permanent assignment (as distinguished from temporary assignments to special engineering projects), except where such duties are classified in other Subdivisions for better comparison with related employments.

F 502. Engineer of Assessments and Complaints—Directs the work of street inspectors and the procedure connected with the making of public improvements; also has charge of improvements ordered in the interests of public safety, the adjustment of complaints and grievances, and related matters requiring a thorough knowledge of engineering construction.—Wen 161.

F 506. Engineer of Grades—Directs investigations leading to the establishment or changing of official street grades and the preparation of preliminary plans and estimates for improvements in street grades; where necessary, recommends changes in property lines or street boundaries; confers with public; orders surveys; prepares ordinances; directs subordinate draftsmen.—Wen 162.

F 510. Engineer of Street Improvement Investigations—Investigates requests of property owners for street improvements, directs the

preparation of preliminary estimates and plans and initiates the necessary proceedings thereon, recommends what share of the cost of improvements shall be borne by the City in cases where the City owns property adjacent to an improvement or where the improvement is of more than local benefit; directs subordinate draftsmen.—Wen 163-164.

F 514. Engineer of Street Improvement Plans—Directs the preparation of final plans and specifications for street construction work, checks final surveys and inspection reports against plans and makes final estimates as a prerequisite to acceptance of jobs, directs design of pavements, street railway grades and other major projects as assigned; prepares and maintains official records of completed street improvements; directs the work of a group of draftsmen.—Wen 165.

F 518. Office Engineer—Performs office duties not separately classified and requiring a comprehensive knowledge of engineering design and construction. For example:

(a) Advise the public, answer questions, adjust complaints and perform related duties requiring comprehensive engineering training and experience and a thorough knowledge of engineering department organization and procedure;

(b) Prepare publicity or deliver lectures on engineering projects of the City and perform related duties requiring comprehensive engineering training and a thorough knowledge of the completed and contemplated engineering projects of the City; or

(c) Check and approve inspectors' progress reports as a basis for progressive payments on engineering contracts, and perform related duties requiring a thorough knowledge of engineering construction.—Wen 166-169.

F 551-600—Structural Engineering Subdivision.

F 552. Structural Draftsman—Regularly and continuously prepares working drawings and specifications for steel or concrete structures, requiring a knowledge of mechanics of materials; makes or checks computations involving a knowledge of engineering formulae and practice in structural design; assembles plans and specifications.—Wen 170-172.

F 554. Structural Engineering Designer—Performs the duties of a senior civil engineering draftsman or of a structural draftsman, and in addition directs the preparation of plans and specifications for walls, bridges and other steel or concrete structures; directs the work of draftsmen as assigned; collects necessary data for calculation of stresses, strains, etc.—Wen 173-176.

F 556. Structural Engineering Inspector—Inspects plans of steel-frame buildings and other large structures to see that building laws and safety requirements have been complied with, and reports thereon.—Wbi 18.

F 560. Superintendent, Bureau of Building Inspection—Subject to administrative approval, has charge of enforcement of laws and ordinances relating to the construction of private buildings; supervises the work of all building inspectors and engineers assigned to the Bureau of Building Inspection.—Wbi 19.

F 601-650—Surveying Subdivision.

This Subdivision includes those duties which require chiefly a thorough knowledge of the use of surveying instruments and the application of engineering formulae to surveying operations; also the supervision of such duties.

F 604. Surveyor's Field Assistant—Assists a surveyor by holding the rod, placing sights, measuring distances, setting stakes, reducing notes, and otherwise as directed.—Wen 177-192.

F 606. Instrument Man—Operates a transit, level or plane table; makes calculations involving a knowledge of trigonometry; assists a surveyor generally as required.—Wen 193-199.

F 610. Surveyor—Directs lot, street, topographical and triangulation surveys as chief of party; keeps notes on same; lays out lines for highways, streets, tunnels, bridges, cuts, fills and street railways.—Wen 200-208.

F 612. Office Surveyor—Regularly and continuously assembles and compiles data and instructions for survey parties; maintains maps and files of survey reports; requires a knowledge of surveying.—Wen 209.

F 614. Assistant Chief Surveyor—Assists the Chief Surveyor in assigning work to surveyors, computers and draftsmen, and in checking such work; also performs assigned duties of the Chief Surveyor in his absence.—Wen 210.

F 616. Chief Surveyor—Directs official surveying and mapping for the City and County; supervises the work of survey parties and of map draftsmen and computers; and in addition is responsible for such work as preparing legal descriptions for all property to be acquired by the City, for proceedings for the opening, closing, widening and straightening of streets, for the "location" of new streets, for supervising the mapping of new subdivisions, for the investigation of land titles to City property, and for the adjustment of old but official maps to the existing physical conditions of property. —Wen 211.

F 651-700—Traffic Subdivision.

F 652. Inspector of Loading Zones—Inspects the necessity and desirability of creating or abolishing loading zones, including the interviewing of petitioners or interested parties; investigates traffic conditions; maintains required records.—Wen 212.

F 654. Traffic Checker—Studies traffic conditions, including such duties as making traffic counts, studying the flow of traffic and measuring the speed of traffic; reports causes of delays and other reports as required.—Wen 213.

F 664. Traffic Engineer—Prepares plans and makes recommendations for the enforcement of traffic ordinances, including such duties as assembling traffic and accident data, supervising or assisting in supervising the placing, maintenance and operation of traffic signs, signals and markings; planning, location, types and timing of traffic signals, designing electrically illuminated traffic signs or improved traffic buttons; on reuest investigating and making recommendations regarding traffic aspects of proposed changes in bridges, highways, parking stations, garage entrances, sidewalk services to buildings, etc.; directs the work of inspectors, draftsmen and other subordinates engaged in carrying out these duties; prepares reports.—Wen 214.

F 701-750—Valuation Subdivision.

F 702. Valuation Engineer—Appraises the value of properties of private corporations, including engineering structures, installations and equipment, as a basis for public estimates of true value; checks such appraisals against corporation inventories; prepares exhibits and reports.—Ca 8-9.

F 704. Senior Valuation Engineer—Assists in directing the work of valuation engineers; analyzes operating methods and records; locates duplication or unnecessary expense; directs the preparation of exhibits and reports.—Ca 10.

F 706. Chief Valuation Engineer—Plans and directs the appraisal of properties of a large corporation, including supervision of the work of valuation engineers and accountants and the preparation of exhibits and reports.—Ca 11.

DIVISION G.

Examining and Evaluation Service.

This Division includes the duties of examinations, investigation and evaluation of the various factors involved in the appraisal of property or damages and in the selection or placement of candidates for employment.

G 1-50—Appraisal Subdivision.

G 2. Real Estate Appraiser—Appraises real estate for assessment purposes or investigates complaints regarding assessments of real estate, or, as assigned, checks and compares conflicting valuations of real estate.—As 42-44.

G 4. Senior Real Estate Appraiser—Performs the duties of a real estate appraiser and, in addition, directs the appraisal of all real estate and the work of all clerks or appraisers, assisting in the preparation of real estate assessments, the compilation of data and the records connected therewith.—As 45.

G 8. Improvements Appraiser—In an assigned district, appraises buildings and other improvements to real property for assessment purposes or investigates complaints regarding improvement assessments. —As 46-47.

G 10. Senior Improvements Appraiser—Performs the duties of an improvements appraiser and, in addition, directs the appraisal of all improvements to real property and the work of all clerks or appraisers assisting in the preparation of improvement assessments, the compilation of data and the records connected therewith.—As 48.

G 14. Personal Property Appraiser—Appraises personal property for assessment purposes or investigates complaints regarding personal property assessments, when such duties involve the analysis of owners' accounts to determine values, and the application of a broad knowledge of personal property values.—As 49-51.

G 16. Senior Personal Property Appraiser—Performs the duties of a personal property appraiser and, in addition, directs the appraisal of personal property and the work of all clerks or appraisers assisting in the preparation of assessments of personal property and the records connected therewith; examines declarations of owners where large amounts of property are involved and approves same or orders appraisal made; supervises the collection of unsecured personal property taxes.—As 52.

G 51-100—Civil Service Subdivision.

G 54. Special Civil Service Examiner—As occasion requires, prepares questions and "keys" and rates participants in civil service examinations where specialized or technical knowledge is required.—No job numbers assigned.

G 58. Civil Service Examiner—As a full-time occupation, prepares general civil service examination questions and "keys" for scoring same, administers examinations, rates and scores examination papers, prepares eligible lists and, as required, investigates the duties of positions.—Cs 6-7.

G 62. Chief Examiner, Civil Service Commission—Subject to administrative approval, as executive officer of the Civil Service Commission, enforces civil service laws, rules and policies; supervises the preparation and administration of examinations, the maintenance of eligible lists, the certification of eligibles for appointment, the checking and approval of payrolls, and all other duties of the offices of the Commission.—Cs 8.

G 101-150—Claims Subdivision.

G 102. Claims Investigator, Municipal Railway—Investigates and reports facts and evidence in connection with damage claims against the Municipal Railway, including locating and interviewing witnesses and physicians, investigating hospital reports and appearing at trials as required.—Wmr 90-92.

G 104. Assistant Claims Adjuster, Municipal Railway—Negotiates settlement or adjustment of damage claims against the Municipal Railway, subject to approval of the Claims Adjuster and the City Attorney —Wmr 93.

G 106. Claims Adjuster, Municipal Railway—Directs investigations

of accidents in which property or employees of the Municipal Railway are concerned, and also assists in settlement of claims subject to the approval of the City Attorney.—Wmr 94.

G 151-200—Licensing Adjusting Subdivision.

G 152. License Adjuster—Investigates and adjusts complaints from licensees and license collectors regarding over or under charges; fixes or adjusts rates on new apartments; secures payment of licenses in all cases of refusal to pay or in cases six months delinquent.—Tc 39.

G 201-250—Right of Way Subdivision.

G 202. Division Right of Way Agent—Appraises property and damage claims in connection with the purchase of property for City use and conducts negotiations for purchase of property and settlement of property damage claims.—Wen 215-219.

G 204. Assistant Chief Right of Way Agent—Performs the duties of a division right of way agent; assists in directing the work of such employees and assigns work to them; assists in supervising the clerical work of the office.—Wen 220.

G 206. Chief Right of Way Agent—Directs the work of all right of way agents in appraising and acquiring property for the City's use; approves appraisals; directs negotiations and cooperates with the City Attorney's' office in condemnation proceedings.—Wen 221.

G 251-300—Student Placement Subdivision.

G 252. Employment Clerk, Free Junior Employment Service—Locates suitable vacancies for the employment of minors and maintains lists of available applicants for employment; interviews, selects and recommends suitable applicants for available positions; prepares required reports.—Ed 379.

G 301-350—Teacher Placement Subdivision.

G 302. Employment Clerk, Board of Education—Interviews applicants for substitute teaching positions; recommends appointment of substitute teachers; maintains lists of approved and available substitute teachers; assigns such teachers on request of school principals; consolidates principals' ratings on such teachers; and assists otherwise as required.—Ed 380.

G 304. Senior Employment Clerk, Board of Education—Interviews applicants for positions as regular teachers; makes preliminary sorting of teachers' applications for further consideration of superiors; reviews principals' ratings of teachers already employed and refers to superiors those ratings which warrant special attention; assists in directing the clerical work of the Department of Personnel and takes charge of the office in the absence of the Personnel Dierctor.—Ed 381.

G 308. Personnel Director, Board of Education—Directs the work of the Department of Personnel, including the receiving of applications for non-civil service positions, the investigation of qualifications of applicants, the development of plans and policies for competitive examinations, the making of appointments, transfers and promotions, and the rating of teachers by superiors; investigates complaints regarding the employment relation; and makes recommendations regarding all matters affecting the compensation, welfare or general working conditions of the teaching force.—Ed 382.

DIVISION I.

Institutional Service.

This Division includes those duties performed at institutions which require no professional training and which are not classified in other divisions for better comparison with related employments.

(See, also, Custodial, Detention, Medical, Nursing and Welfare Divisions.)

I 1-50—Food Preparation Subdivision.

I 2. Kitchen Helper—Performs general kitchen duties under the direction of a cook, such as cleaning and preparing vegetables, assisting in serving foods, cleaning equipment and utensils, washing dishes, polishing silver, mopping floors, and similar duties as required.—No job numbers assigned.

I 6. Pastry Cook—Bakes bread, pies, cakes, puddings, and pastries for large groups; requires the qualifications of a pastry cook with commercial experience.—Hsp 42.

I 8. Head Baker—Bakes bread and rolls for large groups; supervises helpers; requisitions flour and other ingredients as required; makes reports; requires qualifications of a journeyman baker.—Hla 6.

I 12. Cook—Does general cooking requiring the qualifications of a cook with commercial experience.—Hco 39, Hla 7-10, Hhf 2, Hsp 43-49, Sh 108.

I 14. Head Cook—Does general cooking, baking and incidental butchering, and in addition directs the preparation and serving of meals to large groups; supervises subordinates, inmates, or prisoners assigned to assist; requisitions supplies; in penal institutions is also responsible for the custody of "trustees" assigned as helpers.—Hla 11, Hhf 3, Hsp 50, Jv 11, Po 15, Sh 109-110.

I 16. Chief Cook—Directs the preparation of all meals at a large institution, such as the San Francisco Hospital or Laguna Honda Home; supervises subordinate cooks and other helpers; and requisitions supplies.—Hla 12, Hsp 51.

I 20. Butcher's Helper—Assists a butcher, as directed, in the cutting of meat for cooking.—Hla 13.

I 22. Butcher—Cuts meats for cooking; requires the knowledge of an experienced butcher.—Hsp 52.

I 24. Senior Butcher—Performs the duties of a butcher, and in addition slaughters and dresses animals for food consumption, cures and pickles meats, and makes lard; orders meats; approves bills; and maintains required records.—Hla 14.

I 51-100—Food Serving Subdivision.

I 52. Pantrymaid—Prepares simple salads, fruits, or berries, and special foods according to prescribed diets; prepares trays for patients; checks dining room linen; and assists in washing dishes.—No job numbers assigned.

I 54. Waiter or Waitress—Sets tables and serves meals.—Hla 15-16, Hsp 53-69.

I 58. Head Waiter—Directs the work of waiters and waitresses, and is responsible for the cleanliness of the dining room and equipment.—Hla 17.

I 101-150—General Institutional Help Subdivision.

I 102. Inmate Help—Performs, during part time, such custodial or institutional duties as may be approved by medical officers while an inmate of a city institution (other than penal) receiving maintenance and medical care as a public ward or as a convalescent kept at public expense.—No job numbers assigned.

I 106. Morgue Attendant—Cleans and washes the bodies of deceased persons; prepares bodies for burial after autopsies; and maintains required records.—Hsp 70.

I 151-200—Laundry Subdivision.

I 152. Flatwork Ironer—Feeds a mangle or folds articles coming off the mangle, and performs other related duties as directed.—Hsp 71-88.

I 154. Laundress—Operates drying cylinders, folds dry laundry, operates a small mangle, and performs other related duties as directed.—Hla 18, Hsp 89-99.

I 156. Starcher—Prepares starch solutions, starches and wrings laundry, finishes starched collars and shirts and performs related duties as directed.—Hsp 100.

I 158. Sorter—Sorts and counts laundry before washing, operates a wringer and performs related duties as directed.—Hsp 101.

I 164. Head Marker and Distributor—Sorts, marks and distributes laundry and directs subordinate sorters and markers and distributors. —Hla 19, Hsp 102.

I 166. Wringerman—Operates a wringer and cleans and greases wringers.—Hsp 103.

I 170. Washer—Loads, empties and operates washing machines and prepares soap solutions and bluing.—Hla 20, Hsp 104.

I 172. Head Washer—Performs the duties of a washer, and in additions directs the work of other washers.—Hsp 105.

I 174. Superintendent of Laundry, Laguna Honda Home—Directs the operation of the laundry at Laguna Honda Home, makes reports and requisitions materials.—Hla 21.

I 178. Superintendent of Laundry, San Francisco Hospital—Directs the operation of the laundry at the San Francisco Hospital, makes reports and requisitions materials.—Hsp 106.

I 201-250—Porter Subdivision.

I 202. Chambermaid—Makes beds, dusts, sweeps and mops; receives, issues and accounts for linen; or washes glassware, etc.—Hco 40, Hla 22, Hhf 4, Hsp 107-114.

I 204. Porter—Performs routine institutional duties such as collecting, disinfecting or incinerating garbage, waste and refuse; delivering laundry to wards; collecting and disinfecting laundry; filling and emptying washing machines; spraying rooms to exterminate vermin; sterilizing materials such as surgical dressings and appliances, bedding, mattresses, uniforms, etc.; conveying food and dishes between wards and kitchens, and other similar duties as directed.—No job numbers assigned.

I 206. Porter Sub-Foreman—Performs the duties of a porter and incidentally directs a small group of porters or inmates performing such duties.—Hla 23-24, Hsp 115.

I 208. Porter Foreman—Assists a head porter in supervising and directing a large group of porters; checks supplies and keeps time of subordinates.—Hsp 116.

I 210. Head Porter—Directs a large group of porters, such as all porters at the San Francisco Hospital, including responsibility for hiring and disciplining of such porters; orders supplies.—Hsp 117.

I 251-300—Sewing Subdivision.

I 254. Seamstress—Marks linen, blankets, pillows and mattresses with identification tags; mends and makes towels, sheets, baby clothes, etc.; makes rubber covers to fit over mattresses, and performs related duties as directed; may requisition materials.—Hla 25, Hsp 118-123.

I 256. Head Seamstress—Mends and makes sheets, shrouds, tablecloths, nightgowns, pajamas, etc.; directs a group of seamstresses, and requisitions materials as required.—Hla 26, Hsp 124.

I 301-350—Vocational Training Subdivision.

I 302. Instructor in Basketry—Instructs inmates of an institution such as Laguna Honda Home in the weaving of baskets and reed furniture.—Hla 27.

I 304. Instructor in Weaving—Instructs inmates of an institution such as Laguna Honda Home in the weaving of rag rugs and other similar products.—Hla 28.

DIVISION J.

Labor Service.

This Division includes duties involving manual labor or the supervision of such labor, except where such duties have been separately classified in other divisions for better comparison with related duties. (See, also, Building Trades, Electrical Trades, Metal Trades, or

Miscellaneous Trades Divisions. For unskilled labor duties not included in this Division, see Custodial or Institutional Divisions.)

J 1-50—General Labor Subdivision.

J 4. Laborer—Under direction, performs such unskilled manual duties as the following:

Loading, unloading, wheeling, or shovelling, lumber, pipe, sand, rock, dirt, debris or paving, building or other heavy materials.

Assisting in setting curbs or paving blocks.

Excavating and removing surfaces for street reconstruction, including the use of an air gun as required.

Digging and backfilling ditches, holes and trenches.

Erecting poles.

Cleaning and sweeping streets and removing debris.

Assisting above ground in the cleaning of sewers and cesspools.

Sale of City Lands.

The following matter, heretofore laid over one week and referred to his Honor the Mayor, together with the Mayor's communication thereon, which follows, was taken up:

Bids or offers to be received at the chambers of the Board of Supervisors, second floor in the City Hall, City and County of San Francisco, State of California, at the hour of 3 o'clock p. m. on Monday, April 15, 1929, for the sale of the following described parcel of land, owned and held by the City and County of San Francisco, a municipal corporation. Said parcel of land is situated in the City and County of San Francisco, State of California, and more particularly described as follows, to-wit:

Commencing at a point on the southerly line of Sixteenth street, distant easterly thereon 308 feet from the easterly line of Folsom street, said point being the northeasterly corner of a parcel of land now or formerly owned by Peter O. and Adelaide E. Lind, and running thence southerly along a line deflected 89 degrees 25 minutes 27 seconds to the right from said southerly line of Sixteenth street and along the easterly line of said parcel of land now or formerly owned by Lind, 200.01 feet to the true point of beginning; thence continuing southerly on the same line as the aforementioned boundary line of the Lind property, 72.49 feet; thence deflecting 17 degrees 09 minutes 40 seconds to the right and running southwesterly 81.111 feet to a point distant at right angles northerly 170 feet from the northerly line of Seventeenth street; thence deflecting 106 degrees 35 minutes 17 seconds to the left and running easterly and parallel with Seventeenth street 70.933 feet; thence deflecting 73 degrees 49 minutes 04 seconds to the left and running northeasterly 156.178 feet; thence deflecting 106 degrees 10 minutes 56 seconds to the left and running westerly and parallel to Seventeenth street 92.028 feet to the true point of beginning. Being a portion of Mission Block 49.

Said parcel of land will be sold on the above mentioned date at public auction duly authorized by the said ordinance, to the person making the highest cash bid therefor, such sale, however, to be subject to confirmation by the Board of Supervisors, in accordance with law. A deposit in the sum of ten (10) per cent of the amount bid will be required of the successful bidder before the sale can be made.

Bid.

H. Jones, Russ Building, acting for Henry F. Windler, of the Enterprise Brewing Company, bid $5,750 and presented a certified check in the sum of $575.

Mayor's Communication.

April 29, 1929.

Honorable Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen: I am in receipt of a letter dated April 16, 1929, from Mr. J. S. Dunnigan, Clerk of the Board, enclosing a notice of sale of city lands, pursuant to the provisions of Ordinance No. 8378 (N. S.), advising me of the bid of the Enterprise Brewing Company in the sum

of $5,750. Mr. Dunnigan also advises me that this city property has heretofore been appraised at $16,000. The above mentioned bid of the Enterprise Brewing Company is not ninety per cent of the appraised value of this land as required by the Charter of the City and County.

I find that Mr. J. J. Phillips, Right of Way Expert of the City, appraised the property at less. The property is owned by the City, is of no use to the City, except for sale for a right of way for a spur track to the adjacent property owners who need it for their convenience for the enlargement of their manufacturing enterprise. The City should be helpful in the encouragement of manufacturing plants within its area.

I respectfully recommend that a reappraisement be had to ascertain the fair present value of the premises, bearing in mind the purposes for which it was to be used.

Respectfully submitted,

(Sgd.) JAMES ROLPH, JR., Mayor.

Motion and Reference.

On motion of Supervisor Havenner, the bid of the Enterprise Brewing Company was rejected and confirmation of the sale was refused. The Clerk was ordered to return the certified check to the bidder.

Whereupon, the subject matter was *referred to the Streets Committee.*

Commendation of the Long and Faithful Service of Daniel J. Leary, Auditor's Statistician.

Supervisor Deasy presented:

Resolution No. 30833 (New Series), as follows:

Whereas, the San Francisco Retirement System provides for the removal from duty of all employees of the City and County government who have reached the age of seventy years; and

Whereas, in obedience to this rule Daniel J. Leary, now chief statistician in the office of the Auditor, who has served the City honestly and faithfully over a period of forty-eight years, a length of service not attained by any other retired employee, will be retired from his official duties on April 30, 1929, leaving with us not only fond memories of past association but also a heritage of high standard business methods in the conduct of his particular line of work; therefore, be it

Resolved, That we, the members of the Board of Supervisors, in regular meeting assembled, extend to Mr. Daniel J. Leary our deep appreciation of his faithful services as an empolyee of the City, and we hereby further extend our sincere wishes for his continued health and prosperity.

Leave of Absence, James D. Phelan, Playground Commission.

The following was presented and read by the Clerk:

San Francisco, Cal., April 22, 1929.

Hon. Board of Supervisors, City Hall, San Francisco.

Gentlemen: Application has been made to me by Hon. James D. Phelan, President of the Playground Commission, for a leave of absence with permission to leave the State of California for a period of sixty days, commencing April 29, 1929.

I respectfully request that you concur with me in granting said leave of absence.

Yours very truly,

JAMES ROLPH, JR., Mayor.

Whereupon, the following resolution was presented and *adopted*:

Resolution No. 30835 (New Series), as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Hon. James D. Phelan, President of the Playground Commission, is hereby granted a leave of absence for a period of sixty days, commencing April 29, 1929, with permission to leave the State.

Communication From William F. Humphrey, Park Commissioner, in re Fleishhacker Pool.

The following was read by the Clerk:

April 29, 1929.

To the Honorable Mayor of the City and County of San Francisco and to the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen: The San Francisco Chronicle of Sunday, April 28, 1929, contains an article from which I quote the following:

"Answering Phelan's statement that the swimming pool at the beach is not used by the public, Humphrey quoted admission figures showing that 105,644 persons paid admission for the use of the pool in 1928 and that indications are that an even greater number will enjoy the sport there this year.

"To this Phelan replied: 'I notice Mr. Humphrey cites the number of admissions paid to the pool at the beach but does not cite the number of cases of infantile paralysis. Where there is no climatic neces-

sity, public swimming pools are really a menace to the public health unless sterilized.' "

There has never been a case of infantile paralysis or any communicable or other disease traced to the waters of Fleishhacker Swimming Pool. These waters are sterilized by the chlorine process generally accepted as the standard throughout the United States and known as the best possible preventative against contamination. They are regularly tested by representatives of the Board of Health of the City and County of San Francisco. Dr. Hassler, Health Officer of the City and County, stated that at no time since the opening of the Fleishhacker Swimming Pool has there been any suggestion that any disease was ever communicated through that agency and the possibility of such communication, owing to the periodical tests of the water, its sterilization and the vast body of salt water the pool contains, is more remote than from any other swimming pool.

Mr. Phelan, who is quoted above, is President of the Playground Commission. That Commission maintains two fresh water swimming pools; one in the North Beach Playground and the other in the Mission Playground at Nineteenth and Angelica streets. If he is sincere in his statement that swimming pools menace the health of the community he is assuming a heavy responsibility in allowing children of San Francisco to bathe in these pools. Of course, swimming pools properly maintained and regulated do not menace the health, but, on the contrary, aid in keeping the health at par. However, should Mr. Phelan's statement go unchallenged it may, due to his personal prominence and long identity with municipal affairs in San Francisco, be broadcast throughout the land and result in great injury to the community as a whole. The swimming season for the year 1929 is at hand and undoubtedly many citizens, alarmed by Mr. Phelan's statement, will deny themselves the recreational pleasures afforded by the Fleishhacker Swimming Pool. If Mr. Phelan's statement is correct, all swimming pools, including those maintained by the Playground Commission, should be closed; if that statement is justified by the facts the citizens of this City and County should be so advised immediately.

I, therefore, respectfully request that the unwarranted criticism of this nationally-known municipal activity be investigated so that the people may know the truth, and that the injury done to our civic reputation by this erroneous statement may be minimized if not completely rectified.

Very respectfully,
(Sgd.) WILLIAM F. HUMPHREY,
Acting Chairman of the Board of Park Commissioners.

City Attorney to Abandon Condemnation Proceedings Against William Wolf et al.

Supervisor Gallagher presented:

Resolution No. 30836 (New Series), as follows:

Whereas, on April 4, 1929, in that certain condemnation proceeding for the acquisition of land for the Alemany boulevard described in the complaint, paragraphs XXII and XXIII, pages 25 and 26, in that action entitled, "In the Superior Court of the State of California, in and for the City and County of San Francicso, City and County of San Francisco, a municipal corporation, plaintiff, v. William Wolf and Joseph Wolf et al., defendants," numbered 200942 of the records thereof, the jury in said action awarded and assessed as damages for the taking of the real property owned by the said defendants in said action the sum of twenty-five thousand dollars ($25,000) for the real property and the improvements sought to be taken, and the further sum of ten thousand dollars ($10,000) as severance damages to the property adjoining, owned by said defendants and not sought to be taken in said condemnation proceeding; and

Whereas, the award and assessment made by said jury in said action for the taking of the real property owned by said defendants William Wolf and Joseph Wolf and sought to be condemned for boulevard purposes and the severance damages to the real property of said defendants William Wolf and Joseph Wolf and not sought to be taken are excessive; now, therefore, be it

Resolved, That the City Attorney be and he is hereby instructed to abandon said condemnation proceedings under and pursuant to the provisions of Section 1255a of the Code of Civil Procedure of the State of California in so far as said proceedings relate to the real property owned by William Wolf and Joseph Wolf and described in paragraphs XXII and XXIII of said complaint, pages 25 and 26, on or before the expiration of thirty (30) days from the entry of said judgment made and given.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, MAY 6, 1929, 10 A. M.

In Board of Supervisors, San Francisco, Monday, May 6, 1929, 10 a. m.
The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:
Supervisors Deasy, Gallagher, Kent, McSheehy, Marks, Powers, Roncovieri, Shannon, Stanton, Suhr—10.
Absent—Supervisors Andriano, Colman, Havenner, Hayden, McGovern, Schmidt, Todd, Toner—8.
Quorum present.
His Honor Mayor Rolph presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of April 22, 1929, was considered read and approved.

In Memoriam, T. A. Dorgan, San Francisco Artist and Journalist.

Supervisor Gallagher presented:

Resolution No. 30837 (New Series), as follows:

Whereas, Thomas Aloysius Dorgan, illustrious artist and journalist, universally known and loved as "Tad," has been summoned to Eternity; and

Whereas, for thirty years "Tad" daily dipped his pen in the wells of human nature to make the whole world akin with laughter at and with the characters through which, with unequaled genius, he mirrored man's fads and foibles, shams and deceits, virtues and shortcomings; and

Whereas, while the passing on of "Tad" is a distinct loss to the nation, it is an irreparable loss to San Francisco, where he was born and raised, because by him the indomitable spirit of his home city was so courageously exemplified during the last eight years of his life, each day of which he spread through his cartoons and stories the sunshine of smiles for all of us, as he remained imprisoned in his home, with death hovering over his prolific pen; and

Whereas, the rugged character of "Tad" continued unstained as he climbed to the very heights of his profession and his admirers and followers increased unto countless millions, and the enduring memory of his brilliant career shall always reflect credit on his native San Francisco; and

Whereas, as the leading American authority on sports, "Tad" was ever an ardent advocate of fair play and the strictest integrity in sports, thus imbuing the youth of our land with the principles of square dealing in athletic contests; therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, that we deplore the death of "Tad," that we convey the official condolences of our city to his family, and that when we adjourn today we do so in honor of "Tad's" memory.

Adopted unanimously by rising vote.

Chairman.

When the Board was convened his Honor the Mayor asked that he be excused for the reason that he had matters requiring his personal attention in his office. He was thereupon excused from the session and Supervisor Havenner was elected to preside.

ROLL CALL FOR PETITIONS.

Weather Report, Mills Field.

The following was read and ordered *filed*:

May 1, 1929.

Airport Committee, Board of Supervisors, San Francisco, California.

Sirs: Following is a report on weather conditions at Mills Field for the past month:

The weather at Mills Field was generally fair and clear during the month of April. Eleven days were designated as clear, thirteen partly cloudy and six cloudy. On several of the partly cloudy days, however, the clouds were of a thin high type. No ground fog occurred during the month and very good visibility prevailed.

Rains, amounting to .01 inch or more, fell on seven days. The greatest 24-hour precipitation was 0.70 inch measured at 8 a. m. on April 4th. Total for the month amounted to but 1.11 inches.

Winds were constant in direction blowing 80 per cent of the time from a point between northwest and southwest. Six per cent of the time the air was calm. The prevailing wind was from the west and the average wind velocity for the month 10 miles per hour.

Respectfully submitted,

EUGENE P. SULLIVAN, Meteorologist.

Closing Portion of Wattson Place Between the Southerly Line of Leo Street and Its Present Southerly Termination in Accordance With Resolution of Intention No. 30646 (New Series).

Also, Resolution No. 30859 (New Series), as follows:

Closing and abandoning all that portion of Wattson place lying between the southerly line of Leo street and its present southerly termination.

Whereas, this Board has by Resolution No. 30646 (New Series) declared its intention to close and abandon all that portion of Wattson place as above described, in the City and County of San Francisco, and hereinafter more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandonment of said portion of Wattson place was duly given by the Board of Public Works of said City and County of San Francisco by publication and posting in the manner provided by the Charter of the City and County of San Francisco; and

Whereas, more than ten days have elapsed after the expiration of time of publication of said notice; and

Whereas, no objection or objections to said closing and abandonment of said portion of Wattson place, as hereinafter described, was or were made or delivered to the Clerk of this Board within said period of ten days or at all; and

Whereas, it is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of said portion of Wattson place; and

Whereas, in and by said Resolution No. 30646 (New Series) this Board did declare that the damages, costs and expenses of closing said portion of Wattson place are nominal and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof, the Board of Supervisors hereby declares and determines that the whole damage, cost and expense of closing said portion of Wattson place shall be paid out of the revenues of the City and County of San Francisco;

Resolved, That said closing and abandonment of said portion of Wattson place be and the same is hereby ordered, and that the said portion of Wattson place be and the same is hereby closed and abandoned as a public street.

The said portion of Wattson place hereinabove referred to is more particularly described as follows, to-wit:

All that portion of Wattson place lying between the southerly line of Leo street and its present southerly termination.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS. BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Relative to Censure of the Board.

Supervisor McSheehy presented the following and moved the suspension of the rules for its immediate consideration:

Resolution No. ———— (New Series), as follows:

Whereas, the Board of Supervisors of the City and County of San Francisco was held up to public ridicule by the publication in the newspapers last week of the purported waste of time by the Board during the six-hour session of Monday, April 29, 1929; and

Whereas, the vindictive broadcasting of such ridiculous statement by a member of this Board manifests a lack of detailed truth, exhibits a lack of harmony and loyalty among the members of this Board, as well as by inference indicates that the Board of Supervisors of the City and County of San Francisco occupy their time in other than serious work of legislation for the City and County; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco condemns the action of a member of this Board for his unwarranted attack on the earnest endeavors of each of his fellow members who has worked sincerely for the good of all the people of San Francisco.

Referred.

Supervisor Hayden moved as an amendment that the resolution be referred to the Rules Committee.

So ordered.

SPECIAL ORDER—11 A. M.

Closing Portions of Georgia and Michigan Streets.

Resolution No. ———— (New Series), as follows:

Closing and abandoning all those portions of Georgia and Michigan streets as hereinafter described:

Whereas, this Board has, by Resolution No. 30539 (New Series), declared its intention to close and abandon certain portions of Georgia and Michigan streets situated in the City and County of San Francisco, and including the two parcels hereinafter more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandonment of all those portions of Georgia and Michigan

streets was duly given by the Board of Public Works of said City and County of San Francisco by publication and posting in the manner provided by the Charter of the City and County of San Francisco; and

Whereas, more than ten days have elapsed after the expiration of time of publication of said notice; and

Whereas, no objection or objections to said closing and abandonment of all those portions of Georgia and Michigan streets, as hereinafter described, was or were made or delivered to the Clerk of this Board within said period of ten days or at all; and

Whereas, it is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of all those portions of Georgia and Michigan streets hereinafter described; and

Whereas, in and by said Resolution No. 30539 (New Series) this Board did declare that the damages, costs and expenses of closing said portions of Georgia and Michigan streets are nominal and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof, the Board of Supervisors hereby declares and determines that the whole damage, cost and expense of closing said portions of said streets shall be paid out of the revenue of the City and County of San Francisco;

Resolved, That said closing and abandonment of all those portions of said streets as hereinafter described be and the same is hereby ordered and the same are hereby closed and abandond as public streets.

The said portions of Georgia and Michigan streets hereinabove referred to are more particularly described as follows, to-wit:

1. Georgia Street. All that portion of Georgia street lying between the northerly line of Humboldt street and the southerly line of Twenty-second street.

2. Michigan Street. All that easterly half of Michigan street lying between the northerly line of Humboldt street and the southerly line of Twenty-second street.

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works, and that the Board of Public Works be instructed to proceed thereafter as required by law and the Charter of the City and County of San Francisco.

Privilege of the Floor.

Mr. V. Guillon, Assistant Chief Engineer of the Railroad Commission, was granted the privilege of the floor and testified that the new natural gas mixed with artificial gas, which it was proposed by the Pacific Gas and Electric Company to introduce into San Francisco in August this year, would not necessitate a wholesale change in household gas equipment or fixtures, but that the change, if any, would be trifling. Moreover, he said, the new gas would be approximately 50 per cent higher in British thermal units and would cost less. Also, that its introduction in San Francisco would benefit and promote new industries in the Bay region.

On motion of Supervisor Havenner, the Clerk was directed to thank the Railroad Commission for sending Mr. Guillon.

Appraisal.

A communication from Right of Way Agent Joseph J. Phillips, appraising the land comprising the portions of Georgia and Michigan streets, proposed to be closed and abandoned and fixing the value thereof at $1 per foot, was read by the Clerk.

C. H. Prouty, manager of the land department of the Pacific Gas and Electric Company, was also heard as to the value of the lands involved.

Supervisor Stanton moved that the Joint Committee of Finance and Streets negotiate for a trade of lands of Georgia and Michigan streets

for Marina lands of the company at the foot of Laguna and Webster streets and report back next week.

Motion *lost* by the following vote:

Ayes—Supervisors Havenner, Kent, McGovern, McSheehy, Marks, Powers, Schmidt, Stanton—8.

Noes—Supervisors Andriano, Colman, Deasy, Gallagher, Hayden, Roncovieri, Shannon, Suhr, Toner—9.

Absent—Supervisor Todd—1.

Action Defererd.

Supervisor Havenner: I would like to move as an amendment to the question before the Board that the subject matter be postponed for one week (Special Order, 2 p. m.) and that the executive vice-president of the Pacific Gas and Electric Company or the authorized representative of the company be requested to appear before this Board and explain to the Board the reasons why it is not willing to pay the appraised value as fixed by the right of way agent for the City and what its attitude would be toward an exchange, value for value, of lands in the Marina District.

Supervisor McGovern: I will second that.

Motion *carried* by the following vote:

Ayes—Supervisors Andriano, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Toner—16.

No—Supervisor Colman—1.

Absent—Supervisor Todd—1.

Delegation to Sacramento on Street Railway Legislation.

Supervisor Marks, as chairman of the Legislative Committee, announced that Assistant Chief Clerk John Rogers phoned him today that the street car legislation affecting the operation of the Municipal Railway cars on the outer tracks of Market street, and being pressed by George Gerhardt of the Civic League, had been referred to the Public Utilities Committee of the Assembly for hearing at 7:15 p. m. this evening. He moved that Superintendent Boeken, the Public Utilities Committee and a representative of the City Attorney's office be in attendance to represent the City's interest. Clerk to provide transportation.

Motion *carried*.

Supervisor Stanton, who was present, announced that the delegation would leave at 5 p. m. and proceed by airplane to Sacramento and accordingly the members of the Public Utilities Committee were excused at that hour.

RECESS.

Whereupon, the Board at the hour of 12 o'clock noon took a recess until 2 p. m.

J. S. DUNNIGAN, Clerk.

REASSEMBLED.

The Board of Supervisors reassembled at 2 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Denial of Garage Permit, Charles H. Strub, Campton Place.

Resolution No. ———— (New Series), as follows:

Resolved, That, in the exercise of the sound and reasonable discretion of the Board of Supervisors, permission is hereby denied Charles H. Strub to maintain and operate a public garage on the north side of Campton place, 130 feet east of Stockton street.

SPECIAL ORDER—2 P. M.

Report of Health Committee on Garbage Incineration.

Supervisor Toner presented and the Clerk read:

Resolution No. ———— (New Series), as follows:

Whereas, the Committee on Public Health, after an extensive study, has reported to this Board its recommendations as to the disposal of garbage within the City and County of San Francisco; now, therefore, be it

Resolved by the Board of Supervisors that we hereby declare and adopt, as a matter of policy for the treatment of garbage disposal, the following:

1. That incineration be adopted as the means of disposing of San Francisco garbage.
2. That the incinerator be located on that certain parcel of real property owned by the City and County of San Francisco, of the approximate size of 200 by 400 feet, bounded by Fifteenth, Alameda, De Haro and Rhode Island streets in the City and County of San Francisco.
3. The type of incinerator must have good general conformation, and architecturally designed, good workable conditions, and require a minimum amount of labor, capable of destroying rubbish and garbage in a sanitary and inoffensive manner with complete destruction, at a minimum cost. The furnace of the incinerator must preferably be of brick type, giving the best obtainable radiation in accordance with engineering advices. The incinerator shall have a mechanical feed and automatic hoppers, shaker grates operated over an ash pit, with a special drop for cans and non-combustible substances. A four-cell furnace shall be installed, and there shall also be erected a baffle wall, and in general the incinerator shall be of a similar type built by the City of Chicago in 1928.
4. The incinerator shall be municipally-owned, built and operated, and that the Finance Committee of this Board be requested to provide funds to the extent of $1,000,000 for the construction and equipment of the incinerator.
5. In the event the Finance Committee of this Board finds that the organization or individual familiar and experienced in collecting and disposing of garbage be selected to build and operate an incinerator of the type heretofore described, providing such person, firm or corporation proves to be financially able to undertake the construction and operation of an incinerator as has been described in this resolution. Any contract entered into between such person, firm or corporation and the City must provide that the City shall have the right at any time to acquire the incinerator, paying to the builders and operators the cost of construction less depreciation, computed as of the time the City shall have taken over the said incinerator.
6. That the fill and cover method of garbage disposal be resorted to during the erection of the incinerator, and this temporary method of disposal shall be conducted in accordance with strict rules of the Board of Public Health.
7. Garbage to be disposed of temporarily by the fill and cover method

shall be placed on land owned by the Industrial Land Development Company in South Basin, which land was recently designated by the State Legislature as a reclamation district, the said Industrial Land Development Company to be paid at the rate of $1 per ton for all garbage disposed of by the fill and cover method, which contract shall terminate upon the completion and operation of the incinerator.

8. That the City Engineer shall prepare plans, specifications and estimates of the cost and operation of an incinerator of the type described herein and erected upon the premises heretofore described.

9. The City Attorney is hereby directed to prepare the necessary ordinances, resolutions and contracts to carry out the purposes of the policies described in this resolution.

Motion.

Supervisor Toner moved that the resolution be taken up seriatim, paragraph No. 6 to be taken up for discussion at this time.

Motion *carried.*

SPECIAL ORDER—2 P. M.

The following resolution was taken up:

Closing Portions of Georgia and Michigan Streets.

Resolution No. 30892 (New Series), as follows:

Closing and abandoning all those portions of Georgia and Michigan streets as hereinafter described:

Whereas, this Board has, by Resolution No. 30539 (New Series), declared its intention to close and abandon certain portions of Georgia and Michigan streets situated in the City and County of San Francisco, and including the two parcels hereinafter more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandonment of all those portions of Georgia and Michigan streets was duly given by the Board of Public Works of said City and County of San Francisco by publication and posting in the manner provided by the Charter of the City and County of San Francisco; and

Whereas, more than ten days have elapsed after the expiration of time of publication of said notice; and

Whereas, no objection or objections to said closing and abandonment of all those portions of Georgia and Michigan streets, as hereinafter described, was or were made or delivered to the Clerk of this Board within said period of ten days or at all; and

Whereas, it is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of all those portions of Georgia and Michigan streets hereinafter described; and

Whereas, in and by said Resolution No. 30539 (New Series) this Board did declare that the damages, costs and expenses of closing said portions of Georgia and Michigan streets are nominal and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof, the Board of Supervisors hereby declares and determines that the whole damage, cost and expense of closing said portions of said streets shall be paid out of the revenue of the City and County of San Francisco;

Resolved, That said closing and abandonment of all those portions of said streets as hereinafter described be and the same is hereby ordered and the same are hereby closed and abandond as public streets.

The said portions of Georgia and Michigan streets hereinabove referred to are more particularly described as follows, to-wit:

1. Georgia Street. All that portion of Georgia street lying between the northerly line of Humboldt street and the southerly line of Twenty-second street.

2. Michigan Street. All that easterly half of Michigan street lying between the northerly line of Humboldt street and the southerly line of Twenty-second street.

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works, and that the Board of Public Works be instructed to proceed thereafter as required by law and the Charter of the City and County of San Francisco.

Communication.

Communication, from Pacific Gas and Electric Company, offering $30,000 for street improvements.

Chairman.

Supervisor Havenner, presiding officer, at 2:20 p. m. relinquished the chair to Supervisor Kent, who presided for the balance of the hearing.

Privilege of the Floor.

John Coghlan, attorney for the Pacific Gas and Electric Company, and M. Vincent, engineer for the company, were heard as to method employed to arrive at valuation of lands involved in closing streets.

Jos. Phillips, right of way agent, and Dion Holm were heard for the City as to land values.

Supervisor Andriano was excused from the meeting.

Resolution Adopted.

Whereupon, the roll was called and the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Stanton, Suhr, Toner—15.

Absent—Supervisors Andriano, Shannon, Todd—3.

Explanation of Vote.

Supervisor Gallagher: I simply want to explain my vote, and say that I am voting to close the streets. I am consenting to the other portion, as to arbitration, merely in order to facilitate the closing of the street.

Supervisor Suhr: I would also like to explain, as a member of the Streets Committee, that that is my position also.

Supervisor Roncovieri: And mine also.

City Attorney to Intervene—Rates.

Supervisor Havenner moved that the City Attorney be directed to intervene in the hearing before the Railroad Commission on the proposed schedule of rates submitted by the Pacific Gas and Electric Company for the service to be inaugurated in San Francisco involving the use of natural gas, and that he be instructed to make every effort to obtain a reduction in that schedule of rates which will be of benefit to a greater number of people than will be provided for in the proposed schedule.

No objection, and it was *so ordered*.

Appointment of Arbitrators.

Supervisor McSheehy moved the appointment of an arbitration committee of three members, one to be appointed by the Pacific Gas and Electric Company, Mr. Phillips, City's right of way agent, to represent the City and County of San Francisco, and the two to agree upon a third, and bring in their report next Monday as to the true value of the lands involved.

Amendment.

Supervisor Schmidt moved as an amendment, seconded by Supervisor Stanton, that the Finance Committee and the Pacific Gas and Electric Company pick out the man to make the appraisal of the property.

Amendment to the Amendment.

Supervisor Gallagher moved as an amendment to the amendment, seconded by Supervisor McGovern, that the joint Finance and Streets Committees be authorized by this Board to select the arbitrator to name the proper amount the City should receive in exchange for closing these streets.

There being no objection, it was *so ordered*.

SPECIAL ORDER—3 P. M.

The following matter was taken up:

Report of Health Committee on Garbage Incineration.

Resolution No. ———— (New Series), as follows:

Whereas, the Committee on Public Health, after an extensive study, has reported to this Board its recommendations as to the disposal of

garbage within the City and County of San Francisco; now, therefore, be it

Resolved by the Board of Supervisors that we hereby declare and adopt, as a matter of policy for the treatment of garbage disposal, the following:

1. That incineration be adopted as the means of disposing of San Francisco garbage.

2. That the incinerator be located on that certain parcel of real property owned by the City and County of San Francisco, of the approximate size of 200 by 400 feet, bounded by Fifteenth, Alameda, De Haro and Rhode Island streets in the City and County of San Francisco.

3. The type of incinerator must have good general conformation, and architecturally designed, good workable conditions, and require a minimum amount of labor, capable of destroying rubbish and garbage in a sanitary and inoffensive manner with complete destruction, at a minimum cost. The furnace of the incinerator must preferably be of brick type, giving the best obtainable radiation in accordance with engineering advices. The incinerator shall have a mechanical feed and automatic hoppers, shaker grates operated over an ash pit, with a special drop for cans and non-combustible substances. A four-cell furnace shall be installed, and there shall also be erected a baffle wall, and in general the incinerator shall be of a similar type built by the City of Chicago in 1928.

4. The incinerator shall be municipally-owned, built and operated, and that the Finance Committee of this Board be requested to provide funds to the extent of $1,000,000 for the construction and equipment of the incinerator.

5. In the event the Finance Committee of this Board finds that the organization or individual familiar and experienced in collecting and disposing of garbage be selected to build and operate an incinerator of the type heretofore described, providing such person, firm or corporation proves to be financially able to undertake the construction and operation of an incinerator as has been described in this resolution. Any contract entered into between such person, firm or corporation and the City must provide that the City shall have the right at any time to acquire the incinerator, paying to the builders and operators the cost of construction less depreciation, computed as of the time the City shall have taken over the said incinerator.

6. That the fill and cover method of garbage disposal be resorted to during the erection of the incinerator, and this temporary method of disposal shall be conducted in accordance with strict rules of the Board of Public Health.

7. Garbage to be disposed of temporarily by the fill and cover method shall be placed on land owned by the Industrial Land Development Company in South Basin, which land was recently designated by the State Legislature as a reclamation district, the said Industrial Land Development Company to be paid at the rate of $1 per ton for all garbage disposed of by the fill and cover method, which contract shall terminate upon the completion and operation of the incinerator.

8. That the City Engineer shall prepare plans, specifications and estimates of the cost and operation of an incinerator of the type described herein and erected upon the premises heretofore described.

9. The City Attorney is hereby directed to prepare the necessary ordinances, resolutions and contracts to carry out the purposes of the policies described in this resolution.

Discussion.

The question being on paragraph 6 of the foregoing resolution, the following were granted the privilege of the floor and addressed the Board:

In favor of the "fill and cover" at South Beach basin: J. T. Kelly, representing Central Federation of Improvement Clubs; J. Fleming, industrial agent, Chamber of Commerce.

Opposed to "fill and cover": Mrs. L. Frank, League of Women Voters; M. Pelegrano, Bay View District; Maury Naughton, Bay View District; M. Ryne, Bay View District, and Mr. McLaughlin, Bay View District.

Captain Beers was heard on his proposition to dump at sea.

Action Deferred.

Whereupon, on motion of Supervisor Gallagher, the hearing was *continued until Monday, May 20, 1929, and made a Special Order for 2:30 p. m.*

Board of Health to Give Its Opinion on "Fill and Cover" Method of Temporary Garbage Disposal.

Supervisor Toner presented:

Resolution No. 30896 (New Series), as follows:

Resolved, That the Board of Health be requested to give their official opinion in the matter of temporary disposition of San Francisco garbage, by fill and cover, during the time that an incinerator is being built in conformity with resolution of Health Committee now pending before the Board of Supervisors.

Adopted by the following vote:

Ayes—Supervisors Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Powers, Roncovieri, Stanton, Suhr, Toner —13.

Absent—Supervisors Andriano, Marks, Schmidt, Shannon, Todd—5.

In Memory of John C. Welch, Brother of Congressman Richard J. Welch.

Supervisor Deasy presented:

Resolution No. 30893 (New Series), as follows:

Whereas, Divine Providence has removed from our midst John C. Welch, an outstanding citizen of our community, and one who was always identified with progressive civic activities, which have redounded to the welfare of the City; therefore, be it

Resolved, That it is with sincere regret that we regard his passing from this earthly sphere, but rest in the assurance that he has been called to the eternal reward that a well-spent life has merited; and be it

Further Resolved, That when the Board adjourns it does so as a tribute of respect to his memory, and the Clerk is hereby directed to forward a copy of this resolution to relatives and the family of the deceased.

Adopted unanimously by rising vote.

In Memory of Mrs. N. E. Wetmore, Wife of Former Supervisor John G. Wetmore.

Supervisor Colman presented:

Resolution No. 30894 (New Series), as follows:

Whereas, death has called to her eternal rest Mrs. Nannie E. Wetmore, the beloved wife of Ex-Supervisor John G. Wetmore, and has left most sincere regrets for her passing by reason of the part she has taken in life, her interest in the progress of worthy civic matters and untiring efforts in extending the hand of charity through her association with many women's civic organizations; now, therefore, be it

Resolved, That while we recognize in her demise an irreparable loss to the community, we are encouraged in the realization that she has been called by a Divine Providence from this earthly abode to an eternal rest and reward which she so well deserves; and be it

Further Resolved, That when this Board adjourns it does so out of respect to the deceased, and the Clerk is hereby directed to forward a copy of this resolution to the family and relatives of the deceased.

Adopted unanimously by rising vote.

In Memory of Michael Doyle, City Employee.

Supervisors Gallagher and Stanton presented:

Resolution No. 30895 (New Series), as follows:

Whereas, Michael Doyle, a trusted employee of the municipality, was called to his eternal rest; and

Whereas, the City has lost a faithful and efficient employee, a true citizen and one ever ready to extend the hand of charity to his fellow man; now, therefore, be it

Resolved, That the Board of Supervisors express to his family and relatives its sincere regret in his passing and extends heartfelt sympathy in this, the hour of their bereavement, and when this Board adjourns it does so out of respect to the memory of the deceased, and the Clerk is hereby directed to forward a copy of this resolution to his relatives and family.

Adopted unanimously by rising vote.

Dirigible Mooring Mast for Northern California.

Supervisor Havenner presented:

Resolution No. 30897 (New Series), as follows:

Whereas, press dispatches have announced that the Navy Department contemplates the erection of a dirigible mooring mast in Los Angeles; and

Whereas, the Navy Department has announced that its investigating board, in selecting a site for the Naval Dirigible Base, will be restricted to the Los Angeles-San Diego area; and

Whereas, the Navy Department is continually expanding its various branches of activity in Southern California, apparently without due consideration of Northern California as a strategic base; and

Whereas, high navy officials state that all naval operations would be centered around and directed from the San Francisco Bay region in case of war on the Pacific; and

Whereas, the San Francisco Junior Chamber of Commerce has been active in its endeavors to have the proposed Naval Dirigible Base located in Northern California; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, in regular meeting assembled, calls upon the people of the Bay District to use every effort to have the Naval Investigating Board inspect and consider sites in Northern California, as well as in the southern section of the State, for the location of both the mooring mast and the dirigible base; and be it

Further Resolved, That the Board of Supervisors of the City and County of San Francisco hereby respectfully petitions the Secretary of the Navy to make the necessary provision for inspection of such sites in Northern California, and the Clerk of this Board is hereby directed to request by telegraph the representatives of San Francisco in the House of Representatives to present this memorial immediately to the Honorable Secretary of the Navy and urge his favorable action upon it.

Adopted by the following vote:

Ayes—Supervisors Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Powers, Roncovieri, Stanton, Suhr, Toner —13.

Absent—Supervisors Andriano, Marks, Schmidt, Shannon, Todd—5.

Intention to Close Portion of Eagle Street Lying Between Mono Street and Yukon Street.

Supervisor Gallagher presented:

Resolution No. 30898 (New Series), as follows:

Resolved, That the public interest requires that the certain following described portion of Eagle street lying between Mono street and Yukon street be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon that portion of Eagle street more particularly described as follows, to-wit:

All that portion of Eagle street between Mono and Yukon streets lying southwest of a line drawn parallel to and 50 feet at right angles southwesterly from the northeasterly line of Eagle street.

Said closing and abandonment of said portion of said street shall be done and made in the manner and in accordance with the provisions of Section 2, Chapter III of Article VI of the Charter of the City and County of San Francisco as amended, and the sections of said chapter and article following Section 2; and be it

Further Resolved, That the damage, cost and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Board of Public Works a certified copy of this resolution and the Board of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said street in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

Adopted by the following vote:

Ayes—Supervisors Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Powers, Roncovieri, Stanton, Suhr, Toner —13.

Absent—Supervisors Andriano, Marks, Schmidt, Shannon, Todd—5.

Private Sale of City Lands.

Supervisor Suhr presented:

Bill No. ————, Ordinance No. ———— (New Series), as follows:

Providing for the disposal at private sale of certain lands belonging to the City and County of San Francisco in accordance with provisions of Article II, Chapter II, Section 9 of the Charter.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That public interest and necessity demand the sale of the following described parcel or piece of land owned and held by the City and County of San Francisco. Said parcel of land is situated in the City and County of San Francisco, State of California, and more particularly described as follows, to-wit:

Commencing at a point which is distant 162.472 feet at right angles northerly from the northerly line of Seventeenth street and 284.922 feet at right angles easterly from the easterly line of Folsom street, said point being on the northwesterly line of the property of the City and County of San Francisco; thence deflecting 16 degrees 26 minutes 01 seconds to the right from a line drawn at right angles to said northerly line of Seventeenth street and parallel with said easterly line of Folsom street, and running thence northeasterly along said northwesterly line of the property of said City and County 31.345 feet; thence deflecting 55 degrees 38 minutes 23 seconds to the right from the preceding course and running northeasterly 82.731 feet to the southeasterly line of the property of said City and County; thence deflecting 124 degrees 06 minutes 32 seconds to the right and running southwesterly along said southeasterly line 42.147 feet; thence deflecting 62 degrees 35 minutes 28 seconds to the right from the preceding course and running southwesterly 77.316 feet to the point of commencement.

Containing 2517 square feet.

Section 2. The said piece or parcel of land hereinabove described shall be sold for cash, in United States gold coin, at private sale to be held in accordance with the provisions of Article II, Chapter II, Section 9 of the Charter.

Section 3. The Clerk of the Board of Supervisors is hereby directed to publish in the official newspaper and in one other daily newspaper for two weeks successively next before the day on which the sale is to be made, a notice of such sale, describing the land to be sold with common certainty.

Section 4. The Mayor, Assessor and the chairman of the Finance Committee of the Board of Supervisors are hereby directed to appraise said land within three weeks after the final passage of this ordinance as required by Article II, Chapter II, Section 9 of the Charter.

Section 5. Upon receipt and examination of bids or offers for said land as aforesaid, the Mayor shall accept the highest bid made, provided said bid be for at least 90 per cent of the value found by said appraisers, and shall immediately thereafter, at the next meeting of the Supervisors, report the fact of such sale to the Supervisors with a statement of the sum bid and the name of the highest bidder, with a request that the Board confirm such sale.

Referred to the Finance Committee.

Industrial Development Conference.

Supervisor Hayden announced that there would be a public conference on industrial development in the chambers of the Board on Wednesday, May 22, 1929, called by the Industrial Development Committee, to which the Chamber of Commerce and other organizations have been invited to send representatives. All members were invited to attend.

Elimination of Dock Charges.

A resolution eliminating dock charges for round-the-world tourist steamers was read and *referred to the Public Welfare Committee.*

Report of Rules Committee.

The following was read by the Clerk:

May 18, 1929.

To the Honorable, the Board of Supervisors, City and County of San Francisco.

Gentlemen: Your Rules Committee consulted with the Clerk of the Board regarding the personnel of the office. The Clerk recommended that the employments remain as they are until the standardization report is received from the Civil Service Commission and acted upon

by the Board of Supervisors. This recommendation was also made to the Finance Committee in the preparation of the Budget.

Mr. Martin has been assigned to assist Mr. Williams and provision will be made in the Budget for the chauffeur appointed during the year. The Committee will continue to observe the conduct of the office and make recommendations from time to time as suggestions are received from the Board.

Respectfully yours,

RULES COMMITTEE,
JAMES B. McSHEEHY, Chairman.

SPECIAL ORDERS—11 A. M.

Denying Public Garage Permit, Charles H. Strub, North Side of Campton Place, 130 Feet East of Stockton Street.

Resolution No. ———— (New Series), as follows:

Resolved, That, in the exercise of the sound and reasonable discretion of the Board of Supervisors, permission is hereby denied Charles H. Strub to maintain and operate a public garage on the north side of Campton place, 130 feet east of Stockton street.

Memorandum in Opposition to Application for Permit to Erect Garage on South Side of Sutter Street Between Stockton Street and Grant Avenue.

The following was presented by Supervisor Gallagher and read by the Clerk:

The question whether a permit to erect a public garage should be granted involves the consideration of two questions: First, the power of the Board of Supervisors to grant or reject an application for the erection of a public garage, and, second, what matters are to be weighed in determining whether or not an application should be granted.

Considering the first question: Our ordinance requires an application to secure a permit from the Board of Supervisors, and the validity of the ordinance has never been seriously questioned. The validity of such an ordinance has been upheld by our Supreme Court, and I will assume that the power of this Board to grant or deny an application for a permit for a public garage in accordance with the exercise of a reasonable discretion cannot correctly be challenged.

We now come to the second branch of the inquiry: Under what circumstances and upon what considerations should a permit for a public garage be granted? The answer is that a permit should be granted if public interest, convenience and necessity require it, but not otherwise.

Public garages are subject to regulations under the police power for the very obvious reason that they increase the fire hazard and because the odors and the noises emanating from them and the danger to passing pedestrians render them either actual or potential nuisances. A business of this kind cannot and should not be permitted to exist in any locality. The Board of Supervisors should exercise a reasonable discretion to determine where a public garage should or may be constructed.

It should be kept in mind that Sutter street is a very active business street. It has a car line. The vehicular travel thereon is quite heavy, and at times, in combination with the car travel, leads to congestion. The pedestrian travel is also heavy, especially since the recent development in the vicinity of Sutter and Powell streets, which is still progressing. The three blocks on Sutter street from Powell to Kearny are developing day by day as an active retail business center. The shopping public who cannot afford the luxury of automobiles or who do not use automobiles when shopping, are continually walking back and forth past the location of the proposed Sutter street garage. The construction of such a garage on such a busy street would inevitably

endanger the lives of pedestrians and would undoubtedly add to the existing congestion on the street.

For this reason alone the application should be denied, but there are further reasons which I now propose to discuss.

In the present case practically every interested property owner in the block where the proposed garage is to be constructed objects to the erection of the garage. It may be conceded that these protests in and of themselves would not require the Board of Supervisors to deny the application, because to give them such controlling effect would deprive the Board of Supervisors of the right and power which it has to exercise a reasonable discretion in respect of each application. The fact that the interested parties, however, seriously object to and protest against the erection of the proposed garage is a significant fact in the determination of whether or not the garage would depreciate private property in the block wherein it is proposed to erect it.

Logically the next inquiry is whether public interest, necessity and convenience require a garage at the place indicated to such an extent that they overbalance the countervailing equity of the private individuals whose property would be depreciated by the construction and maintenance of the garage. Every person living in a metropolitan or urban community has got to make certain sacrifices in order that the community may advance. The public good is of paramount importance. Within constitutional limitations private rights must bow and give way where public rights supervene. Is there in this case any public interest, necessity or convenience that outweighs the injury that will be inflicted upon the private property owners in the block wherein it is proposed to erect this garage? We say there is not.

Already there is a garage on the east side of Stockton street, immediately north of Sutter street, not more than 150 feet from the site of the proposed garage, having a capacity of 175 cars, and never filled within 80 per cent of its capacity in the day time and practically empty every night. The Medical Building, in course of construction on the north side of Sutter street between Powell and Stockton streets, will, when completed, within a few months, accommodate five hundred cars, and will be a public garage whose facilities will not be limited to tenants of the building, but will be extended to such members of the public who care to make use of them. In addition, this Board has granted an application for a permit on the south side of Bush street at Clara lane. This garage, according to the plans of its projectors, will house one thousand cars. Any argument based upon public interest, necessity or convenience must be dissipated in view of these facts.

The principal argument of public necessity and convenience comes from interested proprietors of retail stores in the vicinity of Kearny street, Grant avenue, Sutter and Post streets. These people ignore entirely the injury that will be suffered by the owners of property in the block wherein the garage is proposed to be constructed. They do not care how property in that block may be affected as long as the shopping public may be accommodated and brought within easy reach of their respective stores. Their position is utterly and entirely selfish and one that should not lend itself very readily to any board or tribunal passing upon an application for a public garage. But, in addition, their argument of public convenience and necessity has been entirely dissipated by the action of this Board in granting the Bush street application. As stated, the Bush street garage will be located at the southwest corner of Bush street and Clara lane. It will have an entrance on Bush street and on Clara lane, which runs from Bush street to Sutter street. It will immediately adjoin W. & J. Sloane, who have addressed a letter to this Board requesting the granting of the application for the garage on Sutter street. It will be within less than a block from The White House, which has signed a similar letter. It will be the same distance from Goldberg, Bowen & Co. and Sherman, Clay & Co., each of whom has signed a similar letter. In fact, the Bush street garage will be closer to the retail stores of the merchants

whose letters advocate and endorse the granting of the Sutter street permit than the proposed Sutter street garage would be.

For these reasons I submit that the action of the committee in determining the denial of a permit for a public garage on Sutter street should be denied.

Dance Hall License.

On recommendation of Police Committee.

Bill No. 8923, Ordinance No. ———— (New Series), as follows:

Imposing a license on owners, lessees, keepers or conductors of public halls and ballrooms, and regulating the conducting thereof, and repealing Ordinance No. 2929 (New Series), approved October 1, 1914.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Definitions. The term "dance" for the purpose of this ordinance shall include:

Every dance not held in a private home or residence.

Any class in which instruction in dancing is given for hire.

The term "dance hall" shall mean any building or place in which dances, as above defined, are to be held.

Section 2. For the purpose of this ordinance, dances, as herein defined, shall be classified in divisions as follows:

Division "A" shall include all dances of bona fide social character, to which admission is limited strictly on invitation of the person, organization, society or corporation, acting as host, and for which no fee, either by way of admission, or in any other manner, is charged.

Division "B" shall include all dances given by any bona fide fraternal, charitable, religious or benevolent organizations having a regular membership associated primarily for mutual, social, mental and civic welfare, to which admission is limited to members and guests, the revenue accruing therefrom to be used exclusively for the benevolent purposes of said organizations.

Division "C" shall include all dancing academies and dancing classes in which instruction in dancing is given for hire.

Division "D" shall include all dances for which admission is or is not charged, and to which the public is promiscuously invited, and all other dances within the scope of this ordinance not classified in Divisions "A," "B" and "C."

Section 3. Every person, firm, corporation, association or club that owns, leases, maintains, conducts or keeps a dance hall as in Section 1 described shall pay a license fee as follows, to-wit:

Dances included in Divisions "A," "B" and "C," as above defined, no license fee.

Dances included in Division "D," as above defined, shall pay a license of fifteen (15) dollars per quarter.

Such license shall be paid in addition to any liquor or any other license required by law.—As amended by Ordinance No. 5135 (New Series).

Section 4. The Tax Collector shall not issue any license or a renewal thereof for dances included in Division "D" unless the person, firm, corporation, association or club applying therefor has first obtained a permit to conduct said dance from the Board of Police Commissioners. —As amended by Ordinance No. 3304 (New Series), approved June 25, 1915.

Section 5. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not exceeding five hundred (500) dollars or by imprisonment in the County Jail not exceeding six (6) months, or by both such fine and imprisonment.

Section 6. Ordinance No. 754 is hereby repealed.

Section 7. Ordinance No. 2929 (New Series) is hereby repealed.

Section 8. This ordinance shall take effect immediately.

Adopted.

FINANCE COMMITTEE BUDGET RECOMMENDATIONS—1929-30.

San Francisco, May 20, 1929.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: Your Finance Committee presents to you herewith its recommendations for the Budget Ordinance for the fiscal year 1929-1930. This estimate does not include the budget for the Department of Education, which, in accordance with the decision of the State Supreme Court rendered two years ago, will be submitted separately by the Board of Education. The total amount of the Budget now presented is $26,012,787.

The Finance Committee has made a careful study of the estimated revenues from all sources of the City and County of San Francisco during the next fiscal year and regrets to report that the indicated increment may fall considerably below the average annual increase for a number of years past. This estimate is attributable to a number of economic conditions, some of which are nation-wide in their application. During the present fiscal year activity in the real estate market has been appreciably diminished throughout the United States, and the effect of this national condition has been felt to a considerable extent locally. Unemployment and retardation of business have had a depressing effect upon the purchase of property and rentals, and an abnormal amount of speculation in the stock market has contributed to the withdrawal of money from investment in real estate. This era of speculation in stocks has also depressed the normal market for municipal bonds, and has temporarily prevented the acquisition by the people of San Francisco of the profitable Spring Valley Water properties, which was authorized by popular vote more than a year ago.

The increases of revenue which the people of San Francisco had reason to expect at the beginning of the last fiscal year from the normal growth of the City, and the attendant increase of realty values and building improvements, and from the authorized operation of a municipal water supply, have not thus far materialized. In addition, the State government has put into effect a revised and reduced schedule of taxation upon certain important classes of personal property, including securities and the so-called intangibles. These reduced tax schedules are now being applied to personal property for the first time and the officials charged with the duties of assessment and collection of taxes hesitate to predict that the revenue for these classes of property will do more than remain stationary during the coming fiscal year.

Your Finance Committee, therefore, acting upon the best advices which it has been able to obtain, is confronted with the prospect of a diminution of the average annual increase of income for San Francisco during the fiscal year 1929-1930, and in consequence believes it to be its duty to recommend a policy of careful conservation of expenditures for the coming year, to the end that the average property owner, whose personal income is affected by these general conditions, may not be burdened with an increase of municipal taxation.

We desire to point out, however, that if our colleagues approve the Budget which we herewith submit, all of the normal needs for the proper conduct of the city government will be amply provided for and that our City will be, during the coming year, in the midst of the largest program of progressive construction work which it has experienced in recent years. Work on the final unit of the great Hetch Hetchy Water Supply project is now in progress and, in the absence of any unforeseen catastrophe, water from our mountain reservoirs will be brought into the City within the estimated period of four years. Construction of the extensive system of new boulevards which the people voted is under way and it can safely be predicted that the coming year will witness the completion of the Bay Shore, the Junipero Serra, the Nineteenth-avenue extension and the Alemany boulevards, and the Great Highway and the Esplanade along the ocean beach. The Bernal Cut, another important highway artery, is being constructed and will be open for traffic by the end of the next fiscal year, as will be the extension of Van Ness avenue. Purchases of all of the rights of way required for the Sunset boulevard will also be completed.

In the coming fiscal year the big sewer construction program voted by the people last fall will be started. The most essential uncompleted links in our present sewer system will be constructed. Sanitary conditions in San Francisco, always relatively good, will, upon the completion of this work, place San Francisco upon a parity with the best equipped of modern cities.

Bonds authorized for the construction of new hospitals and health buildings, and for important extensions of main sewers, will be sold at the earliest opportunity and this work will be undertaken without unavoidable delay. The construction of the War Memorial building and Opera House at the Civic Center will be commenced as soon as the architectural plans are agreed upon, and there is every reason to believe, with prospective improvement in the bond market, that the acquisition and operation by the City of the Spring Valley Water properties will soon be a reality. We desire to emphasize, therefore, that despite the temporary necessity for curtailment of current expenditures, the development of the City will in no wise be impeded, but in fact will progress at more than an average rate.

The fixed charges for interest and redemption of the bonds authorized by the people for these important projects constitute a considerable portion of the public costs that must be paid by the taxpayers this year and represent an additional reason why certain other worthy projects, which have been urged by various groups of citizens, must be deferred for future action.

During the past year important progress has been made in the reconstruction and reconditioning of our city streets, and the engineering experts of the municipal government report that the general condition of the streets today is excellent as compared with that of other cities. Your Streets Committee presents today a program of street and boulevard reconstruction and repair which will place San Francisco in the forefront of the cities of this nation. As a result of the excellent work that has been done, most of the basalt block streets have been reconstructed and the next two or three years will witness their permanent disappearance from San Francisco. In comparison with past requirements only a normal expenditure of public funds will be required in the future for the maintenance of these new streets. Among the important special street projects which will be carried on during the coming year are the completion of Market street extension, Corbett road, the Bernal Heights boulevard, the widening of San Jose avenue and of Ocean avenue, and the creation of a new divisional cross-town highway by a connection between Castro street and Divisadero street. The leading arterial and industrial thoroughfares of the City are now generally in good condition.

Excellent progress has been made recently in the lighting of our city streets. The old gas lamps are rapidly disappearing and being replaced by modern electric lights. The arterial streets throughout the city are well lighted, and the illumination of Market street and other leading thoroughfares has been greatly improved during the past year. Ample provision has been made for the continuation of this work.

During the current fiscal year the most extensive provisions for traffic regulation in the history of the City have been made. Accidents on the public streets have been greatly diminished and our people, through a careful program of education, are becoming traffic minded. San Francisco today has the most efficient equipment for control of traffic signals in the country, and generous provision is recommended for the extension of the traffic control system.

Recently the existing hospitals and health institutions of the City have been crowded to capacity, and this essential care of our people will be carried on without impairment. In addition the Budget contains a recommendation for the construction and equipment of a new emergency hospital in the Excelsior District. The new hospitals and health buildings authorized by the people will be constructed as soon as the bonds can be sold.

At the election of last fall the people authorized an increase of funds for the public library system. Your committee recommends an increase of moneys for the libraries and will take immediate steps to provide for the construction of a new branch library in the Richmond District.

In the last Budget, extensive increases were allowed for the Police and Fire departments, and the largest annual increase in the personnel of the Police Department in the recent history of the City was effected. The work of these two important departments will be carried on without impairment, and your Committee has recommended an increase in the Fire Prevention Bureau and the construction of a new fire House in the Parkside district. Additional equipment is recommended for the Police Department.

Full provision has been made for the continuation of the relief and charity work which is conducted under the auspices of the City.

Further appropriation is recommended for the continuation of the telephone rate litigation which, under the direction of the City Attorney, is estimated to have saved the rate payers of San Francisco approximately $10,000,000 during the past two years by preventing the increased rate schedule asked by the telephone company from going into effect. The Committee also recommends an appropriation of $25,000, which is declared by the City Engineer to be sufficient, for a study of the problem of constructing a subway under the business district of the city.

The valuation of the Market Street Railroad properties authorized during the current year, is now virtually complete, and your Committee points with pride to the fact that as a result of the efforts of this Board of Supervisors a new State law has been enacted which provides a practical method of financing the construction of a bridge across San Francisco Bay.

During the present fiscal year a bond issue was submitted to the people by the Board of Supervisors for the acquisition and permanent development of the City's airport. Unfortunately the proposed bonds were not approved, but your Committee recommends a substantial increase in the appropriation for the airport pending resubmission of the bond issue. The amount of money recommended, we are advised by the Airport Committee and the Advisory Board of Aeronautical Experts, will be ample to improve the surface of the field, complete the drainage system and install necessary equipment for adequate aviation service.

The maximum amount of money allowed by the Charter for the maintenance of our Parks and Playgrounds has been recommended. Substantial appropriation is provided for the new John McLaren Park in the Mission District. The list of special projects in the Budget includes the Aquatic Park and the Fine Arts Palace, and the contribution of the City to cultural purposes will be enlarged by increased expenditure for music.

The necessary money required to complete the addition to the De Young Memorial Museum in Golden Gate Park is recommended.

Your Finance Committee is in complete sympathy with the campaign for industrial development of San Francisco and believes that it will be possible, in the immediate future, from sources other than increased municipal taxes, to make important contributions to the primary projects of this campaign, such as the construction of a new Third-street bridge and the extension of additional fire protection to the industrial districts in the southern section of the City.

In view of the fact that the Board has recently enacted the ordinance providing for classification of positions in the City service, preliminary to salary standardization as required by the Charter, the question of salary adjustments has necessarily been deferred until the new salary standards are fixed by the Board.

Your Committee submits the accompanying Budget Ordinance with the conviction that it will enable every City department to function without impairment of service to the public, and that it represents the most accurate estimate of expenditures which can be made at this time without involving a probable increase of the municipal tax rate in the next fiscal year.

Respectfully,

FINANCE COMMITTEE, BOARD OF SUPERVISORS,

FRANCK R. HAVENNER,
Chairman,
MILO F. KENT,
CHAS. J. POWERS.

BUDGET

FOR MUNICIPAL EXPENDITURES

City and County of San Francisco, California, For Fiscal Year 1929-1930.

Bill No. ————, Ordinance No. ———— (New Series), as follows:

An ordinance fixing and appropriating the aggregate sums of the items thereof allowed to each department, officer, board and commission for the fiscal year ending June 30, 1930, and making a Budget of the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The aggregate sums and items thereof hereinafter set forth are hereby fixed, designated and appropriated for the respective purposs set opposite the same, to be expended during the fiscal year ending June 30, 1930, in accordance with the provisions of Article III, Chapter 1, of the Charter of the City and County.

Section 2. No department, officer, board, commission or employee shall expend, agree to expend or incur any liability which shall exceed the amount of any appropriation herein made or which may be hereafter appropriated for any specific purpose, and no such appropriation shall be used or subjected to any liability for any purpose other than that for which it is herein specifically made, unless otherwise authorized by the Board of Supervisors.

All balances of appropriations unexpended, or against which no liabilities have been incurred, at the end of each calendar month, shall be reported to the Board of Supervisors by the department, board, commission, officer or employee within ten days after the expiration of such previous month, and at the end of the fiscal year all such balances shall revert to and become a part of the unappropriated general fund unless otherwise ordered by the Board of Supervisors.

The Auditor shall not audit or issue any warrant contrary to the express provisions of this section.

Section 3. The amounts appropriated are as follows:

SPECIAL ORDER—3 P. M.

The following matter was taken up:

Report of Health Committee on Garbage Incineration.

Resolution No. ———— (New Series), as follows:

Whereas, the Committee on Public Health, after an extensive study, has reported to this Board its recommendations as to the disposal of garbage within the City and County of San Francisco; now, therefore, be it

Resolved by the Board of Supervisors that we hereby declare and adopt, as a matter of policy for the treatment of garbage disposal, the following:

1. That incineration be adopted as the means of disposing of San Francisco garbage.

2. That the incinerator be located on that certain parcel of real property owned by the City and County of San Francisco, of the approximate size of 200 by 400 feet, bounded by Fifteenth, Alameda, De Haro and Rhode Island streets in the City and County of San Francisco.

3. The type of incinerator must have good general conformation, and architecturally designed, good workable conditions, and require a minimum amount of labor, capable of destroying rubbish and garbage in a sanitary and inoffensive manner with complete destruction, at a minimum cost. The furnace of the incinerator must preferably be of brick type, giving the best obtainable radiation in accordance with engineering advices. The incinerator shall have a mechanical feed and automatic hoppers, shaker grates operated over an ash pit, with a special drop for cans and non-combustible substances. A four-cell furnace shall be installed, and there shall also be erected a baffle wall, and in general the incinerator shall be of a similar type built by the City of Chicago in 1928.

4. The incinerator shall be municipally-owned, built and operated, and that the Finance Committee of this Board be requested to provide funds to the extent of $1,000,000 for the construction and equipment of the incinerator.

5. In the event the Finance Committee of this Board finds that the organization or individual familiar and experienced in collecting and disposing of garbage be selected to build and operate an incinerator of the type heretofore described, providing such person, firm or corporation proves to be financially able to undertake the construction and operation of an incinerator as has been described in this resolution. Any contract entered into between such person, firm or corporation and the City must provide that the City shall have the right at any time to acquire the incinerator, paying to the builders and operators the cost of construction less depreciation, computed as of the time the City shall have taken over the said incinerator.

6. That the fill and cover method of garbage disposal be resorted to during the erection of the incinerator, and this temporary method of disposal shall be conducted in accordance with strict rules of the Board of Public Health.

7. Garbage to be disposed of temporarily by the fill and cover method shall be placed on land owned by the Industrial Land Development

Company in South Basin, which land was recently designated by the State Legislature as a reclamation district, the said Industrial Land Development Company to be paid at the rate of $1 per ton for all garbage disposed of by the fill and cover method, which contract shall terminate upon the completion and operation of the incinerator.

8. That the City Engineer shall prepare plans, specifications and estimates of the cost and operation of an incinerator of the type described herein and erected upon the premises heretofore described.

9. The City Attorney is hereby directed to prepare the necessary ordinances, resolutions and contracts to carry out the purposes of the policies described in this resolution.

Communications.

The following were read by the Clerk:

Communication, from Mayor, transmitting letter from Bay View Civic Association, objecting to "fill and cover" method of garbage disposal in the Bay View District, together with his reply thereto condemning "fill and cover" method of garbage disposal.

Communication, from San Francisco Center of the California League of Women Voters, opposing "fill and cover" method of garbage disposal.

San Francisco, May 20, 1929.

Board of Supervisors, City Hall, San Francisco, California:

Gentlemen: The Roman Catholic Orphan Asylum, Bayview and Newhall streets, San Francisco, hereby protests against the fill and cover method of garbage disposal which contemplates the filling in of that portion of San Francisco Bay south of Hunter's Point.

The Sisters in charge of the Orphan Asylum believe that the fill and cover method would be very detrimental to the health of the children under their care, and respectfully request the Board of Supervisors not to pass this measure.

Yours very truly,

ROMAN CATHOLIC ORPHAN ASYLUM,

By WM. J. BRENNAN, Attorney.

Privilege of the Floor.

Mr. Morris, representing the Wholesale Butchers, was heard in opposition to the proposed "fill and cover" disposal of garbage.

His Honor Mayor Rolph in the chair at 2:50 p. m.

Senator Thos. Maloney, and J. S. Thompson, representing the Pacific Electric Manufacturing Corporation, were heard in opposition to "fill and cover" in the Bay View District.

Mr. Elder and Mr. T. Treacy were heard as to their proposition to grade and landscape south beach basin water lots in conjunction with "fill and cover" disposal of garbage.

Wm. Hirsch and M. Wetmore were heard in explanation of their proposition of financing a plan to dispose of garbage by dehydration and incineration.

B. B. Florence, representing San Francisco Wholesale Fish Dealers, protested against dumping garbage at sea as a nuisance to the industry and inimical to the health of the people.

Action Deferred.

Whereupon, the foregoing matter was *laid over until June* 3, 1929, *and made a Special Order for* 2:30 *p. m.*

Auction Sale of Lease of City Property.

His Honor Mayor Rolph conducted the auction sale of the following:

A lease of certain real property of the City and County to be offered for sale at public auction this 20th day of May, 1929, at 3 o'clock p. m., at the chambers of the Board of Supervisors, City Hall.

Description of Property.

That certain parcel of land belonging to the City and County of San Francisco and situate in the City and County of San Francisco, State of California, described as follows:

Commencing at a point formed by the intersection of the westerly line of Polk street with the northerly line of McAllister street, running thence northerly along said westerly line of Polk street 120 feet; thence at a right angle westerly 137 feet 6 inches; thence at a right angle southerly 120 feet to the northerly line of McAllister street; thence running easterly along said northerly line of McAllister street 137 feet 6 inches to the westerly line of Polk street and point of commencement. Being a portion of Block 766 on Assessor's Map Book.

Terms and Conditions of Sale.

(a) That said lease shall be for a term of five years from the date thereof, subject, however, to the right of the City to terminate said lease upon thirty days' notice in writing to the lessee of said property, and on the termination of said lease lessee to remove all buildings and equipment therefrom;

(b) That said premises shall be used for and only as a gasoline and oil service station, and shall not be used for any other purpose;

(c) That said lessee shall within sixty days from date of lease grade and fill the said leased premises to grade of respective streets upon which the same fronts, and shall plant such portions thereof as are not actually used for buildings and equipment in connection with lessee's business, in lawn and shrubs, and maintain the same at all times in a growing condition, all to the satisfaction of the Board of Supervisors, and lay out and maintain on said premises during the term of said lease such walks and paths as the said Board shall direct;

(d) That the rental for said premises shall be payable monthly in advance;

(e) The lessee shall not assign said lease without the written consent of the Board of Supervisors and the Mayor;

(f) The lessee shall pay all taxes and assessments that may be issued or levied against the property leased or against the buildings or improvements erected thereon;

(g) The successful bidder within ten (10) days after the said lease shall be awarded, shall execute and file with the Clerk of the Board of Supervisors a bond in the penal sum equal to two years' rental of the premises leased, to secure the performance of the conditions and obligations of such lease, in form satisfactory to the City Attorney and the sureties satisfactory to the Mayor;

(h) A failure to pay the monthly rent agreed to be paid or a breach on the part of the lessees of any of the conditions of the lease shall, by reason of such failure or breach, operate as a forfeiture, and the said lease shall thereupon be terminated and the improvements erected thereon shall revert to and become the property of the City and County of San Francisco, and the sureties on the bond shall be liable to the City and County for any damage that may result from such forfeiture.

Manner of Bidding.

At the time and place herein stated the Clerk of the Board of Supervisors will read this notice, and thereupon the presiding officer of the Board of Supervisors will call for bids for the lease of the property described herein. Any person may offer a bid in writing, sealed, and each bid shall be for the monthly rental to be paid during the term of the lease. Each bid made shall be subject to be raised by any other person, and the bidding shall continue until no increased bid shall be made, and said bid so made in open Board will be considered as if made in writing, when the lease shall be struck off and awarded to the highest bidder. The said bidder to whom the award is made shall thereupon deposit with the Clerk of the Board of Super-

visors the sum of $250 or a certified check made payable to the Clerk of said Board in said amount, as a condition that within ten (10) days after the passage of an ordinance of award he will enter into a written lease of said property in accordance with the terms and conditions stated in this notice; in the event of a failure so to do, such sum or check will be forfeited to and become the property of the City and County. In case any bidder shall fail to make such deposit, his bid shall be then and there rejected and the lease shall be struck off and awarded to the next highest bid, provided that no person desires to increase the same.

The Board of Supervisors at any time prior to the passage of the ordinance of award may reject any bid.

Bid.

M. M. Getz, representing the Standard Oil of California, bid: $100 per month for the first year, $125 per month for the second and third years and $150 per month for the fourth and fifth years.

Whereupon, his Honor the Mayor asked if there were any other bids and there being no response, the foregoing bid was *referred to the Building and Lands Committee.*

Revenue Bond Bill Approved.

Supervisor Havenner called attention to the enactment in the Legislature of a bill originating in this Board of Supervisors providing for the supervision and control of toll bridges by "State Toll Bridge Commission" and enabling bridges to be constructed by the issuance of revenue bonds.

Supervisor Havenner moved that the Mayor and the Board of Supervisors be authorized, as soon as the bill may be signed by the Governor, to take steps for cooperation between the State Toll Bridge Commission and representatives of San Francisco in a campaign in Washington for favorable action on the San Francisco Bay Bridge application.

Motion *carried.*

Reimbursement of Good Roads Fund for Third Street Bridge.

Supervisor Havenner announced that in conference with the chairman of the Streets Committee it was agreed that immediate steps be taken to reimburse the Good Roads Fund to the amount of $150,000 out of Boulevard Bond Funds for moneys expended for the acquisition of Junipero Serra boulevard rights of way, and stated that said amount might be available for reconstruction of 3rd street bridge.

Industrial Development Conference.

Supervisor Hayden called attention to the importance of the industrial development conference to be held in the chambers of the Board on Wednesday at 10 a. m., and urged all members to attend.

Sale of City Land Along Treat Avenue for Spur Track Industrial Purposes.

Supervisor Suhr presented the following communication and bill, which were ordered *referred to the Finance Committee*:

San Francisco, Cal., May 20, 1929.

Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: I respectfully suggest that your Honorable Board readvertise for sale for manufacturing needs, to the highest bidder, 2517 square feet of the City's property lying along Treat avenue between Sixteenth and Seventeenth streets, and that said property which could become advantageous to industrial welfare of our City be sold pursuant to the provisions of the Charter.

Respectfully submitted,

(Signed) JAMES ROLPH, JR., Mayor.

Private Sale of City Lands.

Supervisor Suhr presented:

Bill No. ———, Ordinance No. ——— (New Series), as follows:

Providing for the disposal at private sale of certain lands belonging to the City and County of San Francisco in accordance with provisions of Article II, Chapter II, Section 9 of the Charter.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That public interest and necessity demand the sale of the following described parcel or piece of land owned and held by the City and County of San Francisco. Said parcel of land is situated in the City and County of San Francisco, State of California, and more particularly described as follows, to-wit:

Commencing at a point which is distant 162.472 feet at right angles northerly from the northerly line of Seventeenth street and 284.922 feet at right angles easterly from the easterly line of Folsom street, said point being on the northwesterly line of the property of the City and County of San Francisco; thence deflecting 16 degrees 26 minutes 01 seconds to the right from a line drawn at right angles to said northerly line of Seventeenth street and parallel with said easterly line of Folsom street, and running thence northeasterly along said northwesterly line of the property of said City and County 31.345 feet; thence deflecting 55 degrees 38 minutes 23 seconds to the right from the preceding course and running northeasterly 82.731 feet to the southeasterly line of the property of said City and County; thence deflecting 124 degrees 06 minutes 32 seconds to the right and running southwesterly along said southeasterly line 42.147 feet; thence deflecting 62 degrees 35 minutes 28 seconds to the right from the preceding course and running southwesterly 77.316 feet to the point of commencement.

Containing 2517 square feet.

Section 2. The said piece or parcel of land hereinabove described shall be sold for cash, in United States gold coin, at private sale to be held in accordance with the provisions of Article II, Chapter II, Section 9 of the Charter.

Section 3. The Clerk of the Board of Supervisors is hereby directed to publish in the official newspaper and in one other daily newspaper for two weeks successively next before the day on which the sale is to be made, a notice of such sale, describing the land to be sold with common certainty.

Section 4. The Mayor, Assessor and the chairman of the Finance Committee of the Board of Supervisors are hereby directed to appraise said land within three weeks after the final passage of this ordinance as required by Article II, Chapter II, Section 9 of the Charter.

Section 5. Upon receipt and examination of bids or offers for said land as aforesaid, the Mayor shall accept the highest bid made, provided said bid be for at least 90 per cent of the value found by said appraisers, and shall immediately thereafter, at the next meeting of the Supervisors, report the fact of such sale to the Supervisors with a statement of the sum bid and the name of the highest bidder, with a request that the Board confirm such sale.

Joint Highway Districts Nos. 9 and 10 Assessments Approved.

Communication, from A. J. Martin, secretary of Board of Directors of Joint Highway Districts Nos. 9 and 10, transmitting certified copies of Resolutions Nos. 6 and 16 of said Board, adopted May 15, 1929, approving report of its engineer as to assessments for improvements against counties concerned.

Read and *filed*.

Study of Municipal Court System.

Supervisor Marks presented:

Resolution No. ———— (New Series), as follows:

Be it Resolved, That the Judiciary Committee be and it is hereby instructed to study the Municipal Court system, particularly with reference to the statute with respect thereto enacted by the recent Legislature, to hold hearings thereon and following such study and hearings to make its recommendations to the Board of Supervisors with regard to the establishment in San Francisco of a system of Municipal Courts.

Referred to the Judiciary Committee.

South Basin Reclamation Study.

Supervisor Marks presented:

Resolution No. ———— (New Series), as follows:

Whereas, the South Basin Reclamation Bill was recently tabled by the Assembly Committee on Commerce and Navigation; and

Whereas, said measure had the active endorsement and support of the Board of Supervisors, the Labor Council, the Chamber of Commerce, the Building Trades Council, the Real Estate Board and many other civic organizations; and

Whereas, the reclamation project contemplated by said measure would make available over one thousand acres of tidelands for industrial purposes and would be highly beneficial in the commercial development of San Francisco; now, therefore, be it

Resolved, That the City Attorney and the City Engineer be and they are hereby requested to make a study of existing state statutes and municipal ordinances, together with such general municipal powers as may exist, to determine whether or not proceedings can be had by the City of San Francisco, notwithstanding the defeat of the South Basin Reclamation measure by the State Legislature, to initiate the South Basin Reclamation project; and be it

Further Resolved, That, following their study thereof, the City Attorney and City Engineer advise the Board of Supervisors of the powers which the City and County of San Francisco possesses with respect to said reclamation project, and that they transmit their recommendations to this Board as to procedure to be followed.

Referred to the Industrial Committee.

ADJOURNMENT.

There being no further business, the Board at the hour of 6 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors June 10, 1929.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as above recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

WEDNESDAY, MAY 22, 1929, 7:30 P. M.

The Board of Supervisors met pursuant to adjournment for the purpose of conducting a public hearing on the proposed Budget of Municipal Expenditures for the ensuing fiscal year 1929-1930.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present: Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr—15.

A message was received from Dr. Toner explaining his inability to be present.

Supervisors Deasy and Todd reported ill.

His Honor Mayor Rolph appeared at the above stated hour and was excused on motion of Supervisor Andriano to attend the Native Sons of the Golden West ball.

Report of Finance Committee.

The Clerk, on motion of Supervisor Havenner, read the report of the Finance Committee on the proposed Budget of Municipal Expenditures for the fiscal year 1929-1930.

Privilege of the Floor.

Whereupon, the following citizens and taxpayers were granted the privilege of the floor and were heard at length on various items of the Budget:

Mrs. Edna Calhan, representing the Ingleside Improvement Club, urged an appropriation for the removal of the County Jail from Ingleside District and the creation of Balboa Park as a recreation center. She also asked for an appropriation for the purchase of land on Ingleside Heights for park purposes as heretofore recommended by the Board of Park Commissioners.

C. Clarence Baen, chairman of the Industrial Committee of the Chamber of Commerce, urged an appropriation of $300,000 for the reconstruction of the Third street bridge at Channel street, declaring that the present bridge is in a dangerous condition and needs reconstruction and deepening of the bed of the channel to permit the larger ships of the United Fruit Company to reach their dockage.

Chas. S. Tripler, representing Associated Boat Industries, endorsed the Park Commissioners' request for $50,000 in this year's Budget for additional berth facilities to be constructed at the Yacht Harbor. There are now 199 berths and one hundred more are urgently needed. This would mean an increase of $1,000 per month in the income of the Yacht Harbor, which is now running about $12,000 a year. The investment would pay for itself, he said.

Mr. C. D. Mull, business representative of Local 151, I. E. B. W., urged the increase in salary for the Superintendent of Fire Alarm Operators of the Department of Electricity from $2,700 to $3,000 a

year. He pointed out the technical nature of the work the Superintendent is performing and the fact that similar employment is paid the higher sum.

Mr. E. A. Walcott, representing the Civil Service Commission, asked for holding necessary examinations and filling with Civil Service employees three or four hundred positions now filled temporarily by non-civil service employees.

Mr. Grover O'Connor, representing those who want to take civil service examinations, was granted the privilege of the floor. He declared that $350,000 to $500,000 was being spent illegally every year due to the lack of enforcement of the Civil Service provisions of the Charter. He asked for sufficient appropriation for the Civil Service Commission to carry on their work.

Mrs. J. Holmes, chairman of the City and County Federation of Women's Clubs, declared that the Palace of Fine Arts is a disgrace and requested the Finance Committee to do something about it.

L. E. Munier requested an extension of the high pressure system from Fifteenth and Kansas streets to Third and Mariposa streets at an approximate cost of $176,000. He urged this as a necessary protection to industries seeking that location.

Mrs. Elsa Leon, representing the Marina District Improvement Association, asked for better fire protection in the Marina District, and asked for a hose tender in Engine No. 20 at Filbert and Greenwich streets until such time as high pressure mains can be put in. $10,500, she said, would provide for eight additional hosemen and afford temporary protection for the district. With reference to construction of the Palace of Fine Arts, she asked for permanent construction of the rotunda at this time. $50,000 is insufficient and a disappointment.

Mr. John O'Connell, secretary of the San Francisco Labor Council, was heard urging increases in salaries for various employees.

Eight fire alarm operators and the chief operator of the Department of Electricity asked an increase of $25 per month.

Mr. Sol Peiser spoke for the establishment of an emergency hospital in the Richmond District.

Adolph Uhl endorsed proposed emergency hospital in the Richmond District. He urged that the appropriation for the maintenance of the pipe yard and watchman be stricken out; that the appropriation for the Airport be reduced to $100,000, declaring that private airports now in contemplation will kill future needs; that $75,000 for improvement of the Aquarium, Golden Gate Park, be stricken out; also, that $50,000 for the Palace of Fine Arts be stricken out, declaring that this work should be carried on under bond issue, $50,000 being insufficient to make any substantial improvement. He urged that $150,000 be provided out of these savings for the "fill and cover" method of garbage disposal. In closing, he complimented the Finance Committee upon its conservative report which, he said, was well taken at this time when business is at a standstill.

Mrs. Mallon, representing the Richmond District, declared that the Park Quarry on Fulton street was an eyesore and detrimental to the district. She urged that the Budget appropriation for cleaning it up be retained.

J. P. Quenan, speaking for additional berth space, asked that $50,000 be provided. It will provide employment for thousands instead of hundreds in the Associated Boat Industries of the Bay region.

Mr. Laracue, representing the Lincoln Park Boat Club, declared that the two golf courses which we now have in San Francisco are inadequate for those who wish to play. Portland, he said, has five. The little town of Santa Cruz contemplates four. He urged the improvement of Sharp Park, in San Mateo County, at an expense of $100,000.

Raymond Stevens, representing the Chamber of Commerce of Salada

Beach and various golf clubs, also urged the improvement of Sharp Park.

Mr. Hoffman spoke for an increased appropriation for the Public Library. $40,000 more, he said, is needed.

Mr. H. Becker, president of the Eureka Valley Improvement Association, requested an appropriation of $175,000 for the completion of the Market street extension.

J. F. Kelly, representing the Central Federation of Improvement Clubs, declared that per diem men were entitled to 300 days' employment in the year and provision should be made for it, also for examinations. Per diem men, able to work, should not be penalized to pay those injured as is now the case. He stated that $1,200,000 in the Budget was not itemized as required by Amendment No. 33. He asked for an appropriation for China Beach and more money for the Library.

Wm. Bonser, representing Office Employees, declared that the Civil Service Commission has wasted three weeks seeking information from departments and other cities on payments to office employees. He asked that the resolution of the Labor Council be supported.

Elmire Doydge, representng the Nob Hill Improvement Association, was heard as to the needs of the Nob Hill District.

Violet Fowler, representing Marina District, urged additional hosemen for fire protection of the district.

Herbert E. Hall was heard in respect to the restoration of the Palace of Fine Arts.

Gus H. Pollock asked for an appropriation for a library building in the Richmond District.

A. Schapf urged the removal of the County Jail from the Ingleside District.

E. W. Thurman was heard in regard to the requirements of the Glen Park District.

Adolph Uhl opposed the appropriation of $150,000 for McLaren Park, declaring that the people voted against it. He had legal advice to the effect that the Board can be restrained from spending $150,000 for McLaren Park. Don't plant trees on the land, he said, it destroys it for recreation. He urged that the Board trade around with land acquired so as to get two recreation parks of about 50 acres each at the north and south end.

Fred Ireland, representing the San Francisco Fire Department and himself as a citizen, urged an appropriation of $9,750 for the appointment of 65 lieutenants.

Chief Thos. Murphy of the San Francisco Fire Department urged an appropriation of $10,800 for needed fire protection in the Marina District. We have the equipment, he said, but need additional hosemen. He also asked for $15,120 for fire protection at Kezar Stadium and $4,210 for truck company in the Parkside District. The Potrero District, he said, is badly in need of an extension of the high pressure system. The City generally greatly needs additional fire protection.

Communication.

A communication, from Leslie E. Burks, secretary, Joint Tax Committee of the San Francisco Real Estate Board, favoring that a policy should be adopted to keep public expenditures at the lowest possible point consistent with effective operation of governmental affairs and natural growth and development of the City, was read and ordered *filed*.

County Jail Site.

Supervisor Schmidt moved that the Board of Supervisors request his Excellency the Governer to sign the Quigley bill, providing for a County Jail site in Marin County.

Motion *carried*.

RECESS.

Supervisor Havenner moved that the Board take a recess until 10:30 a. m. Thursday.

Supervisor McSheehy moved as an amendment that the Board recess until Friday at 10 a. m.

Amendment *lost* by the following vote:

Ayes—Supervisors McSheehy, Schmidt, Shannon, Stanton—4.

Noes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, McGovern, Marks, Powers, Roncovieri, Suhr—10.

Absent—Supervisors Deasy, Kent, Todd, Toner—4.

Whereupon, Supervisor Havenner's motion to recess until 10:30 a. m. Thursday, May 23, 1929, was *carried* without objection.

THURSDAY, MAY 23, 1929, 10:45 A. M.

In Board of Supervisors, San Francisco, Thursday, May 23, 1929, 10:45 a. m.

The Board of Supervisors reassembled for the purpose of considering the proposed Budget of Municipal Expenditures for the Fiscal Year 1929-1930 as presented by the Finance Committee.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present: Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, Marks, Powers, Roncovieri, Shannon, Stanton, Suhr, Toner—15.

Absent—Supervisor Todd—1.

Supervisor McSheehy was noted present at 11:10 a. m.

Supervisor Schmidt was noted present at 11:25 a. m., being delayed at Supplies Committee meeting.

Quorum present.

His Honor Mayor Rolph being absent, Supervisor Marks was elected to preside.

Motion.

Supervisor Havenner moved that the Budget be taken up seriatim by departments.

So ordered..

BUDGET

FOR MUNICIPAL EXPENDITURES

City and County of San Francisco, California, For Fiscal Year 1929-1930.

Bill No. 8940, Ordinance No. 8435 (New Series), as follows:

An ordinance fixing and appropriating the aggregate sums of the items thereof allowed to each department, officer, board and commission for the fiscal year ending June 30, 1930, and making a Budget of the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The aggregate sums and items thereof hereinafter set forth are hereby fixed, designated and appropriated for the respective purposs set opposite the same, to be expended during the fiscal year ending June 30, 1930, in accordance with the provisions of Article III, Chapter 1, of the Charter of the City and County.

Section 2. No department, officer, board, commission or employee shall expend, agree to expend or incur any liability which shall exceed the amount of any appropriation herein made or which may be hereafter appropriated for any specific purpose, and no such appropriation shall be used or subjected to any liability for any purpose other than that for which it is herein specifically made, unless otherwise authorized by the Board of Supervisors.

All balances of appropriations unexpended, or against which no liabilities have been incurred, at the end of each calendar month, shall be reported to the Board of Supervisors by the department, board, commission, officer or employee within ten days after the expiration of such previous month, and at the end of the fiscal year all such balances shall revert to and become a part of the unappropriated general fund unless otherwise ordered by the Board of Supervisors.

The Auditor shall not audit or issue any warrant contrary to the express provisions of this section.

Section 3. The amounts appropriated are as follows:

Dance Hall License.

On recommendation of Police Committee.

Bill No. 8923, Ordinance No. 8452 (New Series), as follows:

Imposing a license on owners, lessees, keepers or conductors of public halls and ballrooms, and regulating the conducting thereof, and repealing Ordinance No. 2929 (New Series), approved October 1, 1914.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Definitions. The term "dance" for the purpose of this ordinance shall include:

Every dance not held in a private home or residence.

Any class in which instruction in dancing is given for hire.

The term "dance hall" shall mean any building or place in which dances, as above defined, are to be held.

Section 2. For the purpose of this ordinance, dances, as herein defined, shall be classified in divisions as follows:

Division "A" shall include all dances of bona fide social character, to which admission is limited strictly on invitation of the person, organization, society or corporation, acting as host, and for which no fee, either by way of admission, or in any other manner, is charged.

Division "B" shall include all dances given by any bona fide fraternal, charitable, religious or benevolent organizations having a regular membership associated primarily for mutual, social, mental and civic welfare, to which admission is limited to members and guests, the revenue accruing therefrom to be used exclusively for the benevolent purposes of said organizations.

Division "C" shall include all dancing academies and dancing classes in which instruction in dancing is given for hire.

Division "D" shall include all dances for which admission is or is not charged, and to which the public is promiscuously invited, and all other dances within the scope of this ordinance not classified in Divisions "A," "B" and "C."

Section 3. Every person, firm, corporation, association or club that owns, leases, maintains, conducts or keeps a dance hall as in Section 1 described shall pay a license fee as follows, to-wit:

Dances included in Divisions "A," "B" and "C," as above defined, no license fee.

Dances included in Division "D," as above defined, shall pay a license of fifteen (15) dollars per quarter.

Such license shall be paid in addition to any liquor or any other license required by law.—As amended by Ordinance No. 5135 (New Series).

Section 4. The Tax Collector shall not issue any license or a renewal thereof for dances included in Division "D" unless the person, firm, corporation, association or club applying therefor has first obtained a permit to conduct said dance from the Board of Police Commissioners. —As amended by Ordinance No. 3304 (New Series), approved June 25, 1915.

Section 5. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not exceeding five hundred (500) dollars or by imprisonment in the County Jail not exceeding six (6) months, or by both such fine and imprisonment.

Section 6. Ordinance No. 754 is hereby repealed.

Section 7. Ordinance No. 2929 (New Series) is hereby repealed.

Section 8. This ordinance shall take effect immediately.

SPECIAL ORDER—2:30 P. M.

Report of Health Committee on Garbage Incineration.

Resolution No. ———— (New Series), as follows:

Whereas, the Committee on Public Health, after an extensive study, has reported to this Board its recommendations as to the disposal of garbage within the City and County of San Francisco; now, therefore, be it

Resolved, by the Board of Supervisors, that we hereby declare and adopt, as a matter of policy for the treatment of garbage disposal, the following:

1. That incineration be adopted as the means of disposing of San Francisco garbage.

2. That the incinerator be located on that certain parcel of real property owned by the City and County of San Francisco, of the approximate size of 200 by 400 feet, bounded by Fifteenth, Alameda, De Haro and Rhode Island streets in the City and County of San Francisco.

3. The type of incinerator must have good general conformation, and architecturally designed, good workable conditions, and require a minimum amount of labor, capable of destroying rubbish and garbage in a sanitary and inoffensive manner with complete destruction, at a minimum cost. The furnace of the incinerator must preferably be of brick type, giving the best obtainable radiation in accordance with engineering advices. The incinerator shall have a mechanical feed and automatic hoppers, shaker grates operated over an ash pit, with a special drop for cans and non-combustible substances. A four-cell furnace shall be installed, and there shall also be erected a baffle wall, and in general the incinerator shall be of a similar type built by the City of Chicago in 1928.

4. The incinerator shall be municipally-owned, built and operated, and that the Finance Committee of this Board be requested to provide funds to the extent of $1,000,000 for the construction and equipment of the incinerator.

5. In the event the Finance Committee of this Board finds that the financing of the incinerator for construction and operation would impose too great a burden on the taxpayers, a corporation, copartnership, organization or individual familiar and experienced in collecting and disposing of garbage be selected to build and operate an incinerator of the type heretofore described, providing such person, firm or corporation proves to be financially able to undertake the construction and operation of an incinerator as has been described in this resolution. Any contract entered into between such person, firm or corporation and the City must provide that the City shall have the right at any time to acquire the incinerator, paying to the builders and operators the cost of construction less depreciation ,computed as of the time the City shall have taken over the siad incinerator.

6. That the fill and cover method of garbage disposal be resorted to during the erection of the incinerator, and this temporary method of disposal shall be conducted in accordance with strict rules of the Board of Public Health.

7. Garbage to be disposed of temporarily by the fill and cover method shall be placed on land owned by the Industrial Land Development Company in South Basin, which land was recently designated by the State Legislature as a reclamation district, the said Industrial Land Development Company to be paid at the rate of $1 per ton for all garbage disposed of by the fill and cover method, which contract shall terminate upon the completion and operation of the incinerator.

8. That the City Engineer shall prepare plans, specifications and

estimates of the cost and operation of an incinerator of the type described herein and erected upon the premises heretofore described.

9. The City Attorney is hereby directed to prepare the necessary ordinances, resolutions and contracts to carry out the purposes of the policies described in this resolution.

Lease of City Land, Polk and McAllister Streets.

Bill No. ———, Ordinance No. ———— (New Series), as follows:

Authorizing the lease of certain land situate at the intersection of the northerly line of McAllister street with the westerly line of Polk street, in the City and County of San Francisco, and authorizing the Mayor to execute such lease.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited that, pursuant to the direction of Resolution No. 30718 (New Series) of the Board of Supervisors, notice was given as required by the Charter, that a lease of the real property of the City, situate at the intersection of the northerly line of McAllister street with the westerly line of Polk street, would be offered for sale at public auction on the 20th day of May, 1929, at 3 p. m., at the Chambers of the Board of Supervisors, City Hall, and that at said time and place said auction sale was had in the manner stated in said notice and in accordance with the provisions of said Charter, and upon said date the Standard Oil Company of California was the highest bidder at said sale and the lease of said property was struck off and awarded to it.

Section 2. A lease for the term of five years from the expiration of sixty days from the taking effect of this ordinance of the property described as follows, to-wit:

Commencing at a point formed by the intersection of the westerly line of Polk street with the northerly line of McAllister street, running thence northerly along said westerly line of Polk street 120 feet to the southerly line of Redwood street; thence westerly along said southerly line of Redwood street 137 feet 6 inches; thence at a right angle southerly 120 feet to the northerly line of McAllister street; thence running easterly along said northerly line of McAllister street 137 feet 6 inches to the westerly line of Polk street and point of commencement. Being a portion of Block 766 on Assessor's Map Book, is hereby awarded to the Standard Oil Company of California for the monthly rental of $100 per month during the first year, $125 per month during the second and third years, $150 per month during the fourth and fifth years, said Standard Oil Company of California being the highest and best bidder therefor, the Mayor of the City and County of San Francisco is hereby authorized to enter into a contract of lease with said Standard Oil Company of California in accordance with the terms and conditions contained in the said notice of sale of lease, and pursuant to the provisions of the Charter of the City and County.

Section 3. Should the above described premises be required for public use at any time before the termination of the period of lease, the City shall have the right to cancel the said lease upon thirty days' written notice of such intention being given by the City.

Section 4. This ordinance shall take effect immediately.

City Attorney to Condemn Land Required for School Purposes.

Supervisor Powers presented:

Resolution No. 30969 (New Series), as follows:

Resolved, By the Board of Supervisors of the City and County of San Francisco, that public interest and necessity require the acquisition by the City and County of San Francisco, a municipal corporation, of the following properties situated in the City and County of San Francisco, State of California, more particularly described as follows, to-wit:

All the following certain pieces or parcels of land situate in Block 29, Fairmount Tract, as per map heretofore filed in the office of the City and County Recorder, March, 1864, in Book 2-A and B of maps, and bounded by Chenery and Randall streets, Southern Pacific right of way and Thirtieth street. Being Lots Nos. 1 to 7, inclusive, 29 to 40, inclusive, 40A, 40B, 41 and 41A.

Be it Further Resolved, That said properties are suitable, adaptable, necessary and required for the public use of said City and County of San Francisco for school purposes. It is necessary that a fee simple title be taken for such use.

The City Attorney is hereby ordered and directed to commence proceedings in eminent domain against the owners of said parcels of land and of any and all interests therein or claims thereto, for the condemnation thereof for the public use of the City and County of San Francisco, as aforesaid.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd—16.

Absent—Supervisors Marks, Toner—2.

Heat, Light and Power Rates Investigation.

Supervisor Havenner presented:

Resolution No. 30970 (New Series), as follows:

Whereas, the Railroad Commissioners of the State of California have cited the Great Western Power Company and the Pacific Gas and Electric Company to appear to show cause why their respective rates should not be investigated by the Commision; and

Whereas, the people of the City and County of San Francisco will be affected by such investigation; and

Whereas, it appears that the rates of said companies are excessive; now, therefore, be it

Resolved, That the City Attorney is hereby instructed to appear before the Railroad Commission and to present evidence for the purpose of having the rates of the Great Western Power Company and the Pacific Gas and Electric Company investigated and reduced.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd—16.

Relative to Lease of Pipe Yard for Storage of Hetch Hetchy Copper Cable, Etc.

The following was read by the Clerk.

June 8, 1929.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: In response to adopted motion of your Board, the following reply is made to the criticisms of Mr. A. Uhl contained in a communication to your Board dated June 3, 1929:

(1) As to certain copper cable stored at the Municipal Pipe Yard at Sixth and Hubbell streets:

As Mr. Uhl states, this copper was purchased for the purpose of constructing a transmission line for the Moccasin power plant from Newark to San Francisco. The original cost of this cable was $160,000. On the basis of the present market price, it would cost the City today $195,000 to replace this cable, so that, notwithstanding the payment of interest charges for the six-year period, it has been a good investment for the City. As your Board is aware, proceedings are being had at the present time looking forward toward the acquisition of the distributing systems of the Pacific Gas and Electric Company and the Great Western Power Company in San Francisco, and while it is true that the original proceedings contemplated the acquisition of the existing transmission line of the Pacific Gas and Electric Company from Newark to San Francisco, in the subsequent proceedings this transmission line was eliminated from the property to be acquired on account of the high severance damages claimed by the Pacific Gas and Electric Company and the question raised as to whether this was subject to condemnation, so that it would appear that if the people vote to purchase either of the power companies' distributing systems, a transmission line will have to be constructed from Newark to San Francisco at that time. It would therefore seem to be unwise to dispose of this copper cable until that question is finally determined.

(2) With regard to the second criticism that $200,000 worth of pipe and hydrants have been lying in a lot for many years, while industries burn to the ground for want of adequate fire protection:

The facts are, that in 1908 the people voted $5,200,000 bonds for the construction of an auxiliary high pressure fire system, which contemplated the installation of 90.5 miles of high pressure pipe. Subsequent to the bond election providing for the installation of the fire system, and after contracts had been entered into for the delivery of all of the pipe contemplated in the original estimates, the people of San Francisco, by charter amendment, increased the wage scale of employees on public work from the prevailing rate of $2.50 to a minimum of $3 per day, with the result that the bonds voted were not sufficient to complete the laying of all of the pipe purchased, and 72 miles of the 90 were laid by 1914. Subsequent Boards of Supervisors have provided funds from time to time for laying a small section of this, and as funds have been provided the pipe has been laid, so that now there are 76 miles installed. In passing, it might be pointed out that the value of the pipe on hand at the present time is worth nearly double its original cost, so that it has proven a good investment and has provided a certain amount of insurance for replacement of any of the system which might have been necessary in the event of a catastrophe. The pipe is practically indestructible and does not deteriorate. Neither Mayor Rolph nor his administration has had anything to do with the

purchase of this pipe, so that Mr. Uhl's insinuations on that score may be ignored.

(3) With regard to the third criticism, that private business would not pay $7,300 rent for a block of land when by selling the copper cable and installing the pipe the block would not be 10 per cent occupied:

The space occupied by the cable is comparatively small, and it would be a simple matter to provide other storage space for this copper on City property. The yard has been used mainly for the storage of the pipe and rail and track special work for the Municipal Railway, and for a bending plant for this rail. The City Engineer's office has recommended for a number of years the acquisition of a piece of property adjacent to the Seventeenth street carbarn which would be used for a track material and rail storage yard in connection with a shop. Money is not now available in the Municipal Railway funds for the purchase of this land, so that unless some other provision is made for storage of track material and storage of the pipe material, or the installation of this, there does not seem to be any other solution than the continued used of this land. The cost of moving the pipe and storing it elsewhere would be practically prohibitive, and would cost far more than any saving that could be made in moving it.

With regard to the several suggestions made by Mr. A. Uhl:

(a) That relative to the sale of the copper has been covered in the above statement.

(b) With regard to Mr. Uhl's suggestion that these high pressure pipes be installed in the industrial area between Mariposa, Alameda, Third and Bryant, presumably for the purpose of furnishing a water supply, this would, I believe, be illegal if they were not to be installed as a part of the auxiliary high pressure fire protection system. The suggestion that the proceeds from the sale of the copper be used for the purpose of paying for the installation of these pipes is, of course, absolutely impossible from a legal point of view, for the reason that if this copper were to be disposed of, the proceeds must revert to the Hetch Hetchy bond funds for use in the construction of the project, and these funds could not be used for any other purpose, nor would it be possible to have the Spring Valley Company install this pipe for a water supply system, for the reason that the pipe was purchased from bondsv oted for the specific purpose of an auxiliary fire system.

With regard to the other suggestions made in Mr. Uhl's letter, I believe they largely concern questions of policy of the Board of Supervisors and were not intended by your Board to be covered in any answer from this office.

Respectfully,

M. M. O'SHAUGHNESSY,
City Engineer.

Providing for the disposal at private sale of certain lands belonging to the City and County of San Francisco in accordance with provisions of Article II, Chapter II, Section 9 of the Charter.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That public interest and necessity demand the sale of the following described parcel or piece of land owned and held by the City and County of San Francisco. Said parcel of land is situated in the City and County of San Francisco, State of California, and more particularly described as follows, to-wit:

Commencing at a point which is distant 162.472 feet at right angles northerly from the northerly line of Seventeenth street and 284.922 feet at right angles easterly from the easterly line of Folsom street, said point being on the northwesterly line of the property of the City and County of San Francisco; thence deflecting 16 degrees 26 minutes 01 seconds to the right from a line drawn at right angles to said northerly line of Seventeenth street and parallel with said easterly line of Folsom street, and running thence northeasterly along said northwesterly line of the property of said City and County 31.345 feet; thence deflecting 55 degrees 38 minutes 23 seconds to the right from the preceding course and running northeasterly 82.731 feet to the southeasterly line of the property of said City and County; thence deflecting 124 degrees 06 minutes 32 seconds to the right and running southwesterly along said southeasterly line 42.147 feet; thence deflecting 62 degrees 35 minutes 28 seconds to the right from the preceding course and running southwesterly 77.316 feet to the point of commencement.

Containing 2517 square feet.

Section 2. The said piece or parcel of land hereinabove described shall be sold for cash in United States gold coin, at private sale to be held in accordance with the provisions of Article II, Chapter II, Section 9 of the Charter.

Section 3. The Clerk of the Board of Supervisors is hereby directed to publish in the official newspaper and in one other daily newspaper for two weeks successively next before the day on which the sale is to be made, a notice of such sale, describing the land to be sold with common certainty.

Section 4. The Mayor, Assessor and the Chairman of the Finance Committee of the Board of Supervisors are hereby directed to appraise said land within three weeks after the final passage of this ordinance as required by Article II, Chapter II, Section 9 of the Charter.

Section 5. Upon receipt and examination of bids or offers for said land as aforesaid, the Mayor shall accept the highest bid made, provided said bid be for at least 90 per cent of the value found by said appraisers, and shall immediately thereafter, at the next meeting of the Supervisors, report the fact of such sale to the Supervisors, with a statement of the sum bid and the name of the highest bidder, with a request that the Board confirm such sale.

New Garage Ordinance.

Bill No. ————, Ordinance No. ———— (New Series), as follows:

Governing the construction, equipment, maintenance and operation of public, commercial and private garages; regulating and providing for the storage and use of gasoline in connection with public, commercial and private garages; duties of the Fire Marshal; penalty for violation; repealing Ordinance No. 746 (New Series) and all ordinances or parts of ordinances in so far as they conflict with this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever used in this ordinance, the following terms and words are defined as herein specified and shall be deemed and construed to have the meaning ascribed to them in this section.

(a) An "automobile" shall mean any self-propelling vehicle.

(b) "Gasoline" shall mean and include any product of petroleum flashing below the temperature of 110 degrees Fahrenheit. The Fire Marshal of the City and County of San Francisco shall determine such flashing point.

(c) A "commercial garage" is a building wherein three or more automobiles, designed, used or maintained for the transportation of property and operated by the owner or owners thereof, are kept or stored, and where no charge is made for the storage and keeping of same.

(d) A "public garage" shall mean any building, structure or part thereof wherein three or more automobiles are kept or stored by the public, or wherein automobiles stored or kept are rented out to and hired by the public, and where a charge is made for the storing or keeping of three or more automobiles.

Nothing in the above definitions (c) and (d) shall operate against providing automobile storage in flats or dwellings for occupants only, not exceeding four hundred (400) square feet in area for each flat or dwelling. In apartment house buildings, nothing in definitions (c) and (d) shall operate against providing storage space for occupants only, of two hundred (200) square feet for each apartment within the building, providing that the spaces in which automobiles are stored are erected in strict accordance with the State Housing Act of 1923 and amendments thereto. Nothing in said definitions shall operate against an owner having greater space than herein defined, provided that where the garage exceeds the area mentiond, the construction of the garage shall be fireproof as defined under the ordinance for class "A" and "B" construction.

(e) Any other building, structure or part thereof, wherein one or more automobiles are kept or stored, except those establishments which are specifically regulated by any other ordinance, shall be deemed to be a "private garage."

Application for Permit.

Section 2. (a) It shall be unlawful for any person, firm or corporation to establish, conduct, maintain or operate a public or commercial garage without first obtaining a permit therefor from the Board of Supervisors of the City and County of San Francisco. Every such permit shall contain the name of the person, firm or corporation to whom the same is issued and the location of the premises upon which such public or commercial garage is to be located.

(b) Every application for a permit to establish, conduct, maintain or operate a public or commercial garage shall, before action is taken thereon by the Board of Supervisors, be referred to the Fire Marshal and the Board of Public Works for investigation and report. No such

permit shall be granted unless applicant agrees to comply in all respects with the requirements of this ordinance; provided, further, that in the event any person, firm or corporation engaged in the business of a public or commercial garage in a building which in any manner does not conform to the provisions of this ordinance, shall vacate the premises, or discontinue such business, then, and in that event, it shall be unlawful for any person, firm or corporation to subsequently establish, conduct, maintain, or operate the said premises as a public or commercial garage, unless such premises shall be made to comply with all the requirements of this ordinance.

(c) When application is made to the Board of Supervisors by any person, firm or corporation to establish, conduct, maintain or operate a public or commercial garage, said applicant shall cause to be posted conspicuously on the premises intended to be occupied by the public or commercial garage a notice to the effect that application has been made to the Board of Supervisors for such permit. Said notice to be conspicuously posted within twenty-four (24) hours after the filing of the application and shall be kept posted for a period of not less than seven (7) days. It shall be the duty of the applicant to see or keep said sign conspicuously posted for the said period of seven (7) days.

(d) A permit to establish, conduct, maintain or operate a public or commercial garage is not transferable without the consent of the Board of Supervisors.

(e) No permit shall be granted to conduct, operate or maintain any public or commercial garage within the boundaries of two hundred (200) feet of any school, church, theatre, or hospital; said measurement to be taken from the front entrance of said garage to the front entrance of said school, church, theatre or hospital; nor shall any permit be issued to hereafter construct, erect, maintain or operate a public or commercial garage within fifty (50) feet of the property line of any school, church, theatre or hospital building.

Construction.

Section 3. (a) Every building, structure or part thereof hereafter erected, altered or changed so as to be occupied, conducted, maintained or operated as a public or commercial garage shall be of class "A", "B" or "C" construction (as defined in the Building Law of the City and County of San Francisco), provided said building or structure is not more than one (1) story in height, and if more than one story in height, it shall be of either class "A" or "B" construction. The roof of such class "C" building or structure shall be of metal supported on steel or timer trusses. The floors of all garages shall be concrete construction or steel frame with concrete construction.

(b) A public or commercial garage shall not be maintained in any building that is occupied in any part for any other purpose than that necessary for the operation of a public or commercial garage, unless said building is of class "A" or "B" construction throughout. The portion occupied as a public or commercial garage shall have no entrance, exit, or other opening of any kind whatsoever into other portions of the building not so occupied, unless said opening or openings are located as required by the Board of Public Works. Such openings shall be protected with a full Underwriter's Automatic Fire Door on inclined tracks with fusible links, or an approved Underwriter's Automatic Rolling Steel Shutter, fusible links, on both sides of the opening in the wall. Any screen door required in the opening shall be equal to a full kalamein or hollow metal construction. Walls separating such portion occupied as a public or commercial garage and the remainder of the building shall be of brick, stone, or reinforced concrete. The floors which constitute the ceilings of such garage shall be of reinforced concrete slabs, not less than four (4) inches thick, supported by concrete fireproofed carrying units of the frame. These slabs shall be not less than six (6) inches thick, where they constitute the floor of the public assembly room and the ceiling of the garage. All such

slabs shall be reinformed so as to develop their full strength to resist upward pressures, and the ceilings of all garages under places of public assembly shall be equipped with an automatic sprinkler system as provided in all ordinances of the City and County of San Francisco in reference thereto.

(c) Every space in a building hereafter erected in which automobiles or other motor vehicles are placed or stored shall be provided with ventilation as follows:

When the total space on any floor to be used for such purposes is 4000 square feet or less, such space shall be provided with ventilation outlets in the walls thereof.

The total areas of such ventilating outlets shall be as follows:

For a space of 1000 square feet or less, 200 square inches. For each additional space of 200 square feet over 1000 square feet this area shall be increased 50 square inches until the total area becomes 525 square inches, which shall be the maximum required for a space of not more than 4000 square feet.

The top of the ventilating outlets shall be not more than 18 inches above the floor. Such outlets shall be protected with galvanized wire rods not less than ⅜ inch in diameter so as to provide opening of ½-inch mesh.

Protections of ornamental design may be used provided they are galvanized and have a strength equal to that of the rods. All protections shall be firmly anchored in or secured to their supports. All ventilating outlets shall lead directly to a free and unobstructed circulation of air; but shall not lead into inner courts.

All natural ventilating outlets shall be arranged so that there will be at least one outlet in each of two opposite walls of said garage and not less than one-half of the total area of outlets required shall be provided in each of such walls. The free circulation of air between ventilating outlets shall be maintained.

When such space has a floor area of over 4000 square feet a mechanical exhaust ventilation system shall be provided. This system shall consist of power driven exhaust fan or fans of the positive centrifugal type and shall have sufficient capacity to exhaust a quantity of air equal to not less than six times the cubic contents of such space each hour. This mechanical exhaust shall be drawn from a point not more than 18 inches above the floor line and shall be evenly distributed over the entire area in which automobiles are stored. The fan discharge shall be taken to a point above the roof of the building or to the outer air at a point not less than 20 feet from any window in the building or any adjoining building.

(d) An automobile repair shop, tire vulcanizing shop, battery shop and automobile painting shop, may be maintained in a public or commercial garage provided they are separated from the automobile storage section of the public or commercial garage by partitions of concrete, brick or terra cotta title, which shall extend from the floor to the ceiling, or floor to the roof above; provided, however, that no battery shop or automobile painting shop shall be maintained in any public or commercial garage located under a place of public assembly or basement of any building occupied by a public or commercial garage. All openings in said partitions shall be located as directed by the Board of Public Works and the protection to such openings shall consist of an approved Underwriter's Automatic Fire Door on inclined tracks with fusible links or an approved Underwriter's Automatic Rolling Steel Shutter with fusible links, in addition to the temporary protection for opening or closing, which must be constructed of plates and angles, and if glazed, wire glass only shall be used. All such shops shall be conducted, maintained and operated as required by all ordinances governing such establishments.

(e) All private garages with a floor area in excess of four hundred (400) square feet shall be constructed as provided in this ordinance for public or commercial garages, if built independent of any building that is used as living quarters.

Storage of Gasoline.

Section 4. Whenever the word "approved" shall hereafter appear in this ordinance, it shall mean approved by the Fire Marshal.

(a) Permission must be received from the Fire Marshal before storing or keeping gasoline in or for any public or commercial garage, but in no event shall the quantity exceed the maximum prescribed in this section.

(b) Not more than one approved five (5) gallon can of gasoline and approved portable filling tanks containing not more than fifty (50) gallons of gasoline each may be stored or kept inside of any public or commercial garage, except such gasoline which is contained in the reservoir of automobiles stored therein. Not more than one (1) approved portable filing tank shall be allowed on any one floor of a public or commercial garage.

(c) Additional gasoline may be stored or kept for a public or commercial garage in approved tanks, outside the walls of the building and buried underground. Not more than four (4) such tanks containing not more than five hundred (500) gallons of gasoline each, making two thousand (2000) gallons in the aggregate, shall be allowed to be stored or kept for any one public or commercial garage. All such tanks shall be constructed of galvanized steel at least number twelve (12) gauge in thickness, or iron not less than three-sixteenths (3/16) of an inch in thickness. All tanks shall be coated on the outside with tar, asphaltum or other suitable rust-resisting compound.

(d) A permit shall be required from the Fire Marshal to store or keep gasoline in excess of five (5) gallons in or for any private garage. The Fire Marshal shall determine the amount of gasoline, if any, that may be stored, but in no event shall the quantity exceed the maximum allowed for a public or commercial garage. Said gasoline shall be stored or kept as required for a public or commercial garage.

Tanks, Pipes and Pumps.

Section 5. All underground gasoline storage tanks, pipes and appurtenances used in connection with a public, commercial or private garage shall be installed as follows, unless otherwise required by the Fire Marshal:

(a) All underground tanks shall be placed outside the building, under the sidewalk, close to the curb line.

(b) The top of each such tank shall be at least four feet below the sidewalk and the space between the top of the tank and sidewak shall be filled with earth.

(c) No such tank shall be connected with another so that gasoline can flow or be pumped from one underground tank to another.

(d) All such tanks shall set on a firm foundation and, where water is encountered, tanks shall be enclosed in an approved watertight reinforced concrete vault.

(e) Where two or more tanks are installed, there shall be an approved brick or concrete dividing wall between each tank not less than twelve (12) inches in thickness or three (3) feet of earth.

(f) Each tank shall have a separate filling pipe extending up to the sidewalk or grade, capped with a screw cap, which must be screwed up tight at all times except when filling, and shall be covered with a metal plate flush with the sidewalk or grade.

(g) Each such tank shall have a separate one (1) inch vent pipe extending out of the top of the tank to a height of not less than twelve (12) feet and capped with a double return bend equipped with a non-corrodible wire screen of thirty (30) mesh. The lower end of vent pipe shall not extend through the top into the tank for a distance of more than one (1) inch. Vent pipe shall be on the outside of the building and terminate not less than three (3) feet, measured horizontally and vertically, from any window or other building opening.

(h) Each such tank shall have at least one suction pipe. Two or more tanks may be connected with one pump, provided the suction pipes siamese at the pump with valves to close each suction pipe.

(i) All pipes shall lead out of the extreme top of each tank; and shall be at least twelve (12) inches underground or enclosed in concrete. Said pipes shall have a fall toward the tank.

(j) All pipes and fittings shall be standard, full weight galvanized iron, or equivalent, and shall be put together with litharage and glycerine.

(k) Tanks and pipes shall not be covered until an inspection has been made by the Fire Marshal and permission so to do has been granted by said officer. The Fire Marshal shall be notified when the work is ready for inspection.

(l) Gasoline shall be taken from such tanks only by means of an approved pump, which shall be installed in an approved location, not below the first floor. No gravity, siphon or pressure system shall be used for taking gasoline from any tank.

(m) The Fire Marshal shall have the right at any time to take, or demand to be taken, a test for leaks on any tank, pipes or appurtenances, and, if found to be defective, shall demand that they be repaired or replaced.

Safety Regulations.

Section 6. The following safety regulations shall govern the operation and maintenance of public, commercial and private garages.

(a) Each underground tank shall be filled with gasoline only through pipe or hose connected to a tank truck, leading through continuous metal fittings or connections, properly grounded to and into the filling pipe of such underground tank.

(b) The reservoir of an automobile shall be filled with gasoline only through an approved hose connected to a pump on a portable filling tank or underground tank.

(c) Wherever possible, portable filling tanks shall always be kept near the entrance of garage when not in use.

(d) No gasoline shall be allowed to be kept or conveyed in open receptacles inside a garage.

(e) No smoking shall be allowed inside of any garage and notices to that effect shall be conspicuously posted as required by the Fire Marshal.

(f) All inflammable waste and rubbish shall be kept at all times in metal receptacles fitted with a tight cover until removed from the premises.

(g) Sawdust shall not be kept and sawdust or other flammable material shall not be used for the purpose of absorbing oil, grease or gasoline. Oil and grease shall not be allowed to accumulate on the floor of any garage. Gasoline shall not be used for cleaning the engine of any automobile.

(h) All lights on an automobile shall be extinguished before filling reservoir with gasoline and the engine of said automobile shall not be in motion.

(i) No gasoline, grease, oil or flammable liquids of any kind shall be allowed to flow or be placed into the drainage system.

(j) No tank truck, empty or otherwise, used for the transportation of flammable liquids shall be admitted inside any garage, unless the garage is used exclusively for the keeping of such vehicles.

(k) The heating of any garage shall be accomplished only by an approved steam or hot water system.

(l) Gasoline shall not be kept or stored below the first floor of any garage, except that which is contained in the reservoirs of automobiles stored therein.

(m) No system of artificial lighting other than incandescent electric lamps shall be installed. All portable lights shall be equipped with keyless sockets and lamp guards. All electric switches, sockets and

plugs shall be at least four feet above the floor. All electric wiring shall be installed as required by the Department of Electricity.

(n) All electric motors or devices capable of emitting an exposed spark shall be located at least four feet above the floor.

(o) All lockers shall be constructed entirely of incombustible material and no gasoline, oils or other flammable liquid shall be kept therein.

(p) At least one (1) approved fire extinguisher containing not less than two and one-half (2½) gallons of chemical, if of the soda and acid or foam type, or not less than one quart if of the carbon tetra-chloride type, shall be provided for every one thousand (1000) square feet of floor area or fraction thereof, which shall be installed and located as required by the Fire Marshal. Not more than one-half of the total number of such fire extinguishers may be of the carbon tetra-chloride type. All extinguishers of the carbon tetra chloride type must be kept filled with the proper fluid at all times. All extinguishers of the soda and acid or foam type must be properly recharged not less than once each year and date of such recharging shown on tag attached thereto. Near each such fire extinguisher there shall be maintained an approved bucket of clean dry sand. All of the above containers of sand shall have painted thereon in an approved manner, the words: "Sand—For Fire Use."

(q) No stove, forge, torch, furnace, heating apparatus, flame, fire or other apparatus, device or equipment which the Fire Marshal shall deem to be hazardous, shall be maintained or kept unless approved by the Fire Marshal.

(r) All automobiles shall be spaced in an approved manner so as to allow members of the Fire Department or other persons to easily reach any automobile or any part of the premises in case of fire.

(s) No portion of any garage shall be used for the storage or keeping of goods, merchandise or any flammable material, except the necessary automobile parts, accessories and supplies.

(t) All waste oil shall be kept in an approved tank located outside the walls of the building, under the sidewalk and close to the curb line. Such tank shall be equipped with approved suction, filling and vent pipes. No such waste oil shall be kept in cans or drums above ground.

Duties of the Fire Marshal.

Section 7. (a) It shall be the duty of the Fire Marshal of the City and County of San Francisco to see that the provisions of this ordinance are complied with, except the supervision of building construction and alteration, and for that purpose shall have access at all times to any and all public, commercial and private garages.

(b) In the event that any person, firm or corporation to whom a permit has been granted by the Board of Supervisors to establish, conduct, maintain or operate a public or commercial garage shall violate, cause or permit to be violated any of the provisions of this ordinance (which are for the public safety), it shall be the duty of the Fire Marshal to notify said person, firm or corporation in writing to appear before the Board of Supervisors of the City and County of San Francisco within five (5) days after the service of said notice to then and there show cause why the permit which has been granted to establish, conduct, maintain or operate a public or commercial garage shall not be revoked.

(c) If the said person, firm or corporation on whom said notice was served by the Fire Marshal to appear before the Board of Supervisors fails or refuses to appear before the said Board of Supervisors it shall be the duty of the said Board of Supervisors to notify in writing said person, firm or corporation to whom a permit has been issued that said permit, through failure or neglect to appear before

the Board of Supervisors, is revoked. Said person, firm or corporation on whom notice was served by the Fire Marshal and who failed, refused or neglected to appear before said Board of Supervisors, is hereafter liable to the penalty imposed by this ordinance, if said person, firm or corporation shall continue to conduct, maintain or operate such public or commercial garage after being notified in writing that the permit issued by the Board of Supervisors has been revoked.

(d) The Fire Marshal shall have the right to revoke any permit that has been issued for the storage of gasoline for violation of any of the provisions of this ordinance.

Penalty.

Section 8. When any person, firm or corporation violates or refuses to comply with any of the provisions of this ordinance (which are for the public safety) said person, firm or corporation shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine not exceeding five hundred ($500) dollars, or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment. Each such person, firm or corporation shall be deemed guilty of a separate offense for each day such violation shall continue and shall be subject to the penalty imposed by this ordinance for each and every such separate offense.

Section 9. Ordinance No. 746 (New Series) and all ordinances or parts of ordinances in so far as they conflict with this ordinance are hereby repealed.

Section 10. This ordinance shall take effect immediately.

Amending Business License Ordinance.

On recommendation of Police and Licenses Committee.

Bill No. 8950, Ordinance No. ———— (New Series), as follows:

Amending Section 2 of Ordinance No. 5132 (New Series), entitled "Imposing license taxes on certain businesses, callings, trades or employments within the City and County of San Francisco."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 2 of Ordinance No. 5132 (New Series), the title of which is recited above, is hereby amended to read as follows:

License Payable in Advance; Where Payable; Penalty for Non-Payment.

Section 2. On and after July 1, 1929, all license taxes, unless by ordinance specifically provided otherwise, shall be due and payable quarterly in advance, and fall due on the first day of October, the first day of January, the first day of April and the first day of July in each calendar year, depending upon the particular quarter in which a licensee begins business. Where a license now issued expires, and in all cases of licenses on new business collectible at periods other than the months of October, January, April and July, the Tax Collector shall pro rate on a monthly basis the amount of license fee due for any given quarter.

Wherever a license tax is imposed by ordinance it shall be unlawful to do or perform the act or to carry on the business, trade, profession or calling for which a license is required, or to own, keep or use the article or thing, for the owning, keeping or using of which a license is required, unless such license be first procured.

All licenses are payable when due at the office of the Tax Collector, in the City Hall, and if not paid within thirty (30) days after the same become due, the Tax Collector shall add ten per cent to the amount of the license as a penalty for non-payment. If the license is not paid within sixty days after the same becomes due the Tax Collector shall add fifteen per cent to the amount of the license as a penalty for non-payment. If the license is not paid within ninety (90) days after the same becomes due the Tax Collector shall add twenty-five per cent to the amount of the license as a penalty for non-payment. All licenses delinquent for a period of six (6) months shall carry a penalty of fifty per cent, and the Tax Collector shall turn over a complete list of such licensees to the Chief of Police for arrest and prosecution under the provisions of this ordinance. Nothing shall permit the exemption of the penalties mentioned in this section.

Section 3. This ordinance shall take effect immediately.

Hetch Hetchy Wage Revolving Fund, Designating Licensed Bank as Agents.

On recommendation of Public Utilities Committee.

Bill No. 8951, Ordinance No. ———— (New Series), as follows:

Authorizing and providing for the payment, through the agency of certain banks, of wages, salaries or compensation due to persons engaged on the Hetch Hetchy project outside of the limits of the City and County of San Francisco, creating a revolving fund therefor, and designating certain regularly licensed banks in California as agents of the City and County of San Francisco for the purposes set forth.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. All persons employed by the City and County of San Francisco on the Hetch Hetchy project outside of the limits of San Francisco shall be paid through the agency of certain regularly licensed banks in California, hereinafter designated as such agents for the City and County of San Francisco, all wages, salaries or compensation due such persons for services rendered in connection with said project, all in accordance with the provisions of Section 9 of Chapter II of Article IV of the Charter and the terms of this ordinance.

Section 2. The Board of Public Works shall at all times maintain in the offices of the City and County of San Francisco at Livermore, California, or other field headquarters, a paymaster or deputy paymaster, and it shall be the duty of said paymaster to supervise the preparation of the monthly payrolls showing the wages, salaries or compensation due each and every person employed on the Hetch Hetchy project outside of the limits of San Francisco, and also the total deductions which should lawfully be made from said wages, salaries or compensation of such persons for hospital, board or other charges. Each payroll shall have indicated on it by the paymaster the total amount to be paid through each of the banks designated herein as agents of the City and County, consideration being given to paying the employees through the particular bank most convenient to the place of employment. The paymaster shall then forward said payroll to the proper officials for approval. There shall be forwarded with the payroll, or immediately thereafter, a statement showing an itemization of the deductions made from the wages or compensation of the persons

shown on the payroll and the proper fund of the City and County to which such deductions should be credited and also any amounts properly payable to miscellaneous creditors of the employees.

Section 3. All payrolls covering such wages, salaries or compensation must be first approved by the Board of Public Works and then forwarded to the Auditor for his approval.

After approving a payroll the Auditor shall draw his warrants for the net amount of said payroll as approved and deliver said warrants to the Treasurer, who shall thereupon deposit the amounts called for therein with the proper banks for distribution to the persons entitled to the same in the manner hereinbefore provided.

Upon receipt of the analysis of the amounts deducted on the payroll the Auditor shall draw his warrants in favor of the Treasurer of the City and County of San Francisco for the total amount of deductions for hospital, board, contributions to the Retirement System, and any other charges payable to the City and County and in favor of the designated banks, for the total amount payable to miscellaneous creditors of the employees, and the warrants drawn in favor of the Treasurer shal be deposited to the credit of the respective construction or operative funds to which said deductions are applicable, and the warrants drawn in favor of the banks shall be deposited with the proper banks for distribution to the persons entitled to the same.

Section 4. Upon deposit of the moneys required to cover the payrolls and deductions for miscellaneous creditors as provided in Section 3 of this ordinance, said paymaster shall proceed to draw checks upon the proper designated banks in favor of the persons entitled to said checks in the amounts shown by the approved payroll. Each of said checks shall be signed by said paymaster, or such deputy paymaster as the City Engineer may designate for that purpose, and countersigned by the Construction Engineer in charge, or such Assistant Construction Engineer as the City Engineer may designate for that purpose, and thereafter said checks shall be delivered to the person entitled to same. All checks shall be in the form of voucher checks, so that the endorsement thereon by the payee shall constitute a proper receipt therefor. Such checks, when cancelled by the banks and returned to the paymaster, shall be filed as vouchers for the respective payrolls under which they were drawn.

Section 5. To provide means for payments of wages, salaries or compensation due persons whose employment terminates at other than regular payroll periods, the Auditor shall, immediately upon adoption of this ordinance, draw his warrants for amounts which the Board of Public Works shall report in writing as one-half of the estimated payroll for a single monthly period, and deliver said warrants to the Treasurer, who shall thereupon deposit the amounts called for therein with the respective designated banks to the credit of the Hetch Hetchy payroll account. Said amounts shall be known and referred to as revolving funds with respect to the Hetch Hetchy payroll account, and the banks with which the said amounts are deposited shall furnish security therefor and pay into the treasury of the City and County of San Francisco interest on the daily balances, as provided for in Article IV, Chapter III, Section 2 of the Charter, such payments of interest to be applied to the interest on and redemption of the Hetch Hetchy bond issue or issues from which the hereinbefore mentioned revolv fund amounts originated.

Section 6. All amounts deposited in any bank or banks pursuant to the provisions of this ordinance shall be carried in the name of City and County of San Francisco, Hetch Hetchy payroll account, and shall be used exclusively for the payments of wages, salaries and compensation of the persons employed on the Hetch Hetchy project, and shall be withdrawn from said banks only upon the signatures of said paymasters, or deputy paymasters, and the counter-signatures of the said Construction Engineers or Assistant Construction Engineers, as the City Engineer may from time to time designate, as provided in Section 4 hereof. Provided, however, that said deposits shall at all

times be subject to withdrawal by the Treasurer of the City and County of San Francisco, cojointly with the Mayor, pursuant to the provisions of Section 2, Article IV, Chapter III of the Charter.

Section 7. The following banks are hereby designated as agents of the City and County of San Francisco for the payment of wages, salaries or compensation of employees of the Hetch Hetchy project outside of the limits of said City and County: First National Bank, Sonora, California; American Trust Company, Tracy, California; Bank of Italy, Livermore, California.

Section 8. All ordinances in conflict herewith are hereby expressly repealed and this ordinance will take effect immediately.

SPECIAL ORDER—2:30 P. M.

Report of Health Committee on Garbage Incineration.

The following matter, laid over from last meeting, was taken up:

Resolution No. ———— (New Series), as follows:

Whereas, the Committee on Public Health, after an extensive study, has reported to this Board its recommendations as to the disposal of garbage within the City and County of San Francisco; now, therefore, be it

Resolved, by the Board of Supervisors, that we hereby declare and adopt, as a matter of policy for the treatment of garbage disposal, the following:

1. That incineration be adopted as the means of disposing of San Francisco garbage.

2. That the incinerator be located on that certain parcel of real property owned by the City and County of San Francisco, of the approximate size of 200 by 400 feet, bounded by Fifteenth, Alameda, De Haro and Rhode Island streets in the City and County of San Francisco.

3. The type of incinerator must have good general conformation, and architecturally designed, good workable conditions, and require a minimum amount of labor, capable of destroying rubbish and garbage in a sanitary and inoffensive manner with complete destruction, at a minimum cost. The furnace of the incinerator must preferably be of brick type, giving the best obtainable radiation in accordance with engineering advices. The incinerator shall have a mechanical feed and automatic hoppers, shaker grates operated over an ash pit, with a special drop for cans and non-combustible substances. A four-cell furnace shall be installed, and there shall also be erected a baffle wall, and in general the incinerator shall be of a similar type built by the City of Chicago in 1928.

4. The incinerator shall be municipally-owned, built and operated, and that the Finance Committee of this Board be requested to provide funds to the extent of $1,000,000 for the construction and equipment of the incinerator.

5. In the event the Finance Committee of this Board finds that the financing of the incinerator for construction and operation would impose too great a burden on the taxpayers, a corporation, copartnership, organization or individual familiar and experienced in collecting and disposing of garbage be selected to build and operate an incinerator of the type heretofore described, providing such person, firm or corporation proves to be financially able to undertake the construction and operation of an incinerator as has been described in this resolution. Any contract entered into between such person, firm or corporation and the City must provide that the City shall have the right at any time to acquire the incinerator, paying to the builders and operators the cost of construction less depreciation ,computed as of the time the City shall have taken over the siad incinerator.

6. That the fill and cover method of garbage disposal be resorted to during the erection of the incinerator, and this temporary method of disposal shall be conducted in accordance with strict rules of the Board of Public Health.

7. Garbage to be disposed of temporarily by the fill and cover method shall be placed on land owned by the Industrial Land Development Company in South Basin, which land was recently designated by the State Legislature as a reclamation district, the said Industrial Land Development Company to be paid at the rate of $1 per ton for all garbage disposed of by the fill and cover method, which contract shall terminate upon the completion and operation of the incinerator.

8. That the City Engineer shall prepare plans, specifications and estimates of the cost and operation of an incinerator of the type described herein and erected upon the premises heretofore described.

9. The City Attorney is hereby directed to prepare the necessary ordinances, resolutions and contracts to carry out the purposes of the policies described in this resolution.

Communication From Dr. Hassler, Health Officer.

The following was read by the Clerk:

May 25, 1929.

Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: The Board of Health acknowledges receipt of a letter from Chief Clerk J. S. Dunnigan with a copy of the report of the Health Committee in regard to garbage disposal and Resolution No. 30896 (New Series), referring the same to the Board of Health for its official opinion.

After giving the subject matter careful study, the Board of Health desires to call attention to the fact:

1. That it is unalterably opposed to the fill and cover method of disposal of garbage for the City and County of San Francisco.

2. That it is firm in its resolve that no disposal of garbage within the City and County of San Francisco shall be done excepting by in-

cineration, and at this time it urgently recommends to the Board of Supervisors the acquiring of a block of land adjacent to the present premises of the incinerator, either by exchange or by purchase, and erecting thereon the new incinerator, continuing the use of the old one until such time as the new plant is ready for operation.

3. That if no other means of disposal of the city's garbage can be found than by fill and cover during the temporary period of building a new incinerator, the Board of Health will sanction the fill and cover method at a definite location to be determined later, and that said fill and cover method of disposal shall begin only on the day that the contractors fix as the beginning of the wrecking of the old incinerator preparatory to erecting a new building. That said fill and cover method of disposal shall cease at the earliest possible moment, and in any event shall not exceed a four months' period from and after the beginning of the wrecking of the present incinerator.

4. The Board of Health, however, urges the Board of Supervisors to carry on with the old incinerator until a new plant can be built.

5. That if this temporary disposal of garbage by fill and cover method must be adopted as an emergency measure, the Board of Health shall assume full authority over the manner of its disposal and demand that the owners of the land to be filled in be compelled to bear the expense of maintaining the garbage dump in the manner prescribed by the regulations which the Board of Health shall lay down for safeguarding the city.

Very truly yours,

BOARD OF HEALTH,
By WILLIAM C. HASSLER,
Health Officer.

Communication From the City Attorney.

The following was read by the Clerk:

June 10, 1929.

Hon. Board of Supervisors, City Hall, City.

Gentlemen: For some time past there has been pending before Judge E. P. Mogan of the Superior Court an action entitled "San Francisco Development Company vs. City and County of San Francisco," for the purpose of abating the San Francisco incinerator.

On Wednesday, June 5, Judge Mogan rendered an opinion in this matter indicating that the incinerator is a nuisance.

I enclose herewith a copy of his opinion, which is probaly self-explanatory, but I direct your special attention to the difficulties that would present themselves should your Board not finally determine the proper place for garbage disposal before Judge Mogan renders formal judgment abating the incinerator as a nuisance.

Yours truly,

JOHN J. O'TOOLE, City Attorney.

Action 174187, San Francisco Development Company, a corporation, plaintiff, vs. City and County of San Francisco and Scavengers' Protective Association, a corporation, defendants.

This is an action filed October 4, 1926. Plaintiffs allege they are property owners and taxpayers of San Francisco and own property in the immediate proximity to the incinerator hereinafter referred to; that the defendants maintain a certain plant for the incineration of garbage called the incinerator located at Eighteenth and De Haro streets, San Francisco; that the capacity of the incinerator for incinerating and burning garbage is a maximum daily of 400 tons; that 650 tons and more have been delivered daily to the incinerator for incineration, thereby exceeding the capacity of the incinerator by about 250 tons; that the same has increased to date and is now in the

neighborhood of 800 tons. Plaintiff alleges that the incinerator by reason of its limited capacity is unable to properly incinerate and consume said garbage and it is only partially incinerated and destroyed; that said incinerator is obsolete in character and equipment and wholly inefficient in size and capacity to properly incinerate and consume said garbage and refuse; that within a few blocks of the incinerator is a thickly populated residence district; that immediately adjacent to the incinerator is the property of plaintiffs' mercantile, manufacturing and industrial plants; that the incinerator is operated on a schedule of twenty-four hours daily; that owing to the lack of capacity of the said incinerator, etc., said refuse and garbage is burned in piles on the ground surrounding the incinerator and in the open; that said incinerator incinerates and consumes but comparativley small portion of the garbage; that as a result thereof many pieces and particles of garbage and refuse are only slightly burned, and by reason of the defective construction, condition and operation of the incinerator said particles are passed out of said furnaces partially consumed through the chimney of said incinerator and carried by the winds over a radius of many blocks and deposited upon the properties of plaintiff and others; that at times said deposit consists of inflammable material such as paper and rags sometimes still smouldering and burning. Plaintiff contends the operation and maintenance of said incinerator is and constitutes a public nuisance. Plaintiff alleges the incinerator is being operated by defendant Scavengers' Protective Association by virtue of an agreement with the Board of Supervisors of San Francisco. Plaintiff alleges that the Board of Health considers the incinerator a nuisance and has so reported to the Board of Supervisors and recommended its closing and abatement; that the Health Committee of the Board of Supervisors recommend the closing of the same. Plaintiff further alleges that by reason of the excess quantities of garbage and the limitations of said incinerator great portions of the garbage, partially consumed, are taken from said incinerator in a partially burned and still burning condition, loaded into cars of the Southern Pacific Company and hauled to Visitation Valley to property owned by the Southern Pacific Company and there is unloaded where the same smoulders and continues to burn, giving off smoke and noxious gases and odors which are offensive to the public health. Such transportation and deposit as aforesaid is carried on daily in quantities consisting of many tons. Such transportation and deposit is due to the inability of the incinerator to handle the quantities of garbage and refuse necessary to be disposed of daily in said incinerator.

Wherefore, plaintiff prays this court order defendants to appear and show cause why they should not be enjoined from operating the said incinerator, and that a judgment upon final hearing be made perpetually restraining and enjoining the operation of the said incinerator, it being a nuisance, and perpetually abating the same.

This case was called, evidence taken, and the cause continued many times by consent of both sides. Promises were made in open court that efforts to relieve the situation would be made. This court heard all the evidence that could be produced in this case by both the plaintiff and the City and County of San Francisco. In addition the court made an inspection of the properties in order to get first-hand information regarding the situation. The court also viewed the prospective fill and cover grounds and the court also took evidence regarding the same.

After due consideration the court is of the opinion that the present incinerator is a failure. Apparently it is antiquated. It was built originally many years ago with a maximum capacity of 400 tons daily. The evidence shows that almost twice that amount has to be disposed of daily; and the evidence shows further that said incinerator as it is now being conducted is a public nuisance. The plaintiffs are justified

in complaining and seeking a remedy in the courts. The public of San Francisco is justified in insisting upon a change. This court believes that the Board of Health and the Health Officer, Dr. Hassler, and the Health Committee of the Board of Supervisors have been most active in attempting to remedy the situation. The evidence shows that the Health Committee of the Board have visited twenty-one eastern cities for the purpose of learning the situation regarding incinerators, and obtaining the best up-to-date method of garbage disposal. Something must be done. As has been truly stated a crisis impends. Of course, the city cannot be left unprepared for means of disposal of garbage. There is an offer according to the evidence by an association to build at a cost of one million dollars on the present site an up-to-date incinerator as recommended by the Health Committee of the Board of Supervisors. There are also other proposals in regard to the same which will be considered by the Board of Supervisors. The city owns the present site. There is ample ground for the building of the new incinerator upon the present site. If the city can without great expense obtain property diagonally opposite the present site and build a new incinerator upon the newly acquired ground it is possible while the new incinerator is being constructed to utilize the old one for the purpose of disposing of 400 tons per day. However, there may be difficulties about obtaining the other ground and if so the only other method open would be the fill and cover plan for a limited period of time. Great care should be exercised if the fill and cover method is adopted. Inspectors should be appointed under the direction of the Board of Health and constant daily inspection should be had.

This court refrains from entering judgment in the matter until a later date; but insists that it is the duty of the Board of Supervisors to act in this matter within a reasonable time. In other words, the whole matter should be settled and disposed of within a sixty-day period from this date. Formal judgment will be entered hereafter.

This court believes that incineration is the proper method of disposal of garbage; that an incinerator should be built upon the present site of the latest and best type, and a fill and cover method may be a possible temporary solution of the matter during the construction period. That is, of course, a matter to be decided by the Board of Supervisors.

Communication From the City Engineer.

Supervisor Hayden presented:

Communication, from City Engineer M. M. O'Shaughnessy, transmitting copy of report dated October 5, 1927, from City Engineer to Board of Public Works, which was submitted to conform to the details of policy as requested by the Health Committee; also, drawing A-7736, proposed location for refuse loading wharf and pier; drawing B-7671, refuse disposal loading wharf and copy of resolution approving and transmitting said reports to the Board of Supervisors.

Read by the Clerk.

Motion.

Supervisor Toner thereupon moved to take up the foregoing resolution seriatim.

So ordered.

Incineration Approved.

Whereupon, Supervisor Toner moved that paragraph No. 1, providing for disposal of garbage by incineration, be approved.

Motion *carried* by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Suhr, Todd, Toner—16.

Absent—Supervisors Marks, Shannon—2.

Motion.

Supervisor Toner thereupon moped that the location of the incinerator at Fifteenth and De Haro streets be abandoned.

Communication From Right of Way Department in re Refuse Disposal.

The following was read by the Clerk:

Dr. J. M. Toner, Supervisor's Chairman of Health Committee, Board of Supervisors, City and County of San Francisco, San Francisco, Cal.
Dear Dr. Toner:

Complying with your request of May 28 the Right of Way Department has submitted the following as an appraisement of the parcels of land owned by the City and County of San Francisco and purchased for incinerator sites.

Considering the land only, they find the value of these sites, as of the above date, to be:

Parcel No. 1, located on North Point, Taylor and Bay streets, size 275x137.5 feet, total area 37,812½ square feet, at $2 per square foot, $75,625.

Parcel No. 2, being Block No. 3914, bounded by Alameda, De Haro and Rhode Island streets, size 400x200 feet, less part of the northeast corner, total area 78,795 square feet, at $1.50 per square foot, $118,192.

Parcel No. 3, being the east side of Kansas street, 274 feet south of the south line of Army street, and running thence southerly 150 feet and easterly 200 feet, having an area of 30,000 square feet, at $1.10 per square foot, $33,000.

The Right of Way Department has further submitted an appraisement of the parcels of land in the vicinity of the present incinerator, at Fifteenth and De Haro streets, marked first choice, second choice, third choice and "for consideration," as is shown on the sketch of property adjoining present incinerator site.

Considering only the land, they find the value of these parcels, as of the above date, to be:

Parcel No. 4, marked first choice, being block No. 3938, bounded by Fifteenth, Carolina, Sixteenth and De Haro streets, size 400x200 feet, total area 80,000 square feet, at $1.50 per square foot, $120,000.

Parcel No. 5, marked "for consideration," being Block No. 3939, bounded by Eighth, Wisconsin, Sixteenth and De Haro streets, size as shown on the sketch, total area 54,930 square feet, at $1.50 per square foot, $102,994.

Parcel No. 6, marked third choice, being Block No. 3913, bounded on the north by private property and by Carolina, Fifteenth and De Haro streets, size 400x200 feet, total area 80,000 square feet, at $1.50 per square foot, $120,000. There are improvements on this parcel of land, which would add somewhat to the appraised value of this land if purchased. As a purchase this parcel would not be as desirable as Block No. 3912, marked second choice, because it would be necessary to negotiate with three different owners to buy Block No. 3913. Block No. 3913 has 8000 square feet more than Block No. 3912, which might be more desirable for an incinerator site, but to make it accessible it would be necessary to purchase some property at the north and northeasterly from Thomas G. and Coleman H. Knight, for use as a street. This would add a further cost to this parcel.

Parcel No. 7, marked second choice, being Block No. 3912, bounded by Division, De Haro, Alameda and Rhode Island streets, size 390x200 feet, total area 72,000 square feet, at $1.75 per square foot, $126,000. There are improvements on this parcel of land which would add somewhat to the appraised value of this land if purchased, and while not as desirable for an incinerator site as Parcel No. 6, Block No. 3913, noted as third choice, because it is less in area by 8000 square feet. As it is evidently an estate, it would make any negotiations for purchase more satisfactory than would be the case on Parcel No. 6, which is owned by three individuals.

There is another condition, a future consideration, that should be given Parcel No. 6, marked third choice, and Parcel No. 7, marked second choice—the cutting through of Eighth street.

All property purchased or acquired otherwise by the City is held for possible use or benefit of some department of the City government, as the School Department, Fire Department, Parks, Streets, etc.; and if sold or exchanged, such departments having the ownership of this land would receive the benefit of such a sale or exchange. It is possible to have the ownership of such property transferred from one department to another by value remuneration or exchange of other property of equal value.

It is suggested that your committee decide as to what City property you recommend for such an exchange and outline your desires in a letter to be addressed to Mr. J. J. Phillips, right of way agent. It is also recommended that you send a letter stating preference on the property adjoining present incinerator site at Fifteenth and De Haro streets, and the Right of Way Department can then negotiate with the respective property owners.

Very truly yours,

M. M. O'SHAUGHNESSY,
City Engineer.
By RALPH D. WICKMAN.

Motions.

Supervisor Toner moved a new paragraph be inserted (2A), providing, on recommendation of the Health Committee, that steps be taken to obtain a site for the new incinerator adjacent to the old incinerator.

Supervisor Gallagher moved as a substitute for the committee's report that the permanent chairman of this Board, in conjunction with the Health Committee, call a conference with the editors of the various newspapers, with a view to getting their support for the following:

1. That the incinerator be built by private capital on private land.

2. That such incinerator builder shall be given a franchise based on the following:

(a) Builder to give bond that incinerator will incinerate at a price less than $1 per ton.

(b) That the Board consent to the appointment of a board or commission to vise the cost of construction of the incinerator on behalf of the City and County.

(c) That it be agreed that at any time that the City and County desires the incinerator shall be taken over by the people.

(d) That the City give a franchise for twenty-five years, if it runs that long and is not taken over by the City; then to revert, with all buildings and equipment, to the City, free of cost.

Referred.

Supervisor Hayden moved that the foregoing motion be referred to the Health Committee.

So ordered.

Whereupon, paragraph 2 in the original resolution was stricken out by general consent and 2a, as above, was *approved* by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

Absent—Supervisor Marks—1.

Paragraph 3. Passed temporarily.

Paragraph 4. Municipally owned and operated.

City Attorney to Prepare Bond Issue.

SupervisorHayden moved that the City Attorney prepare necessary legislation for a bond issue for the purpose of providing a garbage incinerator for San Francisco at the earliest practicable date.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

Absent—Supervisor Marks—1.

Supervisor Hayden moved, in lieu of paragraph 8, that the City Engineer be requested to make a tour of eastern cities for the purpose of investigating incinerators and reporting thereon to the Board of Supervisors an incinerator suitable for the City and County of San Francisco.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Suhr, Todd, Toner—16.

No—Supervisor Stanton—1.

Absent—Supervisor Marks—1.

Supervisor Hayden moved that paragraphs 3, 5, 6 and 7 be referred back to the Health Committee and that paragraph 9 be stricken out.

Motion *carried.*

Resolution as Amended Adopted.

Whereupon, on motion of Supervisor Hayden, the resolution as amended was *adopted*:

Resolution No. 31004 (New Series), as follows:

Whereas, the Committee on Public Health, after an extensive study, has reported to this Board its recommendations as to the disposal of garbage within the City and County of San Francisco; now, therefore, be it

Resolved, by the Board of Supervisors, that we hereby declare and adopt as a matter of policy for the treatment of garbage disposal, the following:

1. That incineration be adopted as the means of disposing of San Francisco garbage.
2. That the necessary steps be taken to secure a site for the new incinerator adjacent to the present site of old incinerator.
3. That the incinerator shall be municipally-owned, built and operated.
4. That the City Engineer be requested to make a tour of eastern cities for the purpose of determining the best type of garbage incinerator for San Francisco and to report his recommendations to the Board of Supervisors.

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

Absent—Supervisor Marks—1.

Action Deferred.

The following matter was, on motion, *laid over until July* 22, 1929, *at* 11 *a. m.* Supervisor Andriano voting *no*:

NOTICE OF RECONSIDERATION.

Garage Permit, Chas. H. Strub, Campton Place.

The following resolution, presented by Supervisor Deasy at the last meeting and refused passage by the following vote, is up on notice of reconsideration given by Supervisor Deasy at that time:

Resolution No. ———— (New Series), as follows:

Resolved, That Chas. H. Strub be and is hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate a public garage on the north side of Campton place, 130 feet east of Stockton street.

The rights granted under this resolution shall be exercised within six months, otherwise said permit shall become null and void.

May 20, 1929—*Refused passage to print* by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Kent, McSheehy, Marks, Roncovieri, Shannon, Suhr—9.

Noes—Supervisors Gallagher, Havenner, Hayden, McGovern, Schmidt, Stanton, Toner—7.

Absent—Supervisors Powers, Todd—2.

SPECIAL ORDER—3:30 P. M.

Relative to O'Connell Bridge Application.

Supervisor Andriano presented:

Resolution No. ———— (New Series), as follows:

Whereas, the City Attorney of the City and County of San Francisco did, on the 23d day of May, 1929, advise this Board that there were no authorities by which he could form an opinion as to what the Supreme Court would do in the case of J. P. O'Connell vs. Board of Supervisors, being a petition for a writ of mandate to compel the hearing of an application to bridge the bay from Rincon Hill to Alameda; and

Whereas, this Board has been advised that its powers to hear such application will cease on August 13, 1929, and it is apparent that no decision of the Supreme Court can be had prior to that time; and

Whereas, a grave injustice will be done to the applicant if an appeal is taken to the Supreme Court in the above matter; now, therefore, be it

Resolved, That all action heretofore taken by this Board with reference to instructing the City Attorney to appeal from the decision of C. J. Goodell, Judge of the Superior Court in the above matter, is hereby rescinded; and be it

Further Resolved, That June 25, 1929, at the hour of 2 p. m. is hereby fixed as the date for the hearing of said application and the Clerk of this Board is hereby directed to notify all of the parties concerned of said hearing.

Refused adoption by the following vote:

Ayes—Supervisors Andriano, Toner—2.

Noes—Supervisors Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd—15.

Absent—Supervisor Marks—1.

Passed for Printing.

The following bill was presented by Supervisor Powers and *passed for printing*:

Granting Site for Federal Building in Civic Center.

Bill No. 8954, Ordinance No. ———— (New Series), as follows:

Agreeing to grant to the United States of America a site situate in the Civic Center of the City and County of San Francisco for the erection thereon of a Federal office building, and determining the conditions under which said grant shall be made, and the size of said site, and authorizing the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors thereof to execute and deliver to the United States of America a deed conveying to the United States of America the hereinafter described real property as a site for the erection thereon of a Federal office building, and providing for the conveyance of additional land for said site, all pursu-

ant to the provisions of Section 10a of Chapter II, Article II of the Charter of the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That whereas, Section 10a of Chapter II, Article II of the Charter of the City and County of San Francisco authorizes the Board of Supervisors to cause to be conveyed to the United States of America, by a good and sufficient deed, and without monetary consideration, a site on the northeast corner of Hyde and Fulton streets, in the Civic Center in the City and County of San Francisco, which said site shall be used by the said United States of America for the erection thereon of a Federal office building.

Section 2. And whereas, the hereinafter described real property is situate on the northeast corner of Fulton and Hyde streets, in said Civic Center, and is unoccupied by any building or structure belonging to the City and County of San Francisco, and the United States of America has agreed to erect and maintain thereon a Federal office building, provided said property be transferred to the United States of America without any monetary consideration.

Section 3. The Board of Supervisors of the City and County of San Francisco hereby determines that the size and the site of said lands to be conveyed to the United States of America for said Federal office building should be as hereinafter set forth.

Section 4. That the City and County of San Francisco does hereby offer to the United States of America the hereinafter described real property for the erection and maintenance thereon by the United States of America of a Federal office building, and does hereby agree to grant to the United States of America, without any monetary consideration, the hereinafter described real property, upon condition that the said United States of America shall cause to be erected and maintained thereon a Federal office building, which said building shall conform in general type of architecture and construction to the other buildings contained in the Civic Center.

Section 5. That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors be and they are hereby authorized, empowered and directed to make, execute and deliver to the United States of America a good and sufficient deed conveying to said United States of America the hereinafter described real property, for the purposes herein set forth, which conveyance shall be made when the said Mayor is given satisfactory proof that the building to be erected and maintained thereon shall, in its general type of architecture and construction, conform to the other buildings at present erected in the Civic Center.

Section 6. That the site to be conveyed to said United States of America, in conformity with this ordinance, is described as follows, to-wit:

Commencing at the point of intersection of the southerly line of McAllister street with the easterly line of Hyde street produced southerly; thence southerly along said easterly line 207.375 feet; thence southeasterly on a curve to the right, tangent to a line deflected 90 degrees to the left from the preceding course, radius 42 feet, central angle 61 degrees 33 minutes 58 seconds, a distance of 45.128 feet to a point distant 229.375 feet at right angles southerly from the southerly line of McAllister street; thence easterly parallel with the southerly line of McAllister street and 229.375 feet at right angles southerly therefrom, a distance of 375.568 feet to the westerly line of Leavenworth street produced southerly; thence at right angles northerly, along said westerly line, 229.375 feet to the southerly line of McAllister street; thence at right angles westerly, along the southerly line of McAllister street 412.50 feet to the easterly line of Hyde street produced southerly, and point of commencement.

Saving and excepting therefrom the following described parcel of land:

Commencing at a point on the westerly line of Leavenworth street produced southerly, distant thereon 6.021 feet southerly from the southerly line of McAlister street; thence running southerly along said westerly line 148.079 feet; thence deflecting 144 degrees 14 minutes 09 seconds to the right and running northwesterly 40.155 feet; thence deflecting 47 degrees 15 minutes 01 second to the right and running northeasterly 117.856 feet to the westerly line of Leavenworth street and point of beginning.

Containing 1738 square feet.

Section 7. That upon the City and County of San Francisco acquiring title to the real property hereinbefore excepted from the conveyance to be made pursuant to this ordinance that the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors, be authorized to execute to the United States of America an additional deed conveying said excepted property to said United States of America for the purposes and upon the conditions herein contained.

Section 8. This ordinance shall become effective immediately upon its passage.

Leave of Absence, Dudley Moulton.

Resolution No. 31001 (New Series), as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Dudley Moulton, Horticultural Commissioner, is hereby granted a leave of absence, for a period of four months, commencing June 22, 1929, with permission to leave the State.

Adopted by the following vote:

Explanation of Mayor's Absence.

The following was read by the Clerk:

San Francisco, California, June 17, 1929.

Mr. John S. Dunnigan, Clerk, Board of Supervisors, City Hall, San Francisco, California.

Dear Mr. Dunnigan: The Mayor has asked me to explain his reason for not being present at the opening of the Board this morning. He is attending the funeral of Dr. O'Brien.

The Mayor has to see Mr. Herbert Fleishhacker this morning before he can make a report on the War Memorial. In the absence of Mr. John S. Drum, the Board of Trustees of the present War Memorial have directed Mr. Fleishhacker to advise the Mayor regarding the progress of the War Memorial. The Mayor will make a report on the War Memorial during the day.

Very sincerely yours,
WM. A. SMITH,
Assistant Secretary to the Mayor.

Ordered *filed.*

War Memorial Report.

In accordance with motion of Supervisor Todd, made at last meeting of the Board, his Honor Mayor Rolph reported relative to the appoint-

ment on December 21, 1928, of a committee of nine to act with the Mayor regarding the prosecution of the work of constructing the War Memorial and Opera House. He declared that he had a complete record of all the meetings of the committee held in his office and the reports made, but hoped to be able to give a complete report after conference with Mr. Fleishhacker. In the absence of Mr. Drum, who is in New York, Mr. Fleishhacker was requested to take his place temporarily, and he has asked for ten days' time to get figures on the financial status of the project.

The Mayor requested that a special time be set for hearing report when figures are in.

Supervisor Todd moved to make a Special Order of Business for next Monday at 3 p. m.

Supervisor Hayden moved as an amendment that the matter be left in the hands of the Mayor to call a meeting at the earliest time suitable for a full attendance of the Board.

Amendment *carried.*

New Garage Ordinance.

Bill No. ————, Ordinance No. ———— (New Series), as follows:

Governing the construction, equipment, maintenance and operation of public, commercial and private garages; regulating and providing for the storage and use of gasoline in connection with public, commercial and private garages; duties of the Fire Marshal; penalty for violation; repealing Ordinance No. 746 (New Series) and all ordinances or parts of ordinances in so far as they conflict with this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever used in this ordinance, the following terms and words are defined as herein specified and shall be deemed and construed to have the meaning ascribed to them in this section.

(a) An "automobile" shall mean any self-propelling vehicle.

(b) "Gasoline" shall mean and include any product of petroleum flashing below the temperature of 110 degrees Fahrenheit. The Fire Marshal of the City and County of San Francisco shall determine such flashing point.

(c) A "commercial garage" is a building wherein three or more automobiles, designed, used or maintained for the transportation of property and operated by the owner or owners thereof, are kept or stored, and where no charge is made for the storage and keeping of same.

(d) A "public garage" shall mean any building, structure or part thereof wherein three or more automobiles are kept or stored by the public, or wherein automobiles stored or kept are rented out to and hired by the public, and where a charge is made for the storing or keeping of three or more automobiles.

Nothing in the above definitions (c) and (d) shall operate against providing automobile storage in flats or dwellings for occupants only, not exceeding four hundred (400) square feet in area for each flat or dwelling. In apartment house buildings, nothing in definitions (c) and (d) shall operate against providing storage space for occupants

only, of two hundred (200) square feet for each apartment within the building, providing that the spaces in which automobiles are stored are erected in strict accordance with the State Housing Act of 1923 and amendments thereto. Nothing in said definitions shall operate against an owner having greater space than herein defined, provided that where the garage exceeds the area mentiond, the construction of the garage shall be fireproof as defined under the ordinance for class "A" and "B" construction.

(e) Any other building, structure or part thereof, wherein one or more automobiles are kept or stored, except those establishments which are specifically regulated by any other ordinance, shall be deemed to be a "private garage."

Application for Permit.

Section 2. (a) It shall be unlawful for any person, firm or corporation to establish, conduct, maintain or operate a public or commercial garage without first obtaining a permit therefor from the Board of Supervisors of the City and County of San Francisco. Every such permit shall contain the name of the person, firm or corporation to whom the same is issued and the location of the premises upon which such public or commercial garage is to be located.

(b) Every application for a permit to establish, conduct, maintain or operate a public or commercial garage shall, before action is taken thereon by the Board of Supervisors, be referred to the Fire Marshal and the Board of Public Works for investigation and report. No such permit shall be granted unless applicant agrees to comply in all respects with the requirements of this ordinance; provided, further, that in the event any person, firm or corporation engaged in the business of a public or commercial garage in a building which in any manner does not conform to the provisions of this ordinance, shall vacate the premises, or discontinue such business, then, and in that event, it shall be unlawful for any person, firm or corporation to subsequently establish, conduct, maintain, or operate the said premises as a public or commercial garage, unless such premises shall be made to comply with all the requirements of this ordinance.

(c) When application is made to the Board of Supervisors by any person, firm or corporation to establish, conduct, maintain or operate a public or commercial garage, said applicant shall cause to be posted conspicuously on the premises intended to be occupied by the public or commercial garage a notice to the effect that application has been made to the Board of Supervisors for such permit. Said notice to be conspicuously posted within twenty-four (24) hours after the filing of the application and shall be kept posted for a period of not less than seven (7) days. It shall be the duty of the applicant to see or keep said sign conspicuously posted for the said period of seven (7) days.

(d) A permit to establish, conduct, maintain or operate a public or commercial garage is not transferable without the consent of the Board of Supervisors.

(e) No permit shall be granted to conduct, operate or maintain any public or commercial garage within the boundaries of two hundred (200) feet of any school, church, theatre, or hospital; said measurement to be taken from the front entrance of said garage to the front entrance of said school, church, theatre or hospital; nor shall any permit be issued to hereafter construct, erect, maintain or operate a public or commercial garage within fifty (50) feet of the property line of any school, church, theatre or hospital building.

Construction.

Section 3. (a) Every building, structure or part thereof hereafter erected, altered or changed so as to be occupied, conducted, maintained or operated as a public or commercial garage shall be of class "A", "B" or "C" construction (as defined in the Building Law of the City and County of San Francisco), provided said building or structure is not more than one (1) story in height, and if more than one story in

height, it shall be of either class "A" or "B" construction. The roof of such class "C" building or structure shall be of metal supported on steel or timer trusses. The floors of all garages shall be concrete construction or steel frame with concrete construction.

(b) A public or commercial garage shall not be maintained in any building that is occupied in any part for any other purpose than that necessary for the operation of a public or commercial garage, unless said building is of class "A" or "B" construction throughout. The portion occupied as a public or commercial garage shall have no entrance, exit, or other opening of any kind whatsoever into other portions of the building not so occupied, unless said opening or openings are located as required by the Board of Public Works. Such openings shall be protected with a full Underwriter's Automatic Fire Door on inclined tracks with fusible links, or an approved Underwriter's Automatic Rolling Steel Shutter, fusible links, on both sides of the opening in the wall. Any screen door required in the opening shall be equal to a full kalamein or hollow metal construction. Walls separating such portion occupied as a public or commercial garage and the remainder of the building shall be of brick, stone, or reinforced concrete. The floors which constitute the ceilings of such garage shall be of reinforced concrete slabs, not less than four (4) inches thick, supported by concrete fireproofed carrying units of the frame. These slabs shall be not less than six (6) inches thick, where they constitute the floor of the public assembly room and the ceiling of the garage. All such slabs shall be reinformed so as to develop their full strength to resist upward pressures, and the ceilings of all garages under places of public assembly shall be equipped with an automatic sprinkler system as provided in all ordinances of the City and County of San Francisco in reference thereto.

(c) Every space in a building hereafter erected in which automobiles or other motor vehicles are placed or stored shall be provided with ventilation as follows:

When the total space on any floor to be used for such purposes is 4000 square feet or less, such space shall be provided with ventilation outlets in the walls thereof.

The total areas of such ventilating outlets shall be as follows:

For a space of 1000 square feet or less, 200 square inches. For each additional space of 200 square feet over 1000 square feet this area shall be increased 50 square inches until the total area becomes 525 square inches, which shall be the maximum required for a space of not more than 4000 square feet.

The top of the ventilating outlets shall be not more than 18 inches above the floor. Such outlets shall be protected with galvanized wire rods not less than ⅜ inch in diameter so as to provide opening of ½-inch mesh.

Protections of ornamental design may be used provided they are galvanized and have a strength equal to that of the rods. All protections shall be firmly anchored in or secured to their supports. All ventilating outlets shall lead directly to a free and unobstructed circulation of air; but shall not lead into inner courts.

All natural ventilating outlets shall be arranged so that there will be at least one outlet in each of two opposite walls of said garage and not less than one-half of the total area of outlets required shall be provided in each of such walls. The free circulation of air between ventilating outlets shall be maintained.

When such space has a floor area of over 4000 square feet a mechanical exhaust ventilation system shall be provided. This system shall consist of power driven exhaust fan or fans of the positive centrifugal type and shall have sufficient capacity to exhaust a quantity of air equal to not less than six times the cubic contents of such space each hour. This mechanical exhaust shall be drawn from a point not more than 18 inches above the floor line and shall be evenly distributed over the entire area in which automobiles are stored. The fan discharge shall be taken to a point above the roof of the building or to the

outer air at a point not less than 20 feet from any window in the building or any adjoining building.

(d) An automobile repair shop, tire vulcanizing shop, battery shop and automobile painting shop, may be maintained in a public or commercial garage provided they are separated from the automobile storage section of the public or commercial garage by partitions of concrete, brick or terra cotta title, which shall extend from the floor to the ceiling, or floor to the roof above; provided, however, that no battery shop or automobile painting shop shall be maintained in any public or commercial garage located under a place of public assembly or basement of any building occupied by a public or commercial garage. All openings in said partitions shall be located as directed by the Board of Public Works and the protection to such openings shall consist of an approved Underwriter's Automatic Fire Door on inclined tracks with fusible links or an approved Underwriter's Automatic Rolling Steel Shutter with fusible links, in addition to the temporary protection for opening or closing, which must be constructed of plates and angles, and if glazed, wire glass only shall be used. All such shops shall be conducted, maintained and operated as required by all ordinances governing such establishments.

(e) All private garages with a floor area in excess of four hundred (400) square feet shall be constructed as provided in this ordinance for public or commercial garages, if built independent of any building that is used as living quarters.

Storage of Gasoline.

Section 4. Whenever the word "approved" shall hereafter appear in this ordinance, it shall mean approved by the Fire Marshal.

(a) Permission must be received from the Fire Marshal before storing or keeping gasoline in or for any public or commercial garage, but in no event shall the quantity exceed the maximum prescribed in this section.

(b) Not more than one approved five (5) gallon can of gasoline and approved portable filling tanks containing not more than fifty (50) gallons of gasoline each may be stored or kept inside of any public or commercial garage, except such gasoline which is contained in the reservoir of automobiles stored therein. Not more than one (1) approved portable filing tank shall be allowed on any one floor of a public or commercial garage.

(c) Additional gasoline may be stored or kept for a public or commercial garage in approved tanks, outside the walls of the building and buried underground. Not more than four (4) such tanks containing not more than five hundred (500) gallons of gasoline each, making two thousand (2000) gallons in the aggregate, shall be allowed to be stored or kept for any one public or commercial garage. All such tanks shall be constructed of galvanized steel at least number twelve (12) gauge in thickness, or iron not less than three-sixteenths (3/16) of an inch in thickness. All tanks shall be coated on the outside with tar, asphaltum or other suitable rust-resisting compound.

(d) A permit shall be required from the Fire Marshal to store or keep gasoline in excess of five (5) gallons in or for any private garage. The Fire Marshal shall determine the amount of gasoline, if any, that may be stored, but in no event shall the quantity exceed the maximum allowed for a public or commercial garage. Said gasoline shall be stored or kept as required for a public or commercial garage.

Tanks, Pipes and Pumps.

Section 5. All underground gasoline storage tanks, pipes and appurtenances used in connection with a public, commercial or private garage shall be installed as follows, unless otherwise required by the Fire Marshal:

(a) All underground tanks shall be placed outside the building, under the sidewalk, close to the curb line.

(b) The top of each such tank shall be at least four feet below the

sidewalk and the space between the top of the tank and sidewak shall be filled with earth.

(c) No such tank shall be connected with another so that gasoline can flow or be pumped from one underground tank to another.

(d) All such tanks shall set on a firm foundation and, where water is encountered, tanks shall be enclosed in an approved watertight reinforced concrete vault.

(e) Where two or more tanks are installed, there shall be an approved brick or concrete dividing wall between each tank not less than twelve (12) inches in thickness or three (3) feet of earth.

(f) Each tank shall have a separate filling pipe extending up to the sidewalk or grade, capped with a screw cap, which must be screwed up tight at all times except when filling, and shall be covered with a metal plate flush with the sidewalk or grade.

(g) Each such tank shall have a separate one (1) inch vent pipe extending out of the top of the tank to a height of not less than twelve (12) feet and capped with a double return bend equipped with a non-corrodible wire screen of thirty (30) mesh. The lower end of vent pipe shall not extend through the top into the tank for a distance of more than one (1) inch. Vent pipe shall be on the outside of the building and terminate not less than three (3) feet, measured horizontally and vertically, from any window or other building opening.

(h) Each such tank shall have at least one suction pipe. Two or more tanks may be connected with one pump, provided the suction pipes siamese at the pump with valves to close each suction pipe.

(i) All pipes shall lead out of the extreme top of each tank; and shall be at least twelve (12) inches underground or enclosed in concrete. Said pipes shall have a fall toward the tank.

(j) All pipes and fittings shall be standard, full weight galvanized iron, or equivalent, and shall be put together with litharage and glycerine.

(k) Tanks and pipes shall not be covered until an inspection has been made by the Fire Marshal and permission so to do has been granted by said officer. The Fire Marshal shall be notified when the work is ready for inspection.

(l) Gasoline shall be taken from such tanks only by means of an approved pump, which shall be installed in an approved location, not below the first floor. No gravity, siphon or pressure system shall be used for taking gasoline from any tank.

(m) The Fire Marshal shall have the right at any time to take, or demand to be taken, a test for leaks on any tank, pipes or appurtenances, and, if found to be defective, shall demand that they be repaired or replaced.

Safety Regulations.

Section 6. The following safety regulations shall govern the operation and maintenance of public, commercial and private garages.

(a) Each underground tank shall be filled with gasoline only through pipe or hose connected to a tank truck, leading through continuous metal fittings or connections, properly grounded to and into the filling pipe of such underground tank.

(b) The reservoir of an automobile shall be filled with gasoline only through an approved hose connected to a pump on a portable filling tank or underground tank.

(c) Wherever possible, portable filling tanks shall always be kept near the entrance of garage when not in use.

(d) No gasoline shall be allowed to be kept or conveyed in open receptacles inside a garage.

(e) No smoking shall be allowed inside of any garage and notices to that effect shall be conspicuously posted as required by the Fire Marshal.

(f) All inflammable waste and rubbish shall be kept at all times in metal receptacles fitted with a tight cover until removed from the premises.

(g) Sawdust shall not be kept and sawdust or other flammable material shall not be used for the purpose of absorbing oil, grease or gasoline. Oil and grease shall not be allowed to accumulate on the floor of any garage. Gasoline shall not be used for cleaning the engine of any automobile.

(h) All lights on an automobile shall be extinguished before filling reservoir with gasoline and the engine of said automobile shall not be in motion.

(i) No gasoline, grease, oil or flammable liquids of any kind shall be allowed to flow or be placed into the drainage system.

(j) No tank truck, empty or otherwise, used for the transportation of flammable liquids shall be admitted inside any garage, unless the garage is used exclusively for the keeping of such vehicles.

(k) The heating of any garage shall be accomplished only by an approved steam or hot water system.

(l) Gasoline shall not be kept or stored below the first floor of any garage, except that which is contained in the reservoirs of automobiles stored therein.

(m) No system of artificial lighting other than incandescent electric lamps shall be installed. All portable lights shall be equipped with keyless sockets and lamp guards. All electric switches, sockets and plugs shall be at least four feet above the floor. All electric wiring shall be installed as required by the Department of Electricity.

(n) All electric motors or devices capable of emitting an exposed spark shall be located at least four feet above the floor.

(o) All lockers shall be constructed entirely of incombustible material and no gasoline, oils or other flammable liquid shall be kept therein.

(p) At least one (1) approved fire extinguisher containing not less than two and one-half (2½) gallons of chemical, if of the soda and acid or foam type, or not less than one quart if of the carbon tetra-chloride type, shall be provided for every one thousand (1000) square feet of floor area or fraction thereof, which shall be installed and located as required by the Fire Marshal. Not more than one-half of the total number of such fire extinguishers may be of the carbon tetra-chloride type. All extinguishers of the carbon tetra-chloride type must be kept filled with the proper fluid at all times. All extinguishers of the soda and acid or foam type must be properly recharged not less than once each year and date of such recharging shown on tag attached thereto. Near each such fire extinguisher there shall be maintained an approved bucket of clean dry sand. In addition to the buckets of sand, every public and commercial garage shall maintain on each floor, an approved barrel of clean dry sand. All of the above containers of sand shall have painted thereon in an approved manner, the words: "Sand—For Fire Use."

(q) No stove, forge, torch, furnace, heating apparatus, flame, fire or other apparatus, device or equipment which the Fire Marshal shall deem to be hazardous, shall be maintained or kept unless approved by the Fire Marshal.

(r) All automobiles shall be spaced in an approved manner so as to allow members of the Fire Department or other persons to easily reach any automobile or any part of the premises in case of fire.

(s) No portion of any garage shall be used for the storage or keeping of goods, merchandise or any flammable material, except the necessary automobile parts, accessories and supplies.

(t) All waste oil shall be kept in an approved tank located outside the walls of the building, under the sidewalk and close to the curb line. Such tank shall be equipped with approved suction, filling and vent pipes. No such waste oil shall be kept in cans or drums above ground.

Duties of the Fire Marshal.

Section 7. (a) It shall be the duty of the Fire Marshal of the City and County of San Francisco to see that the provisions of this

ordinance are complied with, except the supervision of building construction and alteration, and for that purpose shall have access at all times to any and all public, commercial and private garages.

(b) In the event that any person, firm or corporation to whom a permit has been granted by the Board of Supervisors to establish, conduct, maintain or operate a public or commercial garage shall violate, cause or permit to be violated any of the provisions of this ordinance (which are for the public safety), it shall be the duty of the Fire Marshal to notify said person, firm or corporation in writing to appear before the Board of Supervisors of the City and County of San Francisco within five (5) days after the service of said notice to then and there show cause why the permit which has been granted to establish, conduct, maintain or operate a public or commercial garage shall not be revoked.

(c) If the said person, firm or corporation on whom said notice was served by the Fire Marshal to appear before the Board of Supervisors fails or refuses to appear before the said Board of Supervisors it shall be the duty of the said Board of Supervisors to notify in writing said person, firm or corporation to whom a permit has been issued that said permit, through failure or neglect to appear before the Board of Supervisors, is revoked. Said person, firm or corporation on whom notice was served by the Fire Marshal and who failed, refused or neglected to appear before said Board of Supervisors, is hereafter liable to the penalty imposed by this ordinance, if said person, firm or corporation shall continue to conduct, maintain or operate such public or commercial garage after being notified in writing that the permit issued by the Board of Supervisors has been revoked.

(d) The Fire Marshal shall have the right to revoke any permit that has been issued for the storage of gasoline for violation of any of the provisions of this ordinance.

Penalty.

Section 8. When any person, firm or corporation violates or refuses to comply with any of the provisions of this ordinance (which are for the public safety) said person, firm or corporation shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine not exceeding five hundred ($500) dollars, or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment. Each such person, firm or corporation shall be deemed guilty of a separate offense for each day such violation shall continue and shall be subject to the penalty imposed by this ordinance for each and every such separate offense.

Section 9. Ordinance No. 746 (New Series) and all ordinances or parts of ordinances in so far as they conflict with this ordinance are hereby repealed.

Section 10. This ordinance shall take effect immediately.

Amending Business License Ordinance.

On recommendation of Police and Licenses Committee.

Bill No. 8950, Ordinance No. 8464 (New Series), as follows:

Amending Section 2 of Ordinance No. 5132 (New Series), entitled "Imposing license taxes on certain businesses, callings, trades or employments within the City and County of San Francisco."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 2 of Ordinance No. 5132 (New Series), the title of which is recited above, is hereby amended to read as follows:

License Payable in Advance; Where Payable; Penalty for Non-Payment.

Section 2. On and after July 1, 1929, all license taxes, unless by ordinance specifically provided otherwise, shall be due and payable quarterly in advance, and fall due on the first day of October, the first day of January, the first day of April and the first day of July in each calendar year, depending upon the particular quarter in which a licensee begins business. Where a license now issued expires, and in all cases of licenses on new business collectible at periods other than the months of October, January, April and July, the Tax Collector shall pro rate on a monthly basis the amount of license fee due for any given quarter.

Wherever a license tax is imposed by ordinance it shall be unlawful to do or perform the act or to carry on the business, trade, profession or calling for which a license is required, or to own, keep or use the article or thing, for the owning, keeping or using of which a license is required, unless such license be first procured.

All licenses are payable when due at the office of the Tax Collector, in the City Hall, and if not paid within thirty (30) days after the same become due, the Tax Collector shall add ten per cent to the amount of the license as a penalty for non-payment. If the license is not paid within sixty days after the same becomes due the Tax Collector shall add fifteen per cent to the amount of the license as a penalty for non-payment. If the license is not paid within ninety (90) days after the same becomes due the Tax Collector shall add twenty-five per cent to the amount of the license as a penalty for non-payment. All licenses delinquent for a period of six (6) months shall carry a penalty of fifty per cent, and the Tax Collector shall turn over a complete list of such licensees to the Chief of Police for arrest and prosecution under the provisions of this ordinance. Nothing shall permit the exemption of the penalties mentioned in this section.

Section 3. This ordinance shall take effect immediately.

Granting Site for Federal Building in Civic Center.

On recommendation of Public Buildings and Lands Committee.

Bill No. 8954, Ordinance No. 8465 (New Series), as follows:

Agreeing to grant to the United States of America a site situate in the Civic Center of the City and County of San Francisco for the erection thereon of a Federal office building, and determining the conditions under which said grant shall be made, and the size of said site, and authorizing the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors thereof to execute and deliver to the United States of America a deed conveying to the United States of America the hereinafter described real property as a site for the erection thereon of a Federal office building, and providing for the conveyance of additional land for said site, all pursuant to the provisions of Section 10a of Chapter II, Article II of the Charter of the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That whereas, Section 10a of Chapter II, Article II of the Charter of the City and County of San Francisco authorizes the Board of Supervisors to cause to be conveyed to the United States of America, by a good and sufficient deed, and without monetary consideration, a site on the northeast corner of Hyde and Fulton streets, in the Civic Center in the City and County of San Francisco, which said site shall be used by the said United States of America for the erection thereon of a Federal office building.

Section 2. And whereas, the hereinafter described real property is situate on the northeast corner of Fulton and Hyde streets, in said Civic Center, and is unoccupied by any building or structure belonging to the City and County of San Francisco, and the United States of America has agreed to erect and maintain thereon a Federal office building, provided said property be transferred to the United States of America without any monetary consideration.

Section 3. The Board of Supervisors of the City and County of San Francisco hereby determines that the size and the site of said lands to be conveyed to the United States of America for said Federal office building should be as hereinafter set forth.

Section 4. That the City and County of San Francisco does hereby offer to the United States of America the hereinafter described real property for the erection and maintenance thereon by the United States of America of a Federal office building, and does hereby agree to grant to the United States of America, without any monetary consideration, the hereinafter described real property, upon condition that the said United States of America shall cause to be erected and maintained thereon a Federal office building, which said building shall conform in general type of architecture and construction to the other buildings contained in the Civic Center.

Section 5. That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors be and they are hereby authorized, empowered and directed to make, execute and deliver to the United States of America a good and sufficient deed conveying to said United States of America the hereinafter described real property, for the purposes herein set forth, which conveyance shall be made when the said Mayor is given satisfactory proof that the building to be erected and maintained thereon shall, in its general type of architecture and construction, conform to the other buildings at present erected in the Civic Center.

Section 6. That the site to be conveyed to said United States of America, in conformity with this ordinance, is described as follows, to-wit:

Commencing at the point of intersection of the southerly line of McAllister street with the easterly line of Hyde street produced southerly; thence southerly along said easterly line 207.375 feet; thence southeasterly on a curve to the right, tangent to a line deflected 90 degrees to the left from the preceding course, radius 42 feet, central angle 61 degrees 33 minutes 58 seconds, a distance of 45.128 feet to a point distant 229.375 feet at right angles southerly from the southerly line of McAllister street; thence easterly parallel with the southerly line of McAllister street and 229.375 feet at right angles southerly therefrom, a distance of 375.568 feet to the westerly line of Leavenworth street produced southerly; thence at right angles northerly, along said westerly line, 229.375 feet to the southerly line of McAllister street; thence at right angles westerly, along the southerly line of McAllister street 412.50 feet to the easterly line of Hyde street produced southerly, and point of commencement.

Saving and excepting therefrom the following described parcel of land:

Commencing at a point on the westerly line of Leavenworth street produced southerly, distant thereon 6.021 feet southerly from the

southerly line of McAlister street; thence running southerly along said westerly line 148.079 feet; thence deflecting 144 degrees 14 minutes 09 seconds to the right and running northwesterly 40.155 feet; thence deflecting 47 degrees 15 minutes 01 second to the right and running northeasterly 117.856 feet to the westerly line of Leavenworth street and point of beginning.

Containing 1738 square feet.

Section 7. That upon the City and County of San Francisco acquiring title to the real property hereinbefore excepted from the conveyance to be made pursuant to this ordinance that the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors, be authorized to execute to the United States of America an additional deed conveying said excepted property to said United States of America for the purposes and upon the conditions herein contained.

Section 8. This ordinance shall become effective immediately upon its passage.

Hetch Hetchy Wage Revolving Fund, Designating Licensed Bank as Agents.

On recommendation of Public Utilities Committee.

Bill No. 8951, Ordinance No. 8466 (New Series), as follows:

Authorizing and providing for the payment, through the agency of certain banks, of wages, salaries or compensation due to persons engaged on the Hetch Hetchy project outside of the limits of the City and County of San Francisco, creating a revolving fund therefor, and designating certain regularly licensed banks in California as agents of the City and County of San Francisco for the purposes set forth.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. All persons employed by the City and County of San Francisco on the Hetch Hetchy project outside of the limits of San Francisco shall be paid through the agency of certain regularly licensed banks in California, hereinafter designated as such agents for the City and County of San Francisco, all wages, salaries or compensation due such persons for services rendered in connection with said project, all in accordance with the provisions of Section 9 of Chapter II of Article IV of the Charter and the terms of this ordinance.

Section 2. The Board of Public Works shall at all times maintain in the offices of the City and County of San Francisco at Livermore, California, or other field headquarters, a paymaster or deputy paymaster, and it shall be the duty of said paymaster to supervise the preparation of the monthly payrolls showing the wages, salaries or compensation due each and every person employed on the Hetch Hetchy project outside of the limits of San Francisco, and also the total deductions which should lawfully be made from said wages, salaries or compensation of such persons for hospital, board or other charges. Each payroll shall have indicated on it by the paymaster the total amount to be paid through each of the banks designated herein as agents of the City and County, consideration being given to paying the employees through the particular bank most convenient to the place of employment. The paymaster shall then forward said payroll to the proper officials for approval. There shall be forwarded with the payroll, or immediately thereafter, a statement showing an itemization of the deductions made from the wages or compensation of the persons shown on the payroll and the proper fund of the City and County to which such deductions should be credited and also any amounts properly payable to miscellaneous creditors of the employees.

Section 3. All payrolls covering such wages, salaries or compensation must be first approved by the Board of Public Works and then forwarded to the Auditor for his approval.

After approving a payroll the Auditor shall draw his warrants for the net amount of said payroll as approved and deliver said warrants to the Treasurer, who shall thereupon deposit the amounts called for therein with the proper banks for distribution to the persons entitled to the same in the manner hereinbefore provided.

Upon receipt of the analysis of the amounts deducted on the payroll the Auditor shall draw his warrants in favor of the Treasurer of the City and County of San Francisco for the total amount of deductions for hospital, board, contributions to the Retirement System, and any other charges payable to the City and County and in favor of the designated banks, for the total amount payable to miscellaneous creditors of the employees, and the warrants drawn in favor of the Treasurer shal be deposited to the credit of the respective construction or operative funds to which said deductions are applicable, and the warrants drawn in favor of the banks shall be deposited with the proper banks for distribution to the persons entitled to the same.

Section 4. Upon deposit of the moneys required to cover the payrolls and deductions for miscellaneous creditors as provided in Section 3 of this ordinance, said paymaster shall proceed to draw checks upon the proper designated banks in favor of the persons entitled to said checks in the amounts shown by the approved payroll. Each of said checks shall be signed by said paymaster, or such deputy paymaster as the City Engineer may designate for that purpose, and countersigned by the Construction Engineer in charge, or such Assistant Construction Engineer as the City Engineer may designate for that purpose, and thereafter said checks shall be delivered to the person entitled to same. All checks shall be in the form of voucher checks, so that the endorsement thereon by the payee shall constitute a proper receipt therefor. Such checks, when cancelled by the banks and returned to the paymaster, shall be filed as vouchers for the respective payrolls under which they were drawn.

Section 5. To provide means for payments of wages, salaries or compensation due persons whose employment terminates at other than regular payroll periods, the Auditor shall, immediately upon adoption of this ordinance, draw his warrants for amounts which the Board of Public Works shall report in writing as one-half of the estimated payroll for a single monthly period, and deliver said warrants to the Treasurer, who shall thereupon deposit the amounts called for therein with the respective designated banks to the credit of the Hetch Hetchy payroll account. Said amounts shall be known and referred to as revolving funds with respect to the Hetch Hetchy payroll account, and the banks with which the said amounts are deposited shall furnish security therefor and pay into the treasury of the City and County of San Francisco interest on the daily balances, as provided for in Article IV, Chapter III, Section 2 of the Charter, such payments of interest to be applied to the interest on and redemption of the Hetch Hetchy bond issue or issues from which the hereinbefore mentioned revolving fund amounts originated.

Section 6. All amounts deposited in any bank or banks pursuant to the provisions of this ordinance shall be carried in the name of City and County of San Francisco, Hetch Hetchy payroll account, and shall be used exclusively for the payments of wages, salaries and compensation of the persons employed on the Hetch Hetchy project, and shall be withdrawn from said banks only upon the signatures of said paymasters, or deputy paymasters, and the counter-signatures of the said Construction Engineers or Assistant Construction Engineers, as the City Engineer may from time to time designate, as provided in Section 4 hereof. Provided, however, that said deposits shall at all times be subject to withdrawal by the Treasurer of the City and County of San Francisco, cojointly with the Mayor, pursuant to the provisions of Section 2, Article IV, Chapter III of the Charter.

Section 7. The following banks are hereby designated as agents of the City and County of San Francisco for the payment of wages, salaries or compensation of employees of the Hetch Hetchy project outside of the limits of said City and County: First National Bank, Sonora, California; American Trust Company, Tracy, California; Bank of Italy, Livermore, California.

Section 8. All ordinances in conflict herewith are hereby expressly repealed and this ordinance will take effect immediately.

Resolved, by the Board of Supervisors of the City and County of San Francisco, that public interest and necessity require the acquisition by the City and County of San Francisco, a municipal corporation, of the following properties situated in the City and County of San Francisco, State of California, more particularly described as follows, to-wit:

All the following certain pieces or parcels of land situate in Block 29, Fairmount Tract, as per map heretofore filed in the office of the City and County Recorder, March, 1864, in Book 2-A and B of maps, and bounded by Chenery street, Randall street, Southern Pacific right of way and Thirtieth street. Being Lots Nos. 1 to 7, inclusive, 29 to 40, inclusive, 40A, 40B, 41 and 41A.

Be it Further Resolved, That said properties are suitable, adaptable, necessary and required for the public use of said City and County of San Francisco for school purposes. It is necessary that a fee simple title be taken for such use.

The City Attorney is hereby ordered and directed to commence proceedings in eminent domain against the owners of said parcels of land and of any and all interests therein or claims thereto, for the condemnation thereof for the public use of the City and County of San Francisco as aforesaid.

Intention to Change Grades on Hanover Street Between Allison and Pope Streets.

On recommendation of Streets Committee.

Resolution No. 31024 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets at the points hereinafter specified and at the elevations above city base as hereinafter stated, in accordance with Resolution No. 106671 (Second Series) of the Board of Public Works, adopted June 5, 1929, and written recommendation of said Board filed June 6, 1929, to-wit:

Hanover Street.

Allison street easterly line, 351 feet. (The same being the present official grade.)

176 feet westerly from Pope street, 359.89 feet.

126 feet westerly from Pope street, 364.40 feet.

76 feet westerly from Pope street, 366.24 feet.

(Vertical curve passing through the last three described points.)

Pope street westerly line, 367.00 feet. (The same being the present official grade.)

On Hanover street between Allison and Pope streets, changed and established to conform to true gradients between the grade elevations above given therefor.

The Board of Supervisors hereby declares that no assessment district is necessary, as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this resolution of intention.

Saving and excepting therefrom all that portion of Redwood street now existing as an open public street.

Said extension of Redwood street shall be done in pursuance of Chapter III of Article VI of the Charter of the City and County of San Francisco and shall be done in the manner and in accordance with the provisions of Section 2 and sections following Section 2 of Chapter III of Article VI of said Charter of the City and County of San Francisco.

Adopted—Board of Supervisors, San Francisco, April 8, 1929.

Ayes: Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, Marks, McGovern, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Suhr, Toner.

Absent: Supervisors Deasy, Stanton, Todd.

J. S. DUNNIGAN, Clerk.

Approved San Francisco, April 19, 1929.

JAMES ROLPH, JR., Mayor.

And Whereas, the Clerk of the Supervisors of the City and County of San Francisco did transmit to the Board of Public Works of the City and County of San Francisco a certified copy of said resolution, and the said Board of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution, and did also cause.

in the manner and as required by law, a notice similar in substance, to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Whereas, no objection or objections to the said extension of Redwood street or to the extent of the district and lands to be affected and benefited by said improvement and to be assessed to pay the costs and expenses thereof, or both, was or were made or delivered to the Clerk of this Board within said period of ten days after the expiration of the time of publication of said notice, or at all; and

Whereas, the public interest and convenience require said improvement to be done as specifically described in said Resolution No. 30708 (New Series); and

Whereas, the Supervisors have acquired jurisdiction to order the extension of Redwood street as aforesaid, and as specificaly described and proposed in said Resolution No. 30708 (New Series); now, therefore, be it

Resolved, That it be ordered that said Redwood street be extended as aforesaid and as specifically described and proposed in said Resolution No. 30708 (New Series); and be it

Further Resolved, That the damages, costs and expenses for said extension of Redwood street be and they are hereby made chargeable against and shall be assessable upon the lands and district described in said Resolution No. 30708 (New Series) as being the lands and district affected and benefited by said extension and against which the damages, costs and expenses of said extension should be made chargeable. Be it

Further Resolved, That the extension of Redwood street from its present westerly termination to Buchanan street be done in pursuance of Chapter III of Article VI of the Charter of the City and County of San Francisco, and in the manner laid down in and in accordance with the provisions of Section 2 and the sections following Section 2 of said Chapter III of Article VI of said Charter.

Closing and Abandoning Portions of Sloat Boulevard and Junipero Serra Boulevard.

Also, Resolution No. 31026 (New Series), as follows:

Closing and abandoning portions of Sloat boulevard and Junipero Serra boulevard as hereinafter described.

Whereas, this Board has, by Resolution No. 30821 (New Series), declared its intention to close and abandon portions of Sloat boulevard and Junipero Serra boulevard, in the City and County of San Francisco, and hereinafter more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandonment of portions of Sloat boulevard and Junipero Serra boulevard was duly given by the Board of Public Works of said City and County of San Francisco by publication and posting in the manner provided by the Charter of the City and County of San Francisco; and

Whereas, more than ten days have elapsed after the expiration of time of publication of said notice; and

Whereas, no objection or objections to said closing and abandonment of said portions of Sloat boulevard and Junipero Serra boulevard, as hereinafter described, was or were made or delivered to the Clerk of this Board within said period of ten days, or at all; and

Whereas, it is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of said portions of Sloat boulevard and Junipero Serra boulevard; and

Whereas, in and by said Resolution No. 30821 (New Series), this Board did declare that the damages, costs and expenses of closing said

portions of Sloat boulevard and Junipero Serra boulevard are nominal, and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses therof, the Board of Supervisors hereby declares and determines that the whole damage, cost and expense of closing said portions of Sloat boulevard and Junipero Serra boulevard shall be paid out of the revenues of the City and County of San Francisco; therefore, be it

Resolved, That said closing and abandonment of said portions of Sloat boulevard and Junipero Serra boulevard be and the same is hereby ordered and that the said portions of Sloat boulevard and Junipero Serra boulevard be and the same are hereby closed and abandoned as public streets.

The said portions of Sloat boulevard and Junipero Serra boulevard hereinabove referred to are more particularly described as follows, to-wit:

Parcel A. Beginning at a point on the easterly line of Nineteenth avenue, distant thereon 50.012 feet northerly from the southerly line of Sloat boulevard, said point being on the southerly line of the Market Street Railway Company's right of way, and running thence northerly along said easterly line 35.008 feet to the northerly line of said right of way; thence deflecting to the right 91 degrees 14 minutes 40 seconds and running easterly along said northerly line and the easterly prolongation thereof 795.112 feet; thence easterly and southeasterly along a curve to the right, tangent to the preceding course, having a radius of 195 feet and a central angle of 24 degrees 13 minutes 15 seconds, a distance of 82.433 feet; thence southwesterly along the radial line to the preceding curve 35 feet; thence northwesterly and westerly along a curve to the left, concentric with the second preceding course, having a radius of 160 feet and a central angle of 24 degrees 13 minutes 15 seconds, a distance of 67.638 feet to a point which is distant 35 feet southerly at right angles from the second course of this description; thence westerly, tangent to the curve of the preceding course, and parallel with the aforementioned second course, a distance of 794.352 feet to the easterly line of Nineteenth avenue and the point of beginning.

Being a portion of Sloat boulevard.

Parcel B. Beginning at the point of intersection of the easterly line of Junipero Serra boulevard and the southwesterly line of Ocean avenue, and running thence northwesterly along said southwesterly line 70.151 feet to the center line of the proposed Junipero Serra boulevard; thence deflecting to the right 62 degrees 59 minutes 30 seconds, and running northerly along said center line 184 feet to the true point of beginning; thence continuing northerly along said center line 1010.20 feet; thence northerly along a curve to the left, tangent to the preceding course, having a radius of 161.25 feet and a central angle of 11 degrees 23 minutes 31 seconds, a distance of 32.061 feet; thence deflecting to the right 101 degrees 23 minutes 31 seconds from the tangent to the curve of the preceding course and running easterly 33.133 feet; thence southerly along a curve to the right, tangent to a line deflected to the right 80 degrees 32 minutes 18 seconds from the preceding course, having a radius of 193.75 feet and a central angle of 9 degrees 27 minutes 42 seconds, a distance of 31.995 feet to its point of tangency with a line drawn parallel with and distant 32.5 feet at right angles easterly from the aforementioned center line; thence southerly along said line so drawn 1010.20 feet; thence at right angles westerly 32.50 feet to the true point of beginning.

Being a portion of Junipero Serra boulevard.

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law and the Charter of the City and County of San Francisco.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS. BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Rehearing—Calistoga-Clear Lake Stage Application.

Supervisor Gallagher presented:

Resolution No. 31032 (New Series), as follows:

Whereas, the Railroad Commission of the State of California has denied the application of the Calistoga-Clear Lake Stage Company to operate a through bus service from San Francisco to Lake County points and return; and

Whereas, a rehearing of said application has likewise been denied by said Railroad Commission; and

Whereas, numerous citizens throughout the County of Lake requested this Board to take some action on behalf of their county in the interests of through motor bus transportation as aforesaid; and

Whereas, it is the concensus of opinion of the people of Lake County that, dependent as their county is upon motor transportation, a through service as proposed is a matter of immediate necessity and convenience to the good, welfare and future development of that county, and that while neighboring counties of Napa, Mendocino and Sonoma are provided with both railroad transportation and motor bus transportation, the County of Lake, with no railroads, is being unjustly deprived of any direct through service to San Francisco whatsoever; and

Whereas, it is probable that, with the advent of better highways and rapid motor transportation, the County of Lake will never have electric railroads or steam railroads within its confines, therefore it should be allowed equivalent transportation facilities to those existing in neighboring counties, which under present conditions it does not enjoy; and

Whereas, it is the concensus of opinion of the people of Lake County that all facts of convenience and necessity were not produced at the recent hearing, and that, therefore, a rehearing of said application should be granted; now, therefore, be it

Resolved, That the Railroad Commission of the State of California is hereby respectfully petitioned to reconsider the application for rehearing in the matter of the application of the Calistoga-Clear Lake Stage Company to operate through motor service transportation from San Francisco to Lake County points and return; and that a copy of this resolution be delivered to said Railroad Commission and to the Governor of the State of California forthwith.

Presentation to the Mayor and the Board of Supervisors of Distinguished Visitors.

The Mayor: I thank you, Supervisor Deasy. That is the spirit of San Francisco. Our distinguished visitors, editors and publishers of the papers of the Coast, that is what makes San Francisco the powerful and mighty city that it is; that is the spirit that has helped this mighty city to rise from its ashes just twenty-three years ago. And it is that spirit of Cornelius Deasy that keeps the smiles on our faces and keeps us building the mighty buildings; keeps us building and building and building, to build out here on the Pacific Coast a city that is worth while and a city that knows responsibility that is upon its shoulders as the guardian and the custodian in trust of the Golden Gate.

This morning the Board of Supervisors, our distinguished visitors from abroad and from near-by, have set apart this time, following this reception which we have just given to Dr. Lemare and Mr. Alfred O'Shea, to give to you, our distinguished visitors from abroad, the mighty welcome that comes from the handclasp and the heart of the people of this mighty city, with smiles on their faces and a spirit that has made the city that you have honored in your visit.

The newspapers have published an item that this morning at 11:45 o'clock they will meet Mayor Rolph and the Board of Supervisors, followed by a luncheon at the St. Francis Yacht Club, with officials and editors of the nine counties embracing the Redwood Empire, and sightseeing tours and dinner at the San Francisco Press Club will complete the day's program. Mr. R. S. Cauvin, manager of the American Express Company in Havana, Cuba, is managing the tour, which is being held under the auspices of the Carnegie Endowment for International Peace. The members of the party are:

From Belgium—M. Georges Landoy, editor of "Matin," Brussels. (Applause.)

From France—M. Georges Lechartier, "Journal de Debats," Paris; M. Rene Puaux, editor of foreign page of "Le Temps," Paris. (Applause.)

From Greece—M. Pedro Potridis, owner of "Agon," Paris. (Applause.)

From Italy—Conte Leone Fumasone Biondi, "Corriere della Sera," Milan; Signor Filippo Bojano, "El Popolo d'Italia"; Signor Salvatoro Cortesi, "Associated Press," Rome; Signor M. Ardemagni, "Il Popolo d'Italia," Milan. (Applause.)

From Jugoslavia—Dr. Paul Breznik, chief, press section of Latvian ministry of foreign affairs, Riga. (Applause.)

From Poland—M. Casimir Smogorzewski, "Warsaw Courier," Paris. (Applause.)

From Rumania—M. A. Cortenu, editor-in-chief, "Argus," Bucharest. (Applause.)

From Spain—Sr. Julio Camba, Madrid. But he unfortunately could not be here this morning.

And to meet these distinguished visitors from abroad we have representing the Metropolitan Daily Newspaper Publishers of the Pacific Coast Educational Tour of the Redwood Empire, conducted by the Newspaper Publishers' Unit of the Redwood Empire Association, from June 17 to June 24, inclusive:

E. L. Finley, publisher "Press Democrat," Santa Rosa (president Redwood Empire Publishers' Unit).

Harry Lutgens, secretary Redwood Empire Newspaper Publishers' Unit (publisher San Rafael "Indepenent").

Clyde Edmondson, general manager of Redwood Empire Association.
W. N. Burkhardt, San Francisco "News."
R. G. Collnert, Portland "Oregonian."
George D. Crissey, United Press.
P. C. Edwards, San Diego "Sun."
W. A. Fitzgerald, Stockton "Independent."

G. G. Young, Los Angeles "Examiner."
Orlando T. Palmer, Hollywood "Daily Citizen."
Edward Parker, San Francisco "Examiner."
F. L. Steenrod, San Francisco "Call."
Mr. Carr, Los Angeles.
K. C. Ingram, advertising manager Southern Pacific Company.
James Morris, Southern Pacific News Bureau of San Francisco.
W. C. Simpson, superintendent Pickwick Stages System.

And the Supervisors who will accompany this party on the Redwood Empire trip, and to which trip all of our distinguished visitors from abroad are invited, will be:

Supervisor Andrew J. Gallagher and Mrs. Gallagher and party.
Supervisor J. Emmet Hayden and family.
Supervisor Charles Powers and wife and party.
Supervisor Alfred Roncovieri and wife and party.
Former Supervisor Angelo Rossi and wife and party.

It is my pleasant privilege also this morning to present Miss Rita Lisle, a journalist of Australia, who has come here this morning with a letter from none less than the American consul at Sydney, and who is a member of this gathering this morning. (Applause.)

To all of you, by resolution of the Board of Supervisors, I bid you a hearty welcome. I welcome you as I do my dear friend Ettore Patrizzi of San Francisco, publisher of the Italian paper, and Mr. Augustin

Lusinchir, of the French newspaper of San Francisco, and Mr. Henry Budde, publisher of the German paper.

I bid you a hearty welcome this morning. This city feels proud when its visitors do it the honor of coming to the city. We feel proud that men from abroad should come on out here to the Pacific Coast and visit San Francisco and see what we have done. We are a modest people. We could say more about the city than we say, but modesty prevents us from saying what we would like to say. But you have come out to study the home life, the business life, the public life. You have come out on your tour to carry home, if you can, the lessons that you have learned by travel. And there is no better educator than travel. And now you have seen many of the publishers of the papers of the great State of California. The publishers of the papers of San Francisco, let me tell you that they are all boosters, they have not time to knock. We are living in a great age, when the world is going ahead. We are not living in the age of the horse and buggy any more. We are living in the age of the airplane; we are living in the age where untold hundreds of millions of people are going to profit by what has been done by these great men who have crossed the Atlantic and flown into Paris. Byrd, down at the South Antarctic, in touch by radio with the land of the midnight sun in Greenland. Information from all parts of the world carried out to the people and disseminated to them through the columns of the press.

But this particular city was destroyed by earthquake and by fire in 1906, just twenty-three years ago. And you are sitting now, if you pardon me in saying it, in what, we think, is the finest public meeting chamber in the United States. And you are seated in the finest building in the United States. And we present a gold medal from the government of France and its educational institution certifying that this City Hall and Civic Center is entitled to that gold medal as the finest in the United States. And its dome is 47 feet 5 inches loftier than the dome of the Capitol at Washington.

This is a city of homes, of schools, of churches, of smokestacks and of skyscrapers. From ashes it has grown to be the second important city in the United States. And it is measured by its transaction in finance and its commerce. Next to New York there is more commerce going out through the Golden Gate and coming in through the Golden Gate than in any other city in the United States. You know the New York Stock Exchange, and you know the transactions on the New York Stock Exchange daily. The Stock Exchange of San Francisco is second to New York. You have around this Bay of San Francisco not only 800,000 people in this city, but you have a population, or we have a population around the Bay of San Francisco of nearly two millions of people now and growing rapidly. This city is expanding at the present time. $163,000,000 in the purchase of its waterworks, in the completion of its waterworks, in the building of its highways and boulevards and esplanades. We have just finished what we think is the finest esplanade in all the world, comparable with the old cities on the Mediterranean, comparable with the Thames Embankment in London, comparable with the rues and the boulevards along the Seine and in Paris, and in Argentine, the River de la Plata, and at Cape Town, where they have just completed a fine esplanade. Our esplanade overlooks the broad Pacific, where, on the other side, are hundreds of millions of people. And going out through the gateway of the Golden Gate and across the Pacific are American manufactured goods and the products of the soil and the fruit from the trees, and the oranges and the melons, and the citrus fruits, the grains, the clothing and the boots and shoes and everything that can be produced in God's country, here in America, with 135,000,000 people, which will feed, with your assistance, the untold starving hundreds of millions of people out in the Far East.

This city is friendly with every government. This city is a cosmopolitan city, and it has visitors from every land and from every clime, and we get along here splendidly. It is "How do you do" and "Shake

hands" and everybody pulling together, because, when we lay in ashes, we have risen again, and we never forget the days when we were in ashes. That is what keeps San Francisco the mighty city that it is. That is what keeps San Francisco, as President Taft said, "The city loved around the world." This is the city that was selected to invite all the nations of the world to join in the celebration of the building of that mighty canal, and here they all met in 1915. Here is the city that, when you have once seen it, and when you leave, you have a sort of feeling that it is good and loosesome and free, that you want to come back to it because the breezes from the ocean are just as good as any wine, and your friends stand by you better, at least so it seems to me, so that you have got a sort of a feeling that it is good and loosesome and free, and when once a man has felt it he loves the San Francisco people, he loves the people of the West.

I have been honored more so than any man in the United States, because, as Mayor of this city, we have tried to keep up that same friendship with all the governments of the world. To France this morning may I say that I am Chevalier of the Legion of Honor of France and also officer of the Legion of Honor of France. May I say to Greece that here is the order of King George of Greece. May I say to Italy that I have the decoration of the Order of the Crown of Italy. And may I say to the Belgians that King Alfred himself pinned this order on me here in San Francisco. And may I say to dear little Serbia that here is the decoration of St. Salvo. And several others. But you gentlemen that are here from foreign countries, may the Board of Supervisors and myself say that, in the name and in view of what those decorations mean, and may I say that we give to you, as representative men who have been honored by your countries and by your people, we give you the hand of friendship that comes from a friend to a friend, and we want to make you feel that the trip to San Francisco was well worth the coming, and that when you go away you will carry back pleasant and happy memories of San Francisco. And let me say Marshal Joffre was here and Marshal Foch was here, and let me say that all the distinguished personages from Italy and France and Belgium, Holland, England and Scotland, Germany, Australia and all the countries of the world, never forget San Francisco on their trips around the world. And it is in that spirit this morning, as Mayor, and as chairman of the Board of Supervisors, that I thank you again for coming, for the honor that you do us. And it will go down in our diary as one of the happiest days of our political careers, to have welcomed the men who educate the people and who carry the news and tell the people what is what. And if the lessons you get from San Francisco and the words I have expressed this morning are of any use to you, just tell them about our home life, our school life and our church life. We care not how men worship, we are a city of all denominations and we are a city of all churches, and we are all brothers and sisters together out here in dear old San Francisco. That is the message I give you, and that is the message I want you to carry abroad when you go back to your own places. Tell them you had a fine time in San Francisco, and that the people were united out there and that the friends were united out there. And if a man is honest in public office he can stay in public office, and the press will help boost a man in public office and will not knock him, because it is difficult to get a man to take public office, with all the responsibility, and the newspapers cheer the public officials of San Francisco. And it is with their help that we can build the mighty city of San Francisco. I welcome you to the Board of Supervisors and myself this morning. (Applause.)

Supervisor Toner: Mr. Mayor, I move you that the Clerk of the Board of Supervisors be instructed to have your speech memorialized and a copy given to each and every one present here today as guests.

Supervisor McSheehy: Second the motion.

(The motion is *unanimously carried.*)

Report of John W. Rogers, Legislative Representative.

Milton Marks, Attorney at Law, Russ Building.

June 6, 1929.

Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: I transmit to you herewith report of John W. Rogers, Legislative Representative of the San Francisco Board of Supervisors, relative to various measures pending before the California State Legislature in its recent session.

I suggest, if agreeable to the Board, that this report be made a part of the Journal of Proceedings.

Mr. Rogers is entitled to the commendation of the Board for his conscientious and intelligent handling of legislative matters during the recent session. He kept vigilant watch of all legislation which affected San Francisco, and because of his experience in such matters and the close attention which he gave to proposed legislation he was of tremendous assistance to the Legislative Committee and to the entire Board of Supervisors.

Very sincerely yours,

MILTON MARKS,
Chairman Law and Legislative Committee.

San Francisco, California, May 29, 1929.

To the Honorable the Board of Supervisors of the City and County of San Francisco, City Hall, San Francisco.

Gentlemen: As your Legislative Representative I submit herewith my report of the action of the Forty-eighth Session of the California Legislature, held at Sacramento, January 7 to January 18, 1929, and February 18 to May 15, 1929, on legislation affecting San Francisco:

Measures Approved by the Board of Supervisors, Passed by the Legislature and Approved by the Governor.

Assembly Bill No. 166, introduced by Mr. Wright—"Old Age Pension Law." Sets up a plan whereby indigent aged persons may receive a sum not to exceed $1 a day, one-half payable by the State and the other half by the county in which the beneficiary resides. Law requires that the beneficiary must be at least 70 years of age, have been a resident of the State 15 years and of the county one year, and without children or other persons to support him. His property may not exceed $3,000 in value and any outside income must be counted as a part of the total income of $1 a day.

Assembly Bill No. 207, introduced by Mr. Feigenbaum—Increases in some cases the fees to be charged litigants by Justices' Court. In the opinion of the Justices' Clerk the adoption of this measure will bring about a substantial increase in the revenues of his office.

Assembly Bill No. 743, introduced by Mr. Feigenbaum—Authorizes the establishment of Municipal Courts in the City and County of San Francisco; provides for twelve judges at an annual salary of $6,000.

Assembly Bill No. 901, introduced by Mr. Parkman—Provides that legislative bodies of any city may divide city into districts and regulate heights and lengths of buildings therein.

Assembly Bill No. 925, introduced by Mr. Cronin—Regulates trial of actions against cities and counties. Will make it impossible to try damage cases against cities and counties in adjoining counties as is now being done. Bill was introduced at request of City Attorney.

Assembly Bill No. 931, introduced by Mr. Reindollar et al.—Validates all proceedings heretofore taken in Golden Gate Bridge and Highway District.

Senate Bill No. 465, introduced by Mr. Rochester—Exempts from execution and attachment all moneys received by any person as a pension; also, all pension funds maintained by the State or a city, county, city and county, or other political subdivision of the State.

(Assembly Bill No. 484, introduced by Mr. Williamson, and Senate Bill No. 446, introduced by Senator Crowley, were intended to accom-

plish the same purpose, but were not pressed for action on account of the passage of Senator Rochester's bill.)

Senate Bill No. 577, introduced by Mr. Murphy—Amends the California Vehicle Act so as to provide that the Board of Supervisors, in its discretion, may expend any portion of the gas tax money received from the State for the payment of interest upon or redemption of bonds, the proceeds of which have been used for the construction, maintenance and repair of streets, bridges and culverts.

(This bill was not pressed for action, as its provisions were inserted in Senate Bill No. 714, introduced by Mr. Breed, which embraces many amendments to the California Vehicle Act. Senate Bill No. 714 was passed by the Legislature and approved by the Governor on May 10, 1929.)

Senate Bill No. 578, introduced by Mr. Murphy—Amends the Juvenile Court Act. Gives two additional juvenile probation officers to San Francisco and authorizes the Juvenile Court to appoint a referee at a salary of $200 per month.

Measures Approved by the Board of Supervisors, Passed by the Legislature and Sent to the Governor.

Assembly Bill No. 127, introduced by Mr. Quigley—Permits the removal of a county jail to another county, provided the consent of the Board of Supervisors of the county to which the jail is to be removed is first obtained.

Assembly Bill No. 316, introduced by Mr. Williamson—Dedicates the northerly thirty feet of Channel street, between the southwesterly line of Seventh street and the westerly line of Carolina street, exclusively as a right of way for vehicular and pedestrian traffic. (This bill was approved by the City Attorney's office.)

Assembly Bill No. 436, introduced by Mr. Morrison—Makes an appropriation of $15,000 from State funds for construction and equipment of kindergarten at Teachers' College, San Francisco.

Assembly Bill No. 630, introduced by Mr. Williamson—An enabling act to permit the annexation of San Mateo County to the City and County of San Francisco.

Assembly Bill No. 657, introduced by San Francisco Assembly Delegation—Increases the annual salaries of the judges of the Superior Court in and for the City and County of San Francisco from $9,000 to $10,000. (The bill originally provided for an increase of salaries from $9,000 to $12,000 per annum.)

Senate Bill No. 379, introduced by Mr. Crowley—Amends act providing for the inspection of slaughter houses, animals and meats, by providing that meats inspected by the Civil Service Inspection Department of any incorporated city or city and county, which inspection department was in operation prior to August 2, 1921, shall be permitted to be sold in all parts of the State.

(This puts meat inspected by the Board of Health of San Francisco on a parity with State-inspected meat.)

Senate Bill No. 487, introduced by Mr. Jones—Permits counties, cities and counties, or any group of counties, to establish and maintain tuberculosis preventoria for the treatment of persons who are susceptible to tuberculosis, and further provides that where said preventoria are maintained the county shall receive a sum of $3 per week for each person who is convalescing from tuberculosis who may be an inmate of said preventoria at the expense of the public and who is not able to pay for his support.

Senate Bill No. 511, introduced by Mr. Nelson—Amends Section 44 of the California Vehicle Act, by providing that no motor vehicle shall be registered unless the application therefor shall be accompanied by a certificate issued by the County Assessor showing that the motor vehicle has been assessed for personal property taxes for the current year.

(The purpose of this bill is to catch "escapes," which the County Assessors of the State of California estimate to be about 20 per cent.

The enactment of this law ought to produce considerable additional revenue.)

Senate Bill No. 538, introduced by San Francisco Senate Delegation—Makes transbay bridge between San Francisco and Alameda counties part of the public highway system, and is part of the proposed legislation relative to the construction of a transbay bridge by the State of California under the revenue bond plan.

Senate Bill No. 652, introduced by Mr. Jones—Appropriates the sum of $40,000 for the support of the State Department of Public Health for the conducting of research and investigation of sewage and industrial wastes, to determine upon proper methods of treatment and disposal.

Senate Bill No. 700, introduced by Mr. Fellom—Declares the policy of the State of California relative to toll bridges and creates a board known as the California Toll Bridge Authority, which is authorized to build new toll bridges and to acquire existing toll bridges under the Revenue Bond plan, all toll bridges to become a part of the State Highway System.

Measures of Interest to San Francisco Which Were Passed by the Legislature and Approved by the Governor, But on Which the Board of Supervisors Took No Action.

Assembly Bill No. 117, introduced by Mr. Crowley—Provides aid for needy blind persons and creates a State Blind Benefit Commission, etc. (This legislation is an attempt to relieve blind persons who are without other means of support and who cannot be rehabilitated for self-support through the facilities offered by the State Departments of Education and Institutions. The maximum payment from the State and County which any person may receive is $600 per year, and the total income, inclusive of State and County aid, may not exceed $1,000 annually.)

Assembly Bill No. 595, introduced by Mr. Levey et al.—Permits suits against State or political subdivision thereof for damage by death or injury to person or property by reason of negligent operation of motor vehicle by an officer, agent or employee thereof.

Assembly Bill No. 747, introduced by San Francisco Assembly Delegation—As originally introduced provided for an increase of salary for the Justices' Clerk and his deputies, but as amended and passed by the Legislature the salaries of the Justices' Clerk and his appointees shall be fixed by the Board of Supervisors of the City and County of San Francisco instead of by the Legislature, as in the past.

Assembly Bill No. 981, introduced by Mr. Morrison—Relieves Fire or Police Department members from liability in any civil action for damage to persons or property arising out of the operation, in line of duty, of a motor vehicle of such department while responding to an alarm of fire or an emergency police call.

Assembly Bill No. 1004, introduced by Mr. Gilmore—Under this bill the Board of State Harbor Commissioners are given possession and control of all property belonging to the State adjacent to the bay but outside of the boundaries of the pueblo of San Francisco.

Assembly Bill No. 1033, introduced by Mr. Flynn et al.—Provides that a physician shall at all times be in attendance at a county jail or city prison whenever the annual average of more than 250 persons are confined in any county jail or city jail. Physician to be appointed by the sheriff.

Measures of Interest to San Francisco Which Were Passed by the Legislature and Sent to the Governor, But on Which the Board of Supervisors Took No Action.

Assembly Bill No. 38, introduced by Messrs. Morrison, Fry and Hawes—Provides for the increase of the salary of the Sealer of Weights and Measures of San Francisco from $4,800 to $6,000 per year.

Assembly Bill No. 253, introduced by Mr. Arnold et al.—Authorizes the establishment of a nautical school for educating and training

pupils from the various counties of the State in science and practice of navigation, seamanship, etc., said school to be maintained at San Francisco; authorizes the governing board to receive from the United States government a ship suitable for use as a nautical school ship.

Assembly Bill No. 344, introduced by Messrs. Hawes and Williamson —Relates to excavations, lateral and adjacent support, and establishes standard depth for foundations. (This bill was introduced at the suggestion of the City Engineer's office.)

Assembly Bill No. 751, introduced by Mr. Hornblower—Increases the number of notaries for the City and County of San Francisco from 180 to 200.

Assembly Bill No. 772, introduced by Mr. Cronin—Provides for appropriation of $330,000 for the construction and equipment of an addition to the State office building at San Francisco for the purpose of housing the State Corporation Commission.

Assembly Bill No. 1060, introduced by Mr. Williams—Provides that in distributing the gasoline tax to the counties of the State the sum of $20,000 per annum shall first be paid to each county and that the balance of the moneys due the counties shall be paid on the basis of the number of motor vehicles registered in each of the counties as now provided by law. (The purpose of this legislation is to give fifteen of the smaller counties of the State, who are now receiving but a very small amount from the State gasoline tax, a minimum of $20,000 for road construction. Many of these counties are in the mountainous and most scenic sections of the State and are visited by thousands of motorists from the cities on their vacation trips, who will benefit by the improved road conditions. This bill had the approval of the State Convention of the County Boards of Supervisors.)

Assembly Bill No. 1121, introduced by Mr. Hawes—Authorizes the increase of the number of inspectors and clerks in the office of the Horticultural Commissioner of the City and County of San Francisco.

Senate Bill No. 441, introduced by Mr. Maloney et al.—Provides for the submission to the people at the general election to be held in November, 1930, the proposition to issue $10,000,000 of Harbor Bonds for the improvement of the San Francisco harbor.

Senate Bill No. 701, introduced by Mr. Fellom—Gives to the Department of Public Works of the State of California the right to issue licenses and franchises for the construction of toll roads and bridges throughout the State and the right to fix tolls hereon when so constructed.

Senate Bill No. 702, introduced by Mr. Fellom—Repeals Act of March 14, 1881, relative to the granting of franchises for building toll bridges by boards of supervisors.

Assembly Constitutional Amendment No. 21, introduced by Mr. Kline—Adopted by the Legislature, and authorizes the State Department of Finance to ascertain and determine the net loss in revenue sustained by any county or city and county by the withdrawal from local taxation of the operative properties of public utilities which are now taxed for State purposes, and authorizes the Legislature, on the basis of such report, to provide for the reimbursement to said county or city and county of such loss from any unappropriated money in the general fund of the State Treasury, provided such reimbursement shall not reduce the unappropriated money in the general fund of the State Treasury to a sum less than $10,000,000.

(If this proposed Constitutional Amendment is adopted by the people at the general election to be held in November, 1930, it will result in the return of very substantial sums of money to the City and County of San Francisco.)

Measures Disapproved by the Board of Supervisors Which Were Refused Passage by the Assembly or Senate, Killed in Committee, or Vetoed by the Governor.

Assembly Bill No. 417, introduced by Mr. Ingels—Would have repealed the act providing for the incorporation, organization and man-

agement of bridge and highway districts. The passage of this bill would have done away with the Golden Gate Bridge and Highway District.

Assembly Bill No. 659, introduced by Mr. Scofield—Would have relieved railroad corporations from the necessity of paving between railroad tracks and on two feet either side thereof in any public street except in cases where repair work is made necessary by use of the street by corporations maintaining said tracks. This bill, if adopted, would have relieved the railroad companies in San Francisco from doing any repair work between and alongside their tracks.

Assembly Bill No. 919, introduced by Mr. Jewett—This bill would have placed slaughter houses and meat inspection, now under the supervision of City and County inspectors, under the supervision of the State Department of Agriculture, and would have made it mandatory for all meat products to bear the State inspection stamp. It conflicted with Senator Crowley's bill, No. 379.

Assembly Bill No. 972, introduced by Mr. Byrne—Would have compelled county recorders to keep a record and index of all tax liens and special assessment liens upon lands situated in the county.

Assembly Bill No. 1186, introduced by Mr. Jones—Provided for the regulation of traffic within cities, cities and counties, etc. This bill attempted to regulate and control the operation of street cars on the four tracks on Market street and would have worked to the disadvantage of the Municipal Railway system by requiring the municipal cars to stop six feet in the rear of the cars of the Market Street Railway system.

Assembly Constitutional Amendment No. 2, introduced by Mr. Scudder—Provided for the taxation of municipally owned utilities in the same manner as those privately owned.

Senate Bill No. 192, introduced by Mr. Hurley—Would have made it unlawful for any city, city and county, or town to impose by ordinance any license tax or fee upon any manufacturer who is a resident of the State of California for soliciting orders or selling or delivering goods manufactured within the State. This act would have prevented the imposition of licenses upon all itinerant vendors of merchandise.

Senate Bill No. 301, introduced by Mr. Cleveland—This bill, as originally introduced, prohibited State boards, commissions and boards of supervisors from appointing any of their members to any positions to which they might have jurisdiction to appoint. It was subsequently amended so as to prohibit boards of supervisors from appointing any of their members to an elective county office, but even in its amended form it died in committee.

Senate Bill No. 302, introduced by Mr. Cleveland—Would have made it possible for any grower of fruit or produce to sell or offer same for sale in any incorporated city or town without a license, and would have made it obligatory upon the tax collector to issue without charge a permit to sell such produce.

Senate Bill No. 313, introduced by Mr. Cleveland—As originally introduced, this bill provided that whenever a taxpayer filed an objection with the Treasurer or Auditor to the payment of a claim and instituted injunction proceedings to prevent payment, if such proceedings were successful the taxpayer should be entitled to $200 as costs and attorney's fees. (Title and text of this bill were changed entirely by its author so as to make it a county government bill, relating to the salaries of officers of Santa Cruz County.)

Senate Bill No. 314, introduced by Mr. Cleveland—Would have added two new sections to the Act of May 13, 1919, relative to the transportation of persons for hire over public highways, which sections provided that all transportation companies must maintain on every stage or auto stage used for the transportation of persons for hire, two men who are competent as drivers and operators, and that all motor vehicles used for the transportation of persons for hire must have at least two doors in the front and two doors in the rear. This bill, if passed,

would have affected the operation of the buses used in connection with the City's Municipal Railway System.

Senate Bill No. 416, introduced by Mr. Pedrotti—Provided for the licensing of aircraft, air men and air navigation facilities, etc. This bill passed the Legislature but was vetoed by the Governor on April 23, 1929. There were a number of bills introduced in both houses of the Legislature regarding aviation. The Board of Supervisors, on recommendation of Supervisor Kent, went on record as being opposed to any measures which would have attempted, at this time, to impose additional restrictions upon aviation, and expressed the belief that the enactment at this time of any state law regulating aviation, in addition to federal regulations now in effect, would be a detriment to the development of the aviation industry in California, and that in the opinion of the Board, regulations concerning aviation should be uniform and under federal control. The Legislature took the same view of the situation, and as a consequence all the measures regulating and controlling the operation of aircraft were discarded, except Assembly Bill No. 1101, introduced by Mr. Emmett, which in effect adopts the regulations and laws of the federal government. The Legislature also adopted Assembly Concurrent Resolution No. 9, introduced by Messrs. Williamson and Cronin, which provides for the creation of a Joint Committee of the Senate and Assembly to investigate aviation conditions in the State of California, etc., and to prepare and make recommendations concerning changes in existing laws, said report or recommendations to be presented to the Legislature two years hence.

Senate Bill No. 454, introduced by Mr. Merriam—Would have made it incumbent upon the City to carry liability insurance for all members of the Fire Department.

Senate Bill No. 544, introduced by Mr. Inman—Related to the salaries of Court Commissioners.

Senate Constitutional Amendment No. 19, introduced by Mr. Inman—Provided that motor vehicles should be exempt from local assessment and taxation.

Measures Disapproved by the Board of Supervisors But which Were Amended to Meet San Francisco's Objections, Subsequently Passed and sent to the Governor.

Senate Bill No. 25, introduced by Mr. Handy—Restricted the running of dogs at large and provided for the issuance of dog and kennel licenses by the State. The effect of this bill was to transfer the issuance of dog licenses from the various counties to the State Department of Agriculture, and the moneys received for licenses, instead of being retained by the counties were to be paid into the State Treasury for the benefit of the Livestock Preservation Fund. It would have taken the moneys away that we receive from dog licenses which are used toward the support and maintenance of the San Francisco Pound. As amended and finally passed, the bill does not in any way interfere with the collection of dog licenses by the counties. The bill merely protects livestock from the depredations of dogs running at large.

Assembly Bill No. 288, introduced by Mr. Gilmore—This bill provided that where any employer required his employees to wear a uniform or special dress in performing the duties of his employment, and the cost of said uniform or dress exceeded three days' compensation, that the employer should be liable to the employee for the cost of said uniform. The effect of this bill would have been to compel the City to pay for the uniforms of its policemen, firemen, platform men and inspectors of the Municipal Railway, and other City employees required to wear a uniform. As requested by the Board, the bill was amended so as to exclude any person employed by any government unit, body or agency.

Record of Action Taken on Other Measures Affecting San Francisco.

Assembly Bill No. 70, introduced by Mr. Williamson—Provided originally for an increase in the number of Superior Court judges for San Francisco County from 16 to 32. In this form the bill was disapproved

by the Board of Supervisors. It was subsequently amended to provide for an increase of four judges, but as finally passed and sent to the Governor it provided for 18 Superior Court judges, an increase of two.

Assembly Bill No. 94, introduced by San Francisco Assembly Delegation—"Harbor Control Bill." Companion bill to Senate Bill No. 31, introduced by San Francisco Senate Delegation. Provided for the transfer of the control of San Francisco Harbor from the State to the City and County of San Francisco. It was approved by the Board of Supervisors. The bill passed the Assembly but was killed in the Senate by a vote of 19 ayes to 21 noes. While this measure had the earnest and enthusiastic support of the entire San Francisco delegation in the Legislature, it was opposed by the State Board of Harbor Commissioners, the San Francisco Chamber of Commerce and shipping interests. The Governor, in his message to the Legislature at the opening of the session, declared that he was opposed to transferring control of the harbor from the State to the City.

Assembly Bill No. 892, introduced by Mr. Feigenbaum—Granted to the City and County of San Francisco certain State lands heretofore dedicated for park purposes by the Legislature of the State of California, and placed said land under the jurisdiction of the City Park Commission. This bill was approved by the Board of Supervisors, was passed by the Assembly, but its author allowed it to die on the Senate file because of certain legal and technical objections urged by the State Board of Harbor Commissioners. If it had been enacted into law it would have added several additional blocks to the Marina Park.

Assembly Bill No. 918, introduced by Mr. Bishop—Regulated the redemption of property sold to the State for delinquent taxes. This bill was opposed by the State Convention of the County Boards of Supervisors, as well as the State Auditors. At the request of Auditor Boyle, I appeared before the Assembly Committee and urged its defeat. The bill was laid on the table.

Senate Bill No. 86, introduced by Mr. Inman—Provided for the appointment of Court Commissioners by the Superior Court without limit. It gave the Court Commissioners very extensive powers. It was disapproved by the Board of Supervisors. The bill was radically changed so as to provide that the Superior Court could not appoint more than six Court Commissioners, and instead of giving the Court Commissioners extensive powers they are merely authorized to "assist said court in disposing of its business connected with the administration of justice." As amended the bill was passed by the Legislature and sent to the Governor.

Senate Bill No. 112, introduced by Mr. Hurley—Prohibited the employment of aliens on all public work of the State, County and City and County, and defined the term alien as "one who is not a born or fully naturalized citizen of the United States." This bill was approved by the Board of Supervisors. It passed the Senate but was refused passage by the Assembly.

Senate Bill No. 307, introduced by Mr. Canepa—Provided that in any county, or city and county, where voting machines are used, any voter may demand a paper ballot and may register his vote on paper ballot or on voting machine. This bill was approved by the Board of Supervisors, but Registrar J. H. Zemansky opposed the measure and its author permitted it to die in committee.

Senate Bill No. 391, introduced by Mr. Canepa—Provided for a substantial increase in the allowances by the State for the support of orphans, half orphans, etc. This bill was approved by the Board of Supervisors but died in the committee.

Senate Bills Nos. 509 and 510, introduced by Mr. Nelson—Emergency measures recommended by the California Tax Commission and supported by the State Administration.

Senate Bill No. 509 provides for a tax on banks and certain other corporations, based on income, and that in computing the income, interest received on Federal, State and Municipal bonds shall be included therein.

Senate Bill No. 510 relates to the taxation of securities and solvent credits.

Both these bills passed the Legislature early in the session. Senate Bill 509 was approved by the Governor on March 1, 1929, while Senate Bill No. 510 was approved March 2, 1929.

Supervisors Havenner and Marks and Assistant City Attorney Walter Dold appeared at the public hearing before the Legislature and protested against the provision in Senate Bill No. 509 which placed a tax on the income received from Federal, State and Municipal bonds, it being contended that this provision would militate against the marketability of our Municipal bonds, and in addition was a violation of the pledge to those who have purchased these bonds that they are exempt from taxation, thus constituting a breach of contract. The protest of the City's representatives was of no avail. However, it will be of interest to the Board to know that the United States Supreme Court, on last Monday, rendered a decision in the case of Macallen vs. State of Massachusetts, in which it ruled that revenues from tax exempt securities, such as Federal, State and Municipal Government bonds, must be excluded from the net incomes of banks and similar institutions in levying State taxes. The Massachusetts State law taxing banks and corporations is similar to the law just enacted by the State Legislature, and if the decision of the United States Supreme Court stands, it will mean that the contention of San Francisco's representatives has been upheld.

Senate Bill No. 524, introduced by San Francisco Senate Delegation. —"South Basin-South Basin Canal Reclamation District." This bill authorized the establishment of the South Basin-South Basin Canal Reclamation District if and when the property owners representing 51 per cent of the area in the proposed district vote in favor of the creation of the said reclamation district. This bill was approved by the Board of Supervisors, passed the Senate, but was killed in the Assembly Committee on Commerce and Navigation.

Senate Constitutional Amendment No. 18, introduced by Mr. Murphy. —Approved by the Board of Supervisors and adopted by the Legislature. It authorizes the Legislature to provide for the collection by the State Motor Vehicle Department, at the time the registraion fee is paid, of a tax on motor vehicles and trailers which shall be in lieu of all personal property taxes. It authorizes the Legislature to establish the basis and method of fixing the amount of said tax, including the establishment of a minimum and maximum tax. Ninety-five per cent of the taxes so collected is to be paid by the State to the respective county or city and county from which the motor vehicles and trailers are registered, the remaining 4 per cent being allowed to the State Motor Vehicle Department to cover the cost of collection.

(If the people, at the general election to be held in November, 1930, adopt this Constitutional amendment, it will absolutely prevent the escape from taxation of all automobiles which, at the present time, is estimated to amount to about 20 per cent. Senate Bill No. 511, introduced by Senator Nelson, is the temporary relief measure pending the adoption of this Constitutional amendment and the enactment of a new law by the Legislature.

Senate Concurrent Resolution No. 13, introduced by San Francisco Delegation in Senate—Approved all the amendments to the Charter of San Francisco, adopted by the people in November, 1928, with the exception of Amendment No. 29, relating to detective sergeants.

Respectfully submitted,

JOHN W. ROGERS,

Legislative representative, San Francisco Board of Supervisors.

RECESS.

Whereupon the Board at 12 noon took a recess until 2 p. m.

J. S. DUNNIGAN, Clerk.

REASSEMBLED.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, JUNE 24, 1929, 10 A. M.

In Board of Supervisors, San Francisco, Monday, June 24, 1929, 10 a. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, Deasy, Havenner, Kent, Marks, Shannon, Schmidt, Stanton, Suhr, Toner—10.

Absent—Supervisors Andriano, Gallagher, Hayden, McGovern, McSheehy, Powers, Roncovieri, Todd—8.

Supervisor Gallagher was reported in hospital with fracture of ankle. Supervisor Todd reported ill.

Quorum present.

His Honor Mayor Rolph presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the previous meeting was laid over for approval until next meeting.

ROLL CALL FOR PETITIONS.

Relative to Federal Building in Civic Center.

His Honor Mayor Rolph, referring to ordinance presented for his signature providing site for a federal building in the Civic Center, declared that he had taken matter up with Hon. Matt I. Sullivan and that suggestion was made that a provision be inserted that property revert to City if ever it is used for any other purpose.

Bond Issue for Light and Power Systems.

Supervisor Shannon, referring to recent decision on evaluation of the distribution plants of Great Western Power Company and Pacific Gas and Electric Company ($38,000,000 plus $17,500,000), declared that it was the intention of the Public Utilities Committee to bring in a resolution providing for a bond issue at the next general election and by so doing saving approximately $500,000, the cost of the companies' expenses.

Supervisor Havenner declared that he had been advised that it would not be feasible to hold election by next November and Assistant City Attorneys Dion R. Holm and John J. Dailey were requested to attend and explain situation.

Gala Opening of the $5,000,000 Fox Theatre.

His Honor Mayor Rolph called attention to the proposed gala celebration of the opening of the new Fox $5,000,000 theatre on next Friday evening. He declared that it meant much for San Francisco and was the most beautiful theatre in the world. He suggested the appointment of a committee to cooperate in the celebration.

Dr. Thos. E. Greene, Red Cross Service, Presented.

Dr. Thos. E. Greene, representing the National Speaking Service of the American Red Cross, was introduced by his Honor the Mayor and addressed the Board on Red Cross activities.

MAYOR'S VETO.

June 14, 1929.

Honorable Board of Supervisors,
City and County of San Francisco,
City Hall, San Francisco, California.

Gentlemen: I am returning you herewith, without my approval, Resolution No. 30947 (New Series), by reason of protests from various individuals and associations directly concerned who have been very active in sending objections to my office against the granting of this permit to maintain and operate an automobile parking station on the north side of McAllister street, 35 feet east of Hyde street; and for the further reason that there is to be erected in the near future across the street from said proposed parking station a Federal office building, and I do not think we should jeopardize any objections which might be raised by Federal authorities that the parking station, if permitted to go there, was not there when the property was tendered to the Government for the Federal Building thereon.

Permit me to call your attention to the fact that on April 11, 1928, I returned to you a similar resolution, then numbered 28762 (New Series), granting a parking station upon said premises, and the same objection exists today as existed then, and I see no need of disturbing a peaceful neighborhood by the injection therein of a parking station which was disapproved of over a year ago.

Very respectfully yours,
JAMES ROLPH, JR., Mayor.

(Encl. returning Resolution No. 30947, New Series.)

Resolution No. 30947 (New Series):

Resolved, That Mark M. Willever and D. H. Brasfield be and are hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate an automobile parking station on the north side of McAllister street, 35 feet east of Hyde street.

The rights granted under this resolution shall be exercised within six months, otherwise said permit shall become null and void.

Question: Shall the resolution pass notwithstanding the objections of his Honor the Mayor.

Action Deferred.

The following matter was *laid over one week and made a Special Order of Business for* 11 *a. m.*:

SPECIAL ORDER—2:30 P. M.

Denying Hand Laundry Permits.

Resolution No. ———— (New Series), as follows:

Resolved, That, in the exercise of the sound and reasonable discretion of the Board of Supervisors, permission is hereby denied the following persons to maintain and operate hand laundries within the City and County of San Francisco:

Report of Finance Committee on Naming Fiscal Agent in N. Y.

Your Finance Committee, to which was referred Ordinance (herewith set forth in full) designating the Bank of America of New York as the fiscal agent of the City and County of San Francisco in the State of New York, refers same back to the Board, without recommendation, for action by the Board.

Bill No. ————, Ordinance No. ———— (New Series), as follows:

Designating "The Bank of America" of New York as the fiscal agent of the City and County of San Francisco, in the State of New York, for the purpose of providing payment in the City of New York of coupons, for the redemption of bonds of the City and County of San Francisco, and providing for interest on funds on deposit with fiscal agent.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Bank of America of New York, having its principal place of business at 44 Wall street, New York City, State of New York, from and after the date of the passage of this ordinance is hereby designated as the fiscal agent for the City and County of San Francisco in the City of New York.

Section 2. The Treasurer of the City and County of San Francisco shall hereafter deposit with The Bank of America of New York, at least thirty (30) days previous to the periods of payment of interest and principal, a sum sufficient to meet the outstanding obligations of the City and County of San Francisco which shall become due in the said City of New York on the first day of the following month.

Section 3. The said The Bank of America of New York shall act as fiscal agent for the City and County of San Francisco without any expense or charge whatsoever to the said City and County of San Francisco, provided, however, that if a bond should be exacted by the Treasurer of the City and County of San Francisco upon making any deposit with The Bank of America of New York, the premium on said bond shall be paid by the City and County of San Francisco.

Section 4. The designation and appointment of The Bank of America of New York as the fiscal agent of the City and County of San Francisco is made, provided the said fiscal agent shall pay into the Treasury of the City and County of San Francisco, monthly, at the rate of two per cent (2 per cent) per annum on all daily balances of funds deposited with the said fiscal agent.

Section 5. This ordinance shall take effect immediately.

Prohibiting Passenger Motor Vehicles Without Full Liability Insurance.

Bill No. ————, Ordinance No. ———— (New Series), as follows:

Prohibiting the driving and operation of motor vehicles for the carrying of passengers for hire, unless there shall be in full force a policy of liability insurance, or a bond, and providing a penalty for any violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any person, firm or corporation to drive or operate, or permit to be driven or operated, any motor vehicle along or upon any public street or highway in the City and County of San Francisco, State of California, for the carriage of passengers for hire, unless such person, firm or corporation shall have given and there shall be in full force and effect, and on file with, and approved by, the Board of Police Commissioners of said City and County of San Francisco, at all times during which such motor vehicle is being so driven or operated, or permitted to be driven or operated, for each such vehicle, a policy or liability insurance in such form as the Board of Police Commissioners may deem proper, executed by a responsible and solvent corporation authorized to conduct an insurance business under the laws of the State of California and conditioned to indemnify such person, firm or corporation against any judgments which may be rendered against such person, firm or corporation for damages on account of injuries to property or person, including both passengers and the public, occasioned by the operation of any such motor vehicle, in the following sums:

(a) For the injury or death of any one person in any one accident, $5,000.00;

(b) For the injury or death of two or more persons in any one acident, $10,000.00; and in the event any such vehicle shall have a seating capacity of more than seven persons, said policy shall be in the amount of $20,000.00;

(c) For the injury or destruction of property in any one accident, $1,000.00;

No such policy shall be rejected by the Board of Police Commissioners, unless said commission shall in writing assign its reason for such rejection, and no liability insurance corporation shall be rejected as an insurer which is authorized by the State of California to write such policies, provided such authorization has not been revoked.

Section 2. In lieu of the aforesaid policy of liability insurance, such person, firm or corporation may file with, and have approved by, said Board of Police Commissioners a bond in such form as the Board of Police Commissioners may deem proper, executed by a responsible and solvent corporation authorized to conduct a bonding

insurance business under the laws of the State of California, or by two personal securities whose qualifications shall be as hereinafter prescribed, which bond shall be conditioned for the payment of all final judgments which may be rendered against any such person, firm or corporation for damages on account of injuries to property or person, including both passengers and the public, occasioned by the operation of any such motor vehicle within the limits prescribed by paragraphs a, b and c, of Section (1) hereof, and which bond shall be in an amount graduated according to the number of motor vehicles owned or offered for hire according to the following scale:

(a) Where such person, firm or corporation owns or offers for hire only one motor vehicle, said bond shall be in the sum of $10,000.00;

(b) Where such person, firm or corporation owns or offers for hire more than one but less than six motor vehicles, said bond shall be in the sum of $20,000.00;

(c) Where such person, firm or corporation owns or offers for hire more than five but less than eleven motor vehicles, said bond shall be in the sum of $30,000.00;

(d) Where such person, firm or corporation owns or offers for hire more than ten but less than twenty-six motor vehicles, said bond shall be in the sum of $40,000.00;

(e) Where such person, firm or corporation owns or offers for hire more than twenty-five but less than fifty-one motor vehicles, said bond shall be in the sum of $60,000.00;

(f) Where such person, firm or corporation owns or offers for hire fifty or more motor vehicles, said bond shall be in the sum of $100,000.00.

No such bond shall be rejected by the Board of Police Commissioners unless said Commissioners shall in writing assign its reason for such rejection, and no bonding insurance corporation shall be rejected as an insurer which is authorized by the State of California to write such bonds, provided such authorization has not been revoked.

In the event the bond hereinabove provided for is executed by two or more personal sureties, there shall be attached to such bond the statement in writing of each such personal surety, duly sworn to and acknowledged before a notary public, setting forth that he or she owns in fee simple certain described real estate in the City and County of San Francisco, and its location and legal description, together with its assessed value on the roll of the Assessor of the City and County of San Francisco, which assessed value over and above any and all encumbrances, exemptions and claims of every kind and description shall be at least two times the penalty of said bond, and such bond for the full amount thereof shall by its terms be a lien for the benefit of the beneficiary in said bond on such real estate so scheduled, and shall be recorded in the office of the Recorder of the City and County of San Francisco, and said bond shall further provide that suit may be brought in any court of competent jurisdiction upon said bond by any person, firm or corporation suffering any loss or damage as hereinabove set forth. If at any time in the judgment of the Board of Police Commissioners said bond is not sufficient for any cause, said Commissioners may require the owner of such motor vehicle who filed the same to replace said bond with another good and sufficient bond or insurance policy in accordance with the provisions of this ordinance.

Section 3. In the event that such person, firm or corporation files either a policy of insurance or a bond of a corporation authorized to conduct a bonding insurance business under the laws of the State of California, or a personal bond, the said policy or bond shall contain a provision that the same cannot be cancelled by the corporation issuing it, or by the personal sureties thereon, or either of them, without giving thirty (30) days' notice in writing of such cancellation to the Secretary of the Board of Police Commissioners. Before a policy or bond of any insurance corporation shall be accepted by the Board of Police Commissioners there shall be filed with said policy or bond

a receipt of the corporation issuing the same, showing that the premium thereon for at least a period of three (3) months of the term thereof has been fully paid. If at any time said policy of insurance or bond be cancelled by the issuing corporation, or by the personal sureties, or either of them, or the authority of said issuing corporation to do business in the State of California be revoked, it shall be unlawful for any person, firm or corporation to operate such motor vehicle until a bond or insurance policy meeting the requirements of this ordinance shall have been filed with the Board of Police Commissioners.

In the event of the return unsatisfied of any execution issued on any final judgment, or on any judgment from which an appeal may be taken without bond, rendered against any such person, firm or corporation in any suit for damages on account of injury to person or property occasioned by the operation of any such motor vehicle, such person, firm or corporation shall within ten (10) days after the return of such execution unsatisfied (provided said judgment is still unpaid), increase the amount of his policy of insurance or of his bond by the amount of such judgment, and failing so to do shall forthwith cease the operation of motor vehicles in San Francisco until such additional bond or insurance policy is deposited or said judgment is paid.

Section 4. All policies or bonds shall contain a provision for a continuing liability thereunder up to the full amount of the penalty thereof, notwithstanding any recovery thereon.

Section 5. The provisions of this ordinance shall not be applicable to any "jitney bus" as the same is defined by Ordinance No. 3212 (New Series) of the City and County of San Francisco, State of California, approved April 29, 1915, nor to any sightseeing or interurban bus as the same is defined by Ordinance No. 5118 (New Series) of the City and County of San Francisco, State of California, approved April 6, 1920.

Section 6. In the event that any part or provision of this ordinance is unlawful or invalid for any reason whatsoever, said unlawful or invalid provision shall in nowise affect the remaining provisions of this ordinance.

Section 7. Any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine, not to exceed five hundred ($500.00) dollars, or by imprisonment in the county jail for a period not to exceed six months, or by both such fine and imprisonment.

Section 8. This ordinance shall take effect immediately.

Granting Spur Track Permit on Sixteenth Street to Richfield Oil Company of California.

On recommendation of Streets Committee.

Bill No. 8957, Ordinance No. ———— (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to Richfield Oil Company of California, a corporation, to construct, maintain and operate a spur track connecting with Southern Pacific and A. T. & S. F. Railway companies' joint track in Sixteenth street as hereinafter described.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Richfield Oil Company of California, a corporation, to construct, maintain and operate a spur track from the joint track of said Southern Pacific and A. T. & S. F. Railway companies in Sixteenth street, in the City and County of San Francisco, the center line of said proposed track being particularly described as follows:

Beginning at a point in the center line of an existing Southern Pacific Company and Atchison, Topeka & Santa Fe Railway Company joint track in Sixteenth street, distant westerly 110 feet, more or less, from the westerly line of Carolina street, and distant northerly 46.6 feet from the southerly line of Sixteenth street; thence in a southeasterly direction through a switch turnout to the right and curving to the right, crossing Sixteenth street and Carolina street to a point in Carolina street, distant westerly 10 feet from the easterly line of Carolina street, and distant southerly 102 feet, more or less, from the southerly line of Sixteenth street; thence southerly parallel to and distant westerly 10 feet from the easterly line of Carolina street a distance of 198 feet, more or less, to end of track.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided that said spur track shall be laid with girder rail under the supervision and to the lines and grades as furnished by the City Engineer's office and that any and all expense connected with the installation of the track, restoration of the pavement, and any additional requirements for the surface drainage to be paid for by the Richfield Oil Company of California.

Section 2. This ordinance shall take effect immediately.

Granting Spur Track Permit for Southern Pacific Company and Atchison, Topeka and Santa Fe Railway Company on Sixteenth Street.

Retirement of Registrar Harry Zemansky.

Supervisor Colman moved that a time be fixed during the meeting of the Board next Monday to pay our respects to Harry Zemansky, Registrar of Voters, who retired from the City's employ at seventy years of age after a long, efficient and honorable service.

So ordered.

Flag Contest Winners' Reception.

Supervisor Havenner presented:

Resolution No. 31066 (New Series), as follows:

Whereas, Miss Mary McGonigal of Troy, New York, and Robert L. Sullivan of Syracuse, New York, who were selected as the winners of the great Flag Contest of the United States Flag Association from 250,000 youthful contestants, and Miss Alma E. Groves of Byronville, Georgia, and Merle M. Clarke, Sault Ste. Marie, Michigan, the next two highest in the contest, will arrive in San Francisco tomorrow, and on Wednesday and Thursday be the guests of the City;

This patriotic contest sponsored by the Hearst Newspapers aroused nationwide interest, respect and admiration for the flag of our country, and the successful contestants are embarking upon a trip around the world;

Whereas, it is fitting that San Francisco show its appreciation of the efforts of these youths by extending hospitality to them during their short visit; be it

Resolved, by the Board of Supervisors that officials and citizens be requested to cooperate in giving these youths a genuine and hearty San Francisco welcome and godspeed on their tour of good-will.

Further Resolved, That the Stars and Stripes be displayed on public buildings in honor of this occasion.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Havenner, Kent, McGovern, McSheehy, Marks, Schmidt, Shannon, Stanton, Suhr, Toner—13.

Absent—Supervisors Gallagher, Hayden, Powers, Roncovieri, Todd—5.

Report of Fire Committee on Amendment to Fireworks Ordinance.

The following report was read and *adopted*:

June 24, 1929.

Honorable Board of Supervisors.

Gentlemen: The Fire Committee of the Board had before it for consideration at its meeting on Thursday, June 20, 1929, a proposed amendment to Ordinance No. 5443 (New Series), prohibiting the storage, manufacture, sale or discharge of fireworks, firecrackers, torpedos or any similar agency that creates noise or fire within the City and County of San Francisco. This proposed amendment would permit the discharge of various kinds of fireworks.

The committee, upon the advice of Fire Marshal Kelly, Fire Chief Murphy and Captain Trivett of the Fire Prevention Bureau, did not see fit to recommend the adoption of the proposed amendment.

Yours very truly

C. J. DEASY, Chairman;
F. J. McGOVERN.

Proposed Amendment to Fireworks Ordinance.

It is petitioned that the present ordinance now in force in the City of San Francisco, prohibiting the sale and use of fireworks, firecrackers, etc., be amended as follows:

Section 1. Be it ordained that it shall be unlawful for any person, firm or corporation to sell, or cause or permit to be sold, any explosives or fireworks in the City of San Francisco, except the following items: Toy paper cap pistols, toy paper caps, old-style toy torpedos wrapped in tissue paper, commonly known as Japanese torpedos and Bantam torpedos; electric sparklers, 8 to 20 inches in length; colored sparklers, rainbow torches, colored torches, 2 minute to 20 minute; colored dipped sticks, 8 to 17 inches; colored fires in 1c, 5c and 10c packages; colored fires in ¼-pound, ½-pound and 1-pound packages; California handled goods (a fountain held in hand for firing, non-explosive); 5c, 10c and 15c silver Vesuvius fountains; Liberty fountains; lighthouses, miniature house on fire, jumping jacks (wooden toys with paper caps), small canes (25 inches, using paper caps only), harmless serpent hats (producing large snakes), boa constrictors (producing small snakes), 5c and 10c snake nests.

Section 2. Any person, firm or corporation who violates any of the provisions of this amendment is guilty of a misdemeanor, and shall be punished by a fine of not less than twenty-five ($25) dollars or more than one hundred ($100) dollars, or by imprisonment in the County Jail not more than thirty (30) days, or by both such fine and imprisonment.

Section 3. This amendment shall take effect immediately on its adoption.

SPECIAL ORDER—11 A. M.

Public Reception to Registrar Harry Zemansky on Occasion of His Retirement.

The Mayor: I received this communication, gentlemen of the Board, June the 24th: "The Board of Supervisors at its meeting this morning, on motion of Supervisor Colman, fixed the hour of eleven a. m. next Monday, July 1st, as the time when the Board will express to Registrar of Voters Zemansky its appreciation for his many years of faithful and efficient service to the city, its regrets at his retirement, and its best wishes for his continued happiness and success. The Board directed me to invite you to be present on this occasion. Yours very truly, J. S. Dunnigan, Clerk.", to which I sent an immediate communication saying I would be present. In response to that invitation Mr. Harry I. Zemansky is present to receive the plaudits and the encomiums of praise which the Board desired to give him and its determination to show him that honor at eleven o'clock this morning.

It was my pleasure to be present at a reception given in his honor last Saturday morning at eleven o'clock, given by the Board of Election Commissioners to their retiring chief, and I am glad the Board of Supervisors this morning has seen fit to recognize this fine outstanding, sterling public official of this city by giving to him, which we rarely do, a public reception in the chambers of the Board of Supervisors.

If I may be permitted to say a word before Mr. Colman, the mover of the motion, speaks, and with his permission, Mr. Zemansky has been in the employ of the City and County of San Francisco for 47 years. He came to this city when a lad ten years of age, and he entered the Lincoln School, located then at Fifth and Market streets, and he gained his education there, later became a telegraph operator, had several small positions, later joined the employ of the city, and for 47 years he has served the city faithfully and well. At a large gathering on Saturday morning, all the public offices being closed except one representative present in each office to comply with the terms of the Charter by keeping the offices open until twelve o'clock, all the others were present to do honor to this faithful servant of the city. It is a fortunate thing that the pension act went into existence. It is a fortunate thing that so many men who give their lives to the city are not kicked out at the age of seventy, like an old shoe, and cast out upon the streets, looking for employment, at a time in life when very few want to employ a man over seventy years of age. Harry Zemansky is taken care of at half salary for the balance of his life, and he could have been taken care of from the time that he reached the age of 62. Our pension act provides that any employee of the city reaching the age of 62 may voluntarily retire, but at the age of 70 he is compelled to retire on half pay. I have seen many men in the years gone by—and women, too—I have seen many men with sunburned coats and trousers all frayed at the bottom, I have seen pants that were so shiny that you could see yourself in them. And I have seen good and faithful servants, working for municipalities and in public offices, that, just as soon as they have turned a certain age and give as a reference that they have been employed by

a city, there are very few institutions want to employ them. Thank goodness, through the generosity of the hearts of the people of this city, everyone who works for the city, except an elected official, at the age of 62 may retire and get back all the money that they put in, plus the interest that they put in monthly to keep the pension fund going, and that all goes back plus the interest at four or four and a quarter per cent, and a pension for the balance of his or her life at half pay. So when you gather this morning to do honor to Harry Zemansky you do honor to one of yourselves. You set an example to all who make up a mighty city, that those who work for the city are not neglected at the time of life when they ought to be taken care of, as private institutions do. There is hardly a private institution in existence today that does not have the pension plan or the old-age plan, or that do not take care of those who need something after faithful years of service.

There has never been a blemish on the character of Harry I. Zemansky. There has never been a word of criticism against Harry I. Zemansky. Harry Zemansky has taken care of one of the most important departments of our government—honest elections, the free and untrammeled ballot. No stuffed ballots, no running away with ballot boxes and dumping them down the sewer or dumping them in the bay so that an honest election cannot be had. This is honor to the highest degree. And he comes here this morning to receive from you those words of praise that he is justly entitled to. And fortunately for him a fine firm here, Schwabacher-Frey & Co., have grabbed his services, even though he is 70 years of age. He is physically fit in every particular. There is nothing the matter with him. They want the brains of a tried and true official—a man who has his head on his shoulders and is always ballasted to the perfect degree of the Plimsoll mark at all times. And Schwabacher-Frey have taken him into their office in an executive position where he will handle all the stationery that comes out from that big firm and see that it is in proper shape.

As the Mayor, of course, I join with the Board in paying our tribute of commendation and thanks and praise to this good public official, and I hope that he will live long to enjoy the thanks and gratefulness of a fine people. If you will just show them how and tell them what to do, Harry, as you go along through life, they will shake you by the hand and thank you, but somebody has to tell them that you are Harry I. Zemansky, because as you grow older your appearance changes. The boys of yesterday are the men of today. And it is pretty hard to keep track of them because their mustaches change and their hair turns gray, and their appearance changes, but when they know it is Harry Zemansky walking along the street everybody in San Francisco will thank you for the fine service you have rendered San Francisco, because San Francisco is a city with a heart, if they just know how and are told and are reminded that you are Harry Zemansky. And we are going to let everybody know as long as you live that you are Harry Zemansky, so that we can thank you for 47 years of faithful service to the city. Mr. Colman, the mover of the motion, the floor is yours.

Supervisor Colman: Mr. Mayor and fellow members of the Board and fellow citizens: I feel very highly honored at having the opportunity of paying honor to our retiring registrar. It is with a feeling of regret, too, that we realize that the city will lose such sterling services. The greatest right given to us by our government is the right of free suffrage, the right to cast our ballots for the election of our public officials and the right to express ourselves on important public questions. And this right has been sacredly guarded during your connection with the registrar's office, and as the performer of such a sterling service you are entitled to the everlasting gratitude of the people of San Francisco. As the Mayor said, in all your term of office never has there been one word of criticism, or one word of suspicion cast against the honesty and efficient conduct of your office. And, too,

the people have grown to rely upon you for expert knowledge in all matters pertaining to votes. You tell us ahead how many votes will be cast. And on every occasion it comes out very, very close. And also during the stress of elections, when you see a cross section of the votes, the first few precincts having come in, you unerringly will tell us that we have been elected or that we have not been. I have had two such experiences with you, and I am happy to say that in both of those experiences your answer was the former. So I know that I speak, not only for the Board, but for all the people of San Francisco. We are sorry to lose your services. We thank you for all that you have done and we wish you many years of good health and happiness and prosperity. (Applause.)

Supervisor McSheehy: Mr. Mayor.

The Mayor: Mr. McSheehy.

Supervisor McSheehy: I would not be fair to myself, with your Honor, or our honored guest, or this Board if I did not say a word here today in reference to Harry Zemansky. It is just about 28 years ago when I took the first city contract. That contract was in the registrar's office. I was an unsophisticated young contractor at that time. Mr. Zemansky was assistant registrar, and I will never forget the way he helped me to execute that contract and to complete it, and the courtesies that he extended to me. They have lived from that day to this. I had the pleasure of attending the ceremony in the rotunda here last Saturday, and I am more than pleased to say a few words in reference to Harry Zemansky today. Character stands out in that man in every manner and form. He has a real honest-to-God feeling for his fellow man, and he has treated his fellow man alike, Jew or Gentile they all look alike to Harry Zemansky. Now, I have had about as much political dealings with the registrar's office as any man on this Board. I have tasted defeat and I have tasted triumph and I know what both mean. And I can remember well when I ran for a certain public office here, when some of my friends felt that perhaps the count was not what it ought to be, and that this might have happened and that might have happened. But I want to say to you, your Honor—and, by the way, I was a candidate against you—that I could not find one iota that would allow me to say one word against the count as given to me as a candidate for the office that you now occupy, through the registrar's office—not one word. And I told those who brought various stories to me that they were not substantiated. And I never forgot that there was a man at the helm who, to my positive knowledge, had everything that I would like to have as a man, and who did everything that one should do for his fellow men. And we are losing a man as our registrar that it will be hard to duplicate because he possesses so many qualifications that so few of us possess. And I say to you, Mr. Zemansky, I wish you a long life and happiness, and no matter what line of endeavor you are going into, I know you are going to be successful, because you are positively and fundamentally right. (Applause.)

The Mayor: Would any other member of the Board like to honor this occasion? Mr. Marks.

Supervisor Marks: Mr. Mayor and Mr. Zemansky: I think the Mayor has very aptly expressed what has characterized Mr. Zemansky's conduct of office for many years past when he says that there has never been a blot upon his record, nor has there been a criticism of the honesty of Harry Zemansky in office. I think there is something in addition to that, too, Mr. Mayor, and that is that not only have the people of San Francisco taken Mr. Zemansky as an authority on election matters, but the people of the State of California have looked to him largely with respect to legislation affecting electoral procedure. I think there has never been a session of the State Legislature for years past in which amendments to the election law and changes of procedure have not been largely referred to Harry Zemansky by the

election officials of the entire State, and in which they have not largely deferred to his judgment and his experience. So he has become, in a sense, a symbol throughout California for intelligent and for honest and efficient conduct of elections. There is something besides that, too, I think, Mr. Mayor, and that is this, that he has preserved a balance, in times of stress, in the occupancy of his office. The nature of his work has not been such that he could take it leisurely through the year, that he could apportion his work throughout the twelve months, doing a little of it each day. His work has come largely in concentrated form, either in the stress of registration or in the stress of election, and in those critical times when a less experienced man might lose his balance and might permit certain irregularities to creep into procedure, Harry Zemansky has kept that balance. I think this is something for which he will be remembered by the people of San Francisco. And despite the fact that he has reached the alloted period prescribed, at least theoretically, by biblical citation, I think there is before him many years of usefulness, and that his memory will live with the people of San Francisco. He will not speedily be forgotten, but he will be remembered for placing our electoral system upon a sound and efficient and intelligent and honorable basis. (Applause.)

The Mayor: Is there any other member of the Board who would like to honor this occasion?

Supervisor Suhr: I want to just echo the sentiment expressed by the different speakers and say a word to our good friend, Harry Zemansky, and wish him good luck. (Applause.)

The Mayor: Any other member of the Board like to be heard? Is there any citizen present this morning who would like to say a word? Mr. Calish.

Mr. John Calish: Mr. Mayor, gentlemen of the Board and Harry Zemansky: I had the pleasure, 40 years ago, to be appointed a deputy registrar, through the instrumentality of Governor Henry H. Markham. Those were the days when the Governor appointed the registrar—40 years ago today. I knew Mr. Zemansky longer than that. He has been one of the outstanding officials in San Francisco for 50 years, longer than 47, because he was in the public service before that. It has been well said by all you gentlemen, not a word has been said against the character, the integrity or the ability of Harry Zemansky as the registrar of San Francisco. I consider the office of registrar one of the most important offices that we have in San Francisco, or any other city. There is more personal responsibility resting upon the registrar than on any other of the officials. He must use his brains. During all the time he has shown an ability that, if his successor will carry on in the same manner, he will also attain eminence.

I understand, Mr. Zemansky, that you are going to travel. I imagine that you will go to New York where you were born. You will go into the little city of Utica where you were born, and when you are in Utica—and I hope you will be fortified before you go with the attestation of the Mayor and the Board of Supervisors and with a document—because of your long standing in public life you will visit public places where you have your thoughts constantly. And so when you go into the little town of Utica, and you go to the City Hall, which you naturally will do, you will be fortified with a document that will give you an entree coming from San Francisco. It is a long time since you were in Utica. The old Croton Water Works dam will surprise you when you see it, starting, as it did, up there in Utica. And I want to see you fortified so that, in the last days of your life, you will always be an admitted person wherever you are, through the attestation of the people of San Francisco, under whom you have served so well. And I hope that you will live to return here a healthier and happier man than you are today, and with that you have our best wishes. (Applause.)

Supervisor Colman: Mr. Mayor, might I move that your remarks and the remarks of the other speakers be suitably engrossed and a copy of them given to the registrar.

Supervisor McSheehy: I would like to second that.

Supervisor Schmidt: Second the motion.

The Mayor: All in favor will please say aye.

(Ayes) Contrary minded. The ayes have it and it is so ordered.

Before presenting Mr. Zemansky, who I am sure will say a few words, he is very modest about the vacation that he is going to take. He has never been in the mighty city of Los Angeles, and he is going to take his automobile and drive down to see Los Angeles.

Supervisor Colman: And Hollywood.

The Mayor: And Hollywood. He told me the other day that he thought as long as he was that far that he would take a few days longer and get a horse and buggy and go from Los Angeles down to Tia Juana. It is a good thing for him to get away and see some other part of the world.

Mr. Zemansky, if you feel like saying a word this morning the Board would be very happy to have you do so. (Applause.)

Mr. Zemansky: Mr. Mayor, members of the Board of Supervisors and friends: I have just about run out of speeches. I have been doing this for two weeks. What strikes me this morning is this, and I want to say, at the outset, that I thank the Mayor and the Board of Supervisors and all my friends that have been wining and dining me for ten days. I am not in yet. I have been treated royally. I do not know why. I tried to do my duty, and I did it the best I knew how. The one thought that struck me this morning was this, and I would like to get it out of my stomach or my head, I do not know which is the right place, but it is this, that most of the men who run for public office are poor sports. Those who succeed, Zemansky is a fine fellow, he runs his office fine, it is efficient, it is everything that could be said about it. The poor loser, Zemansky is no good, his office is run improperly and his machines have been tampered with. So you see I find the successful ones are all right and the unsuccessful ones are all wrong. Most of the unsuccessful ones are poor sports. Even those who win sometimes are poor sports because they are only glad because they succeeded. In one election held during 1927 the defeated candidate at that time came to me, about 24 hours after the election. I only get about eight hours after the election, after I get home and sometimes that is Thursday or Friday. Tuesday is election. He said to me, "Zemansky, I am satisfied that everything was all right, all this talk is all bunk." Less than twenty-four hours later he came to me and he said, "Everything is all wrong" and he made arrangements with me to examine the voting machines. I had already broken my foot and I was in a wheel chair at the time. Some of them thought I was all in, but I was not, I am here today. He took three automobile mechanics. And, by the way, four other gentlemen—I do not think that is a good name for them, I think they ought to be called "burglars"—came with him. He did not claim that they came with him but they were there. And the burglars used every device that was possible, razor blades, piano wires, screw drivers and every instrument that was possible to use, and after working for one hour on those machines they were unable to do anything with them. And others are here to testify to that fact. He promised the press that he would make a written statement. For one year and a half, up to this date, he has never made that statement to the press. The mechanics were fine young men. They spent about three hours on the machines and they told me that it was a wonderful piece of mechanism. They tried to engage a lock and when they did other locks took its place. He never made any statement to me of the result but the mechanics did.

It is a most wonderful machine. It is the only way to vote, gentlemen, it is clean, it is honest and it is rapid in giving results. The pub-

lic are entitled to get the results as soon as possible after the election. And it was my endeavor all the time to get to the public through the press returns as soon as possible.

San Francisco is the example for a great many cities in the United States. They are following our methods. Only a short while ago Cincinnati would have liked to have adopted the count that we had at the Auditorium. I recommended to them that it was not a success and they did not adopt it. They are adopting our sponsor system. And that reminds me of the sponsor system, Judge Waste, Judge Wilbur and myself went to Sacramento about three days before the closing of the session to put over the sponsor bill. It had been defeated in the committee up to that time. When we went there the Legislature was against us, both the lower house and the upper house, but before six o'clock that night we had that bill passed, not my influence, it was Judge Waste and Judge Wilbur, both of them sitting on the Supreme Court, and they put that over by six o'clock. I took Judge Wilbur's ticket home because we just shifted, and he stayed there all night and prepared an amendment to the bill so it would be in the hands of the Governor before morning. We put that over. It is now adopted by the State and it is being adopted throughout the United States. Sponsoring is an easy method of nomination, a clean method, not the old method of paying ten cents a name and getting all of the City Hall employees to sign a petition, or going out to the almshouse or some of the fire departments. It was all bunk. In some cases it used to cost some of the candidates seventy-five to one hundred and fifty dollars for a small petition. Now it does not cost him anything, and he gets representative men and women friends to sign his petition.

Now, I am not going to keep you. I have engagements right up to almost midnight, and I am going to that city of Los Angeles that the Mayor says I am going to. And after he joked me about it, I have extended it to Mexico. They say there is something down there worth seeing or worth engaging in someway, either at the table or otherwise, and I am going there.

As to my new employers, I did not seek this employment. Five years ago they offered me employment. I refused the employment because I was under the retirement system here, and while I was paying a very heavy penalty to them—I was paying the heaviest penalty of anybody in the city, I was paying $30 a month, a very heavy penalty for an insurance of that kind. I stuck with it and refused the employment. About six weeks ago or two months ago they sent for me again and made me the same offer. After thinking it over for twenty-four hours, I went back and said, "Now, Jim, I want to go away." And this is their answer: "You can go to hell and when you come back we want you." So there was nothing else for me to do but to accept it. I am going there after I come back and I am going to work. I am really going to work when I come back. As one of the Supervisors said, "I concentrated all my efforts around election time." I want to say that is the impression that a great many men have, and that is that they call an election, Zemansky holds it and it is all over and there is not much to do. I tell you there is a lot of work to do. It takes us six months to get ready for any ordinary election. Of course, we do not employ a large number of people until the close and until we are cleaning up. And some people say to me, "Zemansky, I do not understand how you get all those machines out, there does not seem to be any fuss." It is the organization we have. We have a very efficient organization in the registrar's office. I want to compliment all the boys. Some of them have been with me almost thirty years. Two or three of them in a very short time will follow me in retirement. And they are all efficient, some a little better than others because of their longer experience and their training.

Now, I want to close because I got up very early this morning and I am getting hungry and I have an engagement, and I want to say I

thank you from the bottom of my heart, Mr. Mayor and members of the Board, I thank you. (Applause.)

The Mayor: I want to make clear a statement which Mr. Zemansky made that he had been assessed a penalty of thirty dollars a month. Now, he was not assessed any penalty. He could have voluntarily taken that money any time he wanted, plus interest. He is going to draw the $30 a month, every nickel of it, that he put in, plus interest. He draws out now over $4,000 in cash and he gets half pay for the balance of his life. We have got a pension board and a retirement fund, not even second to any life insurance company in the United States. And as the city grows older it will be one of the most powerful insurance companies in the United States, the pension fund and the retirement system of the employees of the City and County of San Francisco.

Mr. Zemansky: The best one in the United States.
